**Tips from a Former Smoker – 08/26/15 - TFN**

:60 spot Tiffany talks about losing her mother who was a smoker and died when Tiffany was 16 years old. Tiffany decided to quit smoking in 2012 when her own daughter turned 16. She started reading about how to quit smoking. She set a quit date. Threw out lighter, matches, and ashtrays. She began exercising more. I'd still get cravings, especially on long car rides. I put a picture of my mother in my car. It reminds me about my daughter 1-800-QUIT-NOW. [www.cdc.gov/Tips](http://www.cdc.gov/Tips)

### **Make the Connection – Veterans Affairs 03/12/14 – TFN**

:60 spot I joined the military because I wanted to contribute to something bigger than myself. After a while it takes a toll. I was counting the days until I came home to my family. At first it was good to be home. Then I realized things were different, I was different. I had trouble focusing and relating to things the way that I used to. A buddy noticed and told me that there are resources out there for Veterans. I found resources that helped and connected with other Veterans with similar experiences. Once I made connections things started to turn around. Find resources and support at [maketheconnection.net](http://maketheconnection.net). U.S. Dept. of Veterans Affairs.

### **Kidney Disease – 03/21/16 - TFN**

:60 spot There is a progressive and potentially fatal health condition that effects one in seven American adults, and causes more deaths annually than either breast cancer or prostate cancer. One third of Americans are at risk of developing this disease, and yet the symptoms are so difficult to detect that most people don't even know they have it until they become critically ill and require emergency medical intervention. Can you guess what it is? It's chronic kidney disease, a preventable and treatable condition that takes a terrible toll on overall health and quality of life for millions of Americans.

Our kidneys play a vital role in keeping us healthy and ensuring our bodies work properly. Their primary function is to filter wastes and extra water out of our blood to make urine. Our kidneys also help control blood pressure, maintain healthy bones and make red blood cells. When someone develops kidney disease, their kidneys stop functioning properly which can lead to serious health issues and even death.

Now, Optum created this public service campaign to join the National Kidney Foundation and health advocates around the country in raising awareness about the prevalence, prevention, and treatment of kidney disease. The PSA helps listeners understand what kidney disease is, who is at risk for developing it, and what they can do to avoid serious kidney health issues. It also shares simple steps everyone can take to help prevent or slow the progress of kidney disease, and how to spot the signs that someone may need to seek care for a kidney health issue.

**Protect Your Everyday – 02/10/16 – TFN**

:60 spot I'm a fire fighter, a teacher, a barber, a farmer, a mom. We are part of your everyday life. It's the moment you experience uncertainty. Something or someone's behavior doesn't seem quite right. These are the moments to take a pause. If something doesn't feel right it probably isn't. It's not about being afraid or paranoid. It's about standing up to protect our community one detail at a time. A lot of little details can become a pattern. We should trust our instincts just like you should. Only you know what's not supposed to be in your everyday. If you see something, say something to authorities. Hepatitis C is a serious liver disease that causes health problems, including liver damage, cirrhosis and even liver cancer. People born from 1945 – 1965 are five times more likely to have Hepatitis C. That's why the CDC launched the Know More Hepatitis campaign to encourage anyone born during these years to get tested for Hepatitis C. **Learning & Attention Issues – 2 Sides – 02/09/18 – 10/28/18**

:60 spot 15 million children ages 3-20, or 1 of every 5 kids in the U.S. class have learning and attention issues and many may never receive a formal diagnosis. In the classroom, these students can appear distracted, disengaged, or even disrespectful, leading to misperception that they lack interest, motivation, discipline or intelligence. If adults could see school through the child's eyes, they'd see the confusion, frustration, and isolation that comes with their struggle to learn. With the right support from parents, educators, and the community, kids with learning and attention issues can thrive academically, socially, and emotionally. They have the same

potential for success as their peers. A new PSA campaign helps parents understand the two sides of learning and attention issues, driving them to Understood.org for resources to foster support and success in school and life.

### **Caregiver Assistance - Are we there yet? 02/09/18 – 11/09/18**

:60 spot Family support is critical to the care needed for older adults as they age, but often comes at substantial costs to those providing the care and to their families. According to the "Caregiving in the U.S." report, in 2009, there were roughly 40 million caregivers in the U.S., providing an estimated \$450 billion worth of unpaid care to aging relatives and friends. A popular misconception is that caregivers are paid medical professionals, when in reality, most caregivers are family members or friends who are also working and managing their own families at the same time. For many, the caregiving role starts with simple things like scheduling a doctor's visit, but gradually expands until it becomes a major commitment in their lives. In recognition of the essential role care givers play, the PSAs depict the circle of life and how roles change often without us even noticing.

**MS – Together we are Stronger – May 18, 2016 – TFN**

:60 spot Sharing has never meant as much as it does now. We share the things we love most in life for the world to see. What if we could do more with our sharing than just collect likes? What if the sharing could be used to make a difference? Now there's a place where we can put all that sharing to good use. The National MS Society is asking people to make a difference and share with someone else whatever is important to you. We've created a place that will help you get your experience out to the world. If you have a story, share it. If you have a solution, share it too. [www.wearestrongtogetherms.org](http://www.wearestrongtogetherms.org)

**Wildfire Prevention – 02/09/18 – 08/08/18**

:60 spot For over 70 years, Smokey Bear has been protecting our forests and getting the word out about wildfire prevention. His powerful message, "Only you can prevent wildfires," is at the heart of one of America's most successful PSA campaigns. While Smokey has been influential in reducing wildfires since his 1944 debut, uncontrolled fires still scorch an average of 6.7 million acres of land each year. Nearly 9 out of 10 of these blazes nationwide are caused by people which means nearly 9 out of 10 nationwide are also preventable. PSAs aim to lower that statistic by reminding nature enthusiasts to safely use and extinguish outdoor fires. The campaign rewards those who take the proper action and use fire responsibly with a bear hug.

**High Blood Pressure Numbers – 02/09/18 – 10/18/18**

:60 spot About 85 million Americans (1 in 3 adults over age 20) have high blood pressure, but only half of those individuals have their condition under control. Uncontrolled high blood pressure can lead to heart failure, heart attack, stroke, vision loss, kidney disease, and even death. However,

people with high blood pressure can create a treatment plan with their doctor that can help reduce their risk for heart attack, stroke, and other related health issues. While most people know their blood pressure numbers, many don't follow their high blood pressure treatment plan because they feel fine and don't notice any symptoms. Their numbers are not tangible or urgent. The campaign encourages people to talk with their doctor to create or evolve a treatment plan and visit [LowerYourHBP.org](http://LowerYourHBP.org) to learn more about high blood pressure.

### **Child Passenger Safety – the Right Seat – 02/09/18 – 09/10/18**

:60 spot Motor vehicle crashes are a leading cause of death for children age 1 through 12 years-old. Based on 2012 NHTSA crash data, each day an average of almost 2 children (age 12 and younger in a passenger vehicle) were killed and 332 injured. This fatality rate could be reduced by about half if the correct child safety seat were always used. Through market research we've found that audiences are overconfident and think their kids are safe in the car. Parents constantly worry about their children's safety, yet car crashes aren't even on their radar as a real danger. New PSAs released in 2012 use anecdotal humor to show how parents today

like to be up on the latest facts about their children, but many times forget about car seat safety. The PSAs encourage parents and caregivers with children ages 0-12 to visit **[safercar.gov/therightseat](http://safercar.gov/therightseat)**. The website helps parents find the right car seat for their child's age and size and also features NHTSA's best practices.

**CASA San Antonio – 07/23/18-08/26/18**

:30 spot – CASA Advocates serve as emotional support and a familiar face to children who face many traumatic changes in their life. CASA is really making a difference one volunteer at a time, one child at a time.

A child with a CASA Volunteer is:

1. Half as likely to re-enter foster care
2. Substantially less likely to spend time in long-term foster care
3. More likely to do better in school (pass course, less likely to have poor conduct, and less likely to be expelled)
4. More likely to find a safe, permanent home 8 months faster than a child without a Casa Volunteer.

### **Add Water World Vision – 04/26/17 – TFN**

:30 spot 5 year old Cheru has no choice. She, and millions like her, must walk miles every day for dirty water. But together, we can end their walk... by providing clean water, close by.

More than 660 million people around the world don't have access to clean water, and nearly 1,000 children die each day because of diarrhea caused by dirty water, poor sanitation, and unsafe hygiene.

World Vision's concern for their plight is so deep that we're now reaching one new person with clean water every 10 seconds. As the world's largest nongovernmental provider of clean water in the developing world, we are committed to reaching everyone everywhere we work by 2030.

### **Emergency Preparedness – Floods – 02/09/18 – 09/01/18**

:30 spot The Ready PSA campaign from FEMA is designed to prepare American families for an effective response to whatever natural or man-made disaster may come next. While the country has experienced recent devastating natural disasters, such as earthquakes, wildfires, tornados and hurricanes, only 20% of Americans say they feel very prepared for a disaster. Yet 64% of Americans say disaster preparation is very important for people to do. The Ready campaign's resources can help close that gap. The PSA message—"Don't Wait. Communicate."— encourages Americans to talk to their loved ones and make a plan that's shared with all family members. The campaign also encourages Americans to be informed and build a kit with essential supplies that will last up to 72 hours. PSAs urge every American to visit [Ready.gov](http://Ready.gov) and learn how to make their emergency plan today.

### **Texting & Driving – Look Down 04/01/18 – 09/27/18**

:30 spot Although most people agree that looking at a phone while driving is distracting and can increase the chance of an accident, a lot of drivers still think "it can't happen to me." That means drivers in your community are posting, liking, commenting and browsing while they are behind the wheel even though they know it's a bad idea. In fact, 25% of teens respond to a text message once or more every time they drive. No matter how confident a person is in their driving skills, there are not special abilities that make it safe to use a phone while driving. New PSA's aim to remind young adults 16-34 that being special in all other aspects of their lives does not make them special enough to text and drive.

Mission Possible 360

Pastor Jimmy Robles is taking time off and Sal Mendez is host. Guest is John Vacca, executive director of “Mission Possible 360”.

John is an ex- convict who was transformed 23 years ago to help young men not into the criminal justice system. It is hard to reach these youth and they need: 1. Discover who they are, 2. Heal themselves, many are witnesses of trauma and violence, 3. Create a career plan and to 4. Dream again. They become productive citizens and are employed and involved in their community.

**Ministry Matters – 28:00 minutes – Saturday 1:00 p.m. & 8:30 p.m. – 08/04/18**

Host: Randy Garcia and Guest: Joan Courtney, founder and director of Women's Prayer International.

What is it? "Sisters in Christ uniting one time a month for one hour to pray for the transformation of our city or country for Christ." She noted that every time there has been a revival, there has been prayer first! We are a church family from different churches and cultures uniting together. We pray in one accord. She has found we have lost some of that prayer over the years and the children may be confused. We believe Christ came, died, rose again for our salvation if we believe.

She began her Lighthouse of Prayer ministry over 20 years ago. They began as a small group of women praying for their neighbors. They cover 7 spheres of society. She sends out prayer topics quarterly to the groups. They each need a Prayer Guide (along with the Holy Spirit) and a home hostess. They invite other women to pray with them. Their coming event is Sept. 21, the 21<sup>st</sup> dinner event. Pastor Les Holland will be speaker. It will be at Tri-point Event center, 3233 N. St Mary and 281 at 7 pm. The theme will be western with barbeque meal. Tickets are \$40 or a table of 8, \$310. They can be bought online at WP.org or send check to WPI, 8023 Vantage

Rd, Suite 200, SA 78230. Deadline is Sept 6 for purchase. Men are invited and Pastor Randy will be the speaker. Joan will cast the vision. All are invited. God always has a remnant to pray but she is seeing some division in our prayer groups. She prays for unity. She started in 1997 when she was involved in prayer for the Billy Graham crusade. This evolved to WPI. And Lighthouse of prayer. We need to pray in our churches and reach out to others to pray. She closed in prayer for the city and spiritual revival.

Randy gave information about a coming "Carmen" concert, Oct. 12 at Fortress church. He played a skit about giving and a promotion of Adult Teen Challenge, SA. It is for men and women and number is 210 624 2075 or you can sponsor a student for \$35 a month. 210 913 4181 or TCtexas.org.

**Ministry Matters – 28:00 minutes – Saturday 1:00 p.m. & 8:30 p.m. – 08/18/18**

This is a Podcast, "Lead at Home", by Randy Sean Garcia and wife Celina as host with his father Pastor Randy Garcia as guest.

Winners learn from failure and teach their children to take ownership, make sacrifices and lead with legacy. "Lead at home, win at life." Pastor Randy has experience in raising children in today's society and has a weekly program on KDRY. He gives Biblical keys to raising children. We all make mistakes but we should be learning still.

Randy teaches from Proverbs 22:6, "Train up a child in the way he should go and he will not depart from it." Everyone parents differently and kids say, "It isn't fair." Since they are all different we need to look for their strengths. He used the acronym BENT. (as in a bow).

B. Be aware on how god designed each child, the activities to do and self-awareness assessments. Each evening Randy did that with his 3 children. He gave them gifts according to the gifts they had. They built a house and the children wanted upstairs bedroom and he downstairs. They loved sports especially basketball and there is a concrete slab in 90% of their yard. (Less grass to cut!)

E. Encourage with both words and actions. There are two kinds of actions, accidents and purposely doing something wrong. Accidents happen but he cannot accept wrong doing. The senior Garcia's favorite words to the family, "I'm proud of you." He even wrote out a blessing for each of them personally. Randy Jr. talked of doing it for his daughter and reminding her, "I am His."

N. Nurture. We are not called to be a best friend but a nurturer. Even though he is task oriented, he has become more intentional with his family. Most women find that easier, "Grace based Parenting. Marriage is not always, "Thrills and kisses but can be Bills and Issues." We need to prioritize to get the family to do what they need to do. James Dobson said, "Children are loaned to us temporarily to love and instill a foundation of value." He spells love, TIME.

T. Turn negative into positive. Everyone has challenges. He told a story of a boy who wanted to play football but didn't excel. He began to study music and became accomplished in that. We all have a choice and have blessings in disguise. It's all found in the Bible. Randall wants to speak life into his Podcasts.

### **Impact Radio – 28:00 minutes – Sunday 2:30 p.m. – 08/05/18**

The Lugos want to honor small businesses and they should not be just for finances. We have passion to help do what we love to do. The profits are the "icing". God gave us many talents and we can serve our community and make some money for the family. God will provide what is needed. She has a FB page, Facebook/nataliesfaithcakes. She asked that you order them ahead, 2 days for plain cakes and 2 weeks for more designed cakes. She has 10-15 flavors and is willing to try others. Natalie closed in prayer.

Mark encourages you to step out in faith. Do what god has put in your heart. Love what you do.

Hosts: Veronica and Mark Lugo. Guests are small business owners and today is Natalie Garozales. She launched her business about 2 years ago. "Natalie's Faith Cakes". Before her last child was born she became a stay at home mom. She had been buying cupcakes and wanted to try

some new icings. She experimented for one of her son's birthday. It was suggested by someone that she make them and sell them. It was a way for a stay at home mom to contribute to finances.

Her husband suggested it and even bought her business cards and some supplies. Moms at home do work! She has 2 sons and a daughter. Mark and Veronica only have boys. Often work is hard but very important. Her kids began to go to public schools and she was not pleased at exposing them to their own phones and social media. She prayed first and her friends helped her with the name of the business.

She used the verse: Luke 11:37. "Faith doesn't make it easy but makes things possible." She tries to do the work while her children are sleeping, and she dedicates her business to the Lord. Veronica feels she is not the least bit artistic. Mark works out his frustrations by watching "Braveheart" and eating ice cream. He quoted Proverbs: 31: 31. Give her the reward she has earned, and let her works bring her praise at the city gate.

### **Impact Radio – 28:00 minutes – Sunday 2:30 p.m. – 08/12/18**

Host is Mark Lugo who is interviewing his wife, Veronica Lugo. They are on 2 times a week.

Veronica is a homemaker and stay at home mom to 2 boys. She is currently working to sell "Vero inspired jewelry by Papparatzi." She was a teacher at a Christian School previously and currently a home school teacher for 5 years. Mark believes that husbands should support their wives in business, even if it fails. By doing this she is more involved in Mark Lugo ministries. She was previously known as a pastor's daughter and Mark Lugo's wife.

She attended a conference and heard a speaker talk about jewelry that sells for \$5.00. She wondered if she could start and bought a few of the pieces. It could help in the ministry with the jewelry as a tool. Mark feels many women are told by social media who they are and have a low self-worth. The media shouldn't determine our worth.

She likes the writer, Lisa Bevore and especially a book called, "Without Rival." There are too many comparisons of women but you are who God made you, unique and we shouldn't try to look like someone else.

Veronica is a loud, outgoing person and tried not to be. That shouldn't be. None of us should put ourselves down. We should try new things and even if we fail, we can try again and he cited many important people who did fail first.

Her page is: Facebook/veroinspiredjewelry. You can order direct from her or on line. There is a shipping charge if on line. Most is \$5, children, \$1 and a few higher priced items. Veronica closed in prayer.

### **Impact Radio – 28:00 minutes – Sunday 2:30 p.m. – 08/19/18**

Hosts: Mark and Veronica Lugo. Guest: Lauren Minty of "Madhouse Domain". MAD stands for "Ministry Advocate Dramatized".

MAD uses the arts, music, acting, dance, poetry and arts. to empower and inspire people to share their own personal story. She is 23 years old and when she was at Oral Roberts University in OK she wrote a senior paper that she asked God to help her right. It was, "Law enforcement and minority communities" and it was at the time of the shooting of a black man by a white police officer. She was writing a solution to a problem no one knew existed. When the work got out she began to be on talk shows and an advocate of public speaking.

Her role is president and founder of the group and she is "in charge" of most everything. She wants to reach children who love art.

She has three programs. 1. Remnants for millennials and young adults across TX and the country. 2. Live performances with drama to schools and bring the message through arts. 3. Story art with testimonies. They are non-profit and reach people 10+ years and up. Many do not know the situations 10 year olds face and they need help. Her brother died a sudden death 10 years so she knows the need for help in coping. Many children are depressed, suicidal with many different questions. Expressing things through arts is often not done.

Info at Facebook, Instagram@madhouse domain, madhousedomain. Com and her email, [Lauren@madhousedomain.com](mailto:Lauren@madhousedomain.com). She can be booked for small groups and whoever needs her. She recently did a movement called, "We are pretty" and is working on an event in Ohio with her mom. She spoke of Emma Fay Redkin who is deaf and presented "Age of Silence" to women. Her goal is to empower women through the arts. There is also an every Friday meeting called Remnant. Go to Instagram for details. She closed in prayer and Mark encouraged people to download his podcast.

### **Impact Radio – 28:00 minutes – Sunday 2:30 p.m. – 08/26/18**

Hosts: Mark and Veronica Lugo of marklugoministries.org. They help to build strong families in Jesus. Their phone is: 210 987 9333. They thanked KDRY and their audience and can be heard on Sundays at 2:30 and 10 pm. They can also be reached in several other social media: Spotify, anchor, and IPod, Podcasts and you can see past programs as well.

Joshua Young is their guest: He calls himself a "Poetic Abolitionist". He is an author of a book, "Bring My Soul Out of Prison: Soul of Anguish Released." An abolitionist is one who seeks to abolish all kinds of slavery, through the gift of greater communication: free the mind and the body will follow.

He was born in CA but grew up in SA. In high school he hated Reading, History and Writing! His idea for the book came from a dream about going to an empty island prison which was so dark and he felt locked in there.

During his life he was named, Lunatic, Tombstone and Stone and as a child he felt locked in. He referenced Psalm 142:7 where David was in a prison. He wrote the book in Poetry and the Lord guided him. We all need to be aware, to get a solution, then Christ can set us free.

He finds that many youth have a broken identity. We are: Spirit, Soul, and Body. The Soul gives us the intellect, our will and emotion. We all go through many things. Proverbs 4:23 tells us to "Guard your heart". Jesus spoke in parables so he does, to help the youth find their unique purpose. Rejection scars us and controls us. "We need to recognize, show how to combat, break soul ties and see clearly to soar into our destiny.

”Mark: Encourage children to control the tongue and renew their mind in the Word.

Veronica: Know who you are! The Father sees us differently. In the book he says, “Jesus longs to set you free.”

He goes to Juvenile Detention Centers and prisons and tells them of his struggles. He grew up with women and had a tendency to hate all women. He realizes now that many do not know their worth. After Christ he has a passion for women’s identity.

“Let your inner beauty outshine our outer beauty.” Joshua can be found Facebook/Joshua Young, Poetic [abolitionistand@gmail.com](mailto:abolitionistand@gmail.com). He closed in prayer.
