5/16/2020	<b>Young and Suicidal - Part I. Pastor and Family Counselor Netz Gomez - Houses of Light Church, North Hills, CA.</b> Thoughts of suicide occur in people when they feel that their pain exceeds their ability to overcome it. It is not that the person is weak or incapable. Most of the time, parents and youth leaders do not know how to respond and it takes wisdom and understanding to know how to help them. In many cases, people go through periods of great anger or frustration that lead them to think "I want to kill myself ..." ( <i>National Suicide Line: 1-888-628-9454</i> )
5/23/2020	<b>Young and Suicidal - Part II. Pastor and Family Counselor Netz Gomez - Houses of Light Church, North Hills, CA.</b> - Specifically with the <i>millenniums</i> , the so-called generation 'Z' and from what we have seen frequently, the problem has to do with many factors - from the hyper-saturated world in which they live, family crisis, easy access to drug addiction, and the comparisons that they live on social media, for example, when they see their lives are not so successful, not so happy, like that of a friend in 'Instagram' - who goes to the beach, and has a girlfriend. We have observed that the chances of suicide among our youth have increased substantially. ( <i>National Suicide Line: 1-888-628-9454</i> )
