

Ag PHD topics 2023 Q4

This is a half hour agriculture based show that airs on Saturdays at 5pm

10/01/2023. Drying Corn. Residue Management. Comparing Yield to Soil Test Data. Episode #1330. (2023).

10/08/2023. Burning Ditches and Field Residue. Drain Tile. Cation Exchange Capacity. Episode #1331. (2023).

10/15/2023. Preventing Harvest & Pre-Harvest Loss. Interest Rates & Finance Offers. Fall Nitrogen Management. Episode #1332. (2023).

10/22/2023. Surface vs. Subsurface Drainage. How to Fix Compaction. Bas Saturation Potassium. Episode #1333. (2023).

10/29/2023. Golden Rice. Fall Residual Herbicide Applications. Base Saturation Magnesium. Episode #1334. (2023).

11/05/2023. Catching Snow in Fields. Strip-Tilling with Heavy Residue. Base Saturation Calcium. Episode #1335. (2023).

11/12/2023. Flat Rate vs. Variable Rate Fertilizer. Corn Purchasing Considerations. Fixing Sodic Soils. Episode #1336. (2023).

11/19/2023. Price Protection on Crop Inputs. Soybean Seeding Rate. Phosphorus. Episode #1337. (2023).

11/26/2023. Managing Crop Residue. Biological vs. Commercial Nitrogen Fertilizer. Boron. Episode #1338. (2023).

12/03/2023. Ground Freeze-Up. Carryover Concerns. Zinc. Episode #1339. (2023).

12/10/2023. Ag PhD Soils Clinic. Corn Planting Populations. Iron. Episode #1340. (2023).

12/17/2023. What Farmers Do With Yield Maps. Prepaying for Crop Inputs. Copper. Episode #1341. (2023).

12/24/2023. Ag PhD Corn Workshop. 'Yellow' Herbicides. Manganese. Episode #1342. (2023).

12/31/2023. How Farmers Reduce Erosion. Complete Corn Herbicide Programs. Sulfur Needs in Crops. Episode #1343. (2023).
