F11 and Be There is a commentary on American civil rights, race, social justice, and art, told through the many lenses of legendary photographer Burk Uzzle. With a career that spans over 65 years, Burk Uzzle has created some of the most iconic photographs in American history. This film is a journey alongside one of America's greatest visual poets as he makes museum exhibitions with a local community, travels America's backroads in search of hidden treasures of Americana, and using his vast archive as a guide, confronts race, inequality, and injustice through the many parallels of the 20th and 21st centuries. As vibrant and whimsical as many of his photographs are, so too are his musings about the philosophies of art and living.

Format: Documentary
Segment Length: 00:00:00

Held every three years in Montreal, a city with a long-standing tradition of organ concerts, the Canadian International Organ Competition is open to virtuosi under age 35 from around the world. Pipe Dreams focuses on five of these ultra-talented organ players, each with their own pressures and abilities. For Yuan Shen, the daughter of China's most famous organist, coming in second is not an option; she believes that in order to win against the boys her will must be twice as strong as their strength and stamina. New Zealand's Thomas Gaynor is hoping to be the first organist to win three major organ competitions in one summer. His main obstacle is Alcee Chriss III, from Texas, who's beaten him twice with playing influenced by gospel and jazz. Alcee's friend and classmate, Nick Cappozoli of Pittsburgh, is willing to take big risks through performing obscure, modern music, such as a piece by John Cage. New on the competition scene is 19-year-old Sebastian Heindl, the youngest person to ever compete in the CIOC, who taught himself to play at age 11 in the same town, Leipzig, Germany, as his idol and namesake Johann Sebastian Bach. Who will master the 'king of instruments' and come out victorious?

"Stonewall Uprising" explores the dramatic event that launched a worldwide rights movement. Told by those who took part, from drag queens and street hustlers to police detectives, journalists and a former mayor of New York, and featuring a rich trove of archival footage, this film revisits a time when homosexual acts were illegal throughout America, and homosexuality itself was seen as a form of mental illness. Hunted and often entrapped by undercover police in their hometowns, gays from around the U.S. began fleeing to New York in search of a sanctuary. Hounded there still by an aggressive police force, they found refuge in a Mafia-run gay bar in Greenwich Village, the Stonewall Inn. When police raided Stonewall on June 28, 1969, gay men and women did something they had not done before: they fought back. As the streets of New York erupted into violent protests and street demonstrations, the collective anger announced that the gay rights movement had arrived.

This documentary follows the journey of four disabled veterans as they travel to a prison in Gatesville, Texas, to be paired with a service dog. These dogs have been expertly trained by female prison inmates serving hard time. Not only do these dogs help the veterans on a very practical level, but they also provide constant emotional support, protection, and relief from the terrors of their combat-related Post Traumatic Stress Disorder (PTSD). Peppered among the vulnerable and broken veteran stories, is the lighthearted joy of the puppies, the redirected lives of the female inmates and the good-natured humor of the veterans and inmates as they work closely together. The film is a story of redemption for the inmates and profound new hope for the veterans, through the unconditional love of these very special dogs.

- 11am Too Soon to Forget: The Journey of Younger Onset Alzheimer's Disease. CC** Most people think Alzheimer's is a disease that only affects older adults, but that's not always true. When this disease strikes before the age of 65, it's considered 'younger onset' Alzheimer's. Today, more than 250,000 individuals in the United States are living with Younger Onset Alzheimer's disease. The harsh reality is that living with Younger Onset Alzheimer's can be a lonely and isolating experience and although there are many resources available for those with Alzheimer's, very little information is available for those affected by this form of the disease. Hosted by Dan Gasby and his wife B. Smith, a former supermodel, celebrity chef and lifestyle maven who was diagnosed with younger onset Alzheimer's at the age of 62, TOO SOON TO FORGET: THE JOURNEY OF YOUNGER ONSET ALZHEIMER'S DISEASE takes an in-depth look at the particulars of this disease, and provides information to help understand and educate viewers about the effects and its impact. The hour-long documentary features nine families from a variety of backgrounds who share their stories and common experiences, from loneliness and isolation, to the adjustments, and finally, to the healing power of community. - 7pm Grand Coulee Dam: American Experience. CC** Grand Coulee was more than a dam; it was a proclamation. In the wake of the Great Depression, America turned from private enterprise to public works - not simply to provide jobs, but to restore faith. The ultimate expression of Franklin Roosevelt's New Deal, Grand Coulee played a central role in transforming the Northwest; it was the largest hydroelectric power producing facility in the world when it was completed in March 1941. After WWII, a vast irrigation project made possible by the dam helped turn the barren deserts of central Washington into rich farmland. But the dam prevented access to one of the greatest salmon rivers in the world. Deprived of the salmon - their most important resource - the native people who lived along the Columbia witnessed a profound cultural decline. Featuring the men and women who lived and worked at Grand Coulee and the native people whose lives were changed, as well as historians and engineers, this film explores how the tension between technological achievement and environmental impact hangs over the project's legacy. CC #305** *Tiny's Fishing Friend/Butterflies.* Tiny can't believe it when he finds out that his friend Cindy Cimolestes doesn't like fish, but she explains that she's a mammal and many mammals don't eat fish. Determined, Tiny sets out to find a mammal in the Mesozoic who likes fish, so she, Buddy, Cindy and Dad set out on a fishing trip where they run into Cassie Castrocauda, a Jurassic mammal that looks like a cross between a beaver, an otter and a platypus, who also happens to love fish! One morning at the family nest, Don befriends a butterfly that he names Dan. Don, Buddy, Tiny and Shiny watch Dan and three of his "sibling" butterflies fly around until suddenly they disappear, leaving Dan all alone. Don feels for the separated butterfly and vows to reunite him with his siblings. After Mom and Dad give a quick lesson about butterfly camouflage, Don leads his own siblings all around the nest area searching for Dan the Butterfly's lost "sisters and brother." The whole time, Don keeps an eye on Dan, who camouflages himself when any threat (birds or a frog) are nearby. The long search doesn't yield the missing butterflies. Then, at the end of the day, our family is amazed when Dan's family reveals that it had been camouflaged in a flower headband! TVY

- 12:30 Hortulus Farm: Where History and Horticulture Meet. CC** Hortulus Farm is an 18th century farmstead, public garden and horticulture education center situated among the bucolic rolling hills of historic Bucks County, Pennsylvania. An original 1683 William Penn land grant, the farm functioned as a major dairy operation by the Warner-Thompson families until the Great Depression. Since 1918, the farm changed hands many times until 1980 when famed garden and event designer Renny Reynolds and noted garden author Jack Staub purchased the farm. They restored the property with 24 exquisitely designed floral and vegetable gardens and built a horticulture education museum in one of the barns. The museum includes paintings by local Bucks county artists, antiques, horticulture books, and letters from renowned gardening experts. The classic Isaiah Warner stone house on the property was built between 1793 and 1830. It was added to the U.S. Registry of Historic Places in 2004. Reynolds and Staub currently reside in the house with their unique collection of hand-crafted furniture, artwork, antiques, and majolica. In addition to the 24 distinct formal gardens, Hortulus boasts a rotating outdoor sculpture collection, a picturesque statue pool, horses, sheep, peacocks, and diverse pond waterfowl, and a nursery with unique topiaries and other notable plants. A longtime member of Greater Philadelphia Gardens, in 2015 Hortulus Farm was honored by being made the second-only-in-their-history Affiliate Garden of The Garden Conservancy, giving it major new national prominence. It is also the second ever Affiliate Garden of The Garden Conservancy's preservation program, giving it major national prominence. TVG

Nick and Sally wonder if they can walk on a cloud, and the Cat takes them to Mount Knowmore. As they climb, they discover that materials have different properties that allow them to be solid or fluid. And when they get to the top, they have gathered enough evidence through experience of walking through the clouds to answer the original question. TVY
- 12pm Food Over 50. CC #203 Eating Outdoors.** This episode focuses on the dietary challenges of "Eating Outdoors." Meat-heavy tailgate barbecues and convenience-oriented camping fare like hot dogs, canned chili and S'mores pose a problem to those of us who can't, or at shouldn't, eat like teenagers anymore! Where we eat often impacts what we eat, and al fresco dining before the big game, or out in the woods, requires greater dietary diligence than cooking and eating at home. Chef/host David Jackson starts us off in the kitchen by prepping deliciously lean and tasty Lemon/Pepper Salmon Skewers and Fresh Tomato & Basil Salad, destined for the cooler and eventually the grill for a lighter, more nutritious tailgate party in the great outdoors. Then David cooks up a campsite supper with his extraordinary Fireside Chili. With ground turkey meat, three varieties of beans, a garden full of fresh vegetables and fragrant spices, it's delectably low in fat, low in sodium, high in fiber and guaranteed to stick to our ribs rather than our arteries! TVG

No matter how hard and fast he swings, the ball never goes in the hole... To the Secret Museum! Our trio are sent back in time to meet an expert in the laws of motion: Sir Isaac Newton. Isaac is in the middle of his own problem, trying to figure out how he can out jump boys who are clearly bigger than him. Instead of attacking the problem hard and fast, Xavier style, Isaac takes a much calmer approach with the use of a thinking tree and a thinking kite. When he finally solves his problem and wins the long jump competition, Xavier realizes how much better it is to slow down and think through problems. I am Golda Meir When Yadina finds turtles crossing the bike path in the park, she becomes very worried about them - what if they get hit by a bike? Or a trike? She wants to help them stay safe, but what can she do? This problem seems way too big for her. To the Secret Museum! Our heroes go back in time to meet an expert problem solver: Golda Meir. They find Golda in the midst of a big problem herself: a bunch of the kids at her school don't have access to the books they need! This is another toughie. But Golda, undaunted, comes up with the idea to hold a community fundraiser to get money for the books, showing Yadina that she should tell people when there's a problem so you can solve it together. - 12:30 Lady Jessie: A Vietnam Story. CC** Discover how a Reno casino owner's generosity in sending thousands of care packages to troops in Vietnam forged life-changing friendships and a legacy in the sky. LADY JESSIE traces the true story of Reno casino owner Jessie Beck and Navy fighter pilot LCDR Richard 'Dick' Perry. Having met while Dick worked his way through college at Harold's Club & Casino, Jessie soon became Dick's "second Mom." After college Dick joined the US Navy, and in 1965 was sent to Vietnam to serve on the USS Oriskany. Alarmed by the lack of support for combatants during the unpopular war, Jessie began sending Dick and his friends care packages ... and then she sent more... and more. Through Jessie's efforts, tens of thousands of packages would ultimately be shared and sent throughout the armed services. Jessie's generosity became legendary, earning the gratitude of thousands of servicemen who were uplifted by her kindness and generosity. And Dick, who had become a beloved and heroic pilot, asked permission to stencil "Lady Jessie" on the nose of his A4 Skyhawk, making it one of the most famous planes of the Vietnam Era. LADY JESSIE is the unwrapping of this Vietnam story - a piece of history forged in friendship and fate, inspiring a legacy that lives on. TVG

- 5am Ready Jet Go!. CC #121** *So Many Moons/Project Pluto*. "So Many Moons" - When Mindy is concerned that the possible addition of a younger sibling to her family might be a challenge, Jet says imagine having a family with more than 60 siblings! That's what it's like for the 67 moons of Jupiter. Curriculum: Kids may think that a planet would only have one moon, maybe two. But the larger outer planets, the gas giants, have many moons - Jupiter and Saturn leading the count with more than 60 moons each! What's more, the moons of Jupiter are not all just round, gray rocks - they are extremely varied, from volcanic Io, covered with volcanic activity; to Europa, with an icy surface covering an underground ocean; to Ganymede, a moon so large it's actually bigger than the planet Mercury! "Project Pluto" - When Mindy is excited about presenting her kid model of Pluto for school show and tell, the other kids don't want to disappoint her by breaking the news to her that Pluto is not a planet. Curriculum: Pluto is no longer considered a planet; astronomers in the scientific community re-classified Pluto as a planetoid. It is one of five "planetoids," or "dwarf planets. There are three criteria a celestial body must meet in order to be considered a planet: it must orbit the Sun, have enough mass, and "clear the neighborhood." TVY

- 5am Ready Jet Go!. CC #217 You Can Call Me Albedo/The Tide Is Hig.** It's evening at the cul-de-sac, and the kids are looking at two asteroids through Sean's telescope - one is light-colored and one is dark. Meanwhile, Mitchell's dog Cody seems to have run away because he doesn't like the black sweater Mitchell put on him. The kids learn about how, just like asteroids, some things are easier to see in the dark than others, like a white card is easier to see than Cody's black sweater. This amount of brightness is called "albedo." The kids go to their local beach to surf, but notice that the beach looks completely different from the last time they stood there. There's way more sand, and the ocean is far away! They decide to be detectives and study what has happened, and learn that the larger and smaller beach is caused by the tides - the rising and falling of the ocean. TVY
- 5:30 Arthur. CC #1707 Pets and Pests/Go Fly A Kite.** ARTHUR is based on the best-selling children's books by Marc Brown. The series revolves around an eight year-old aardvark, his four year-old sister DW, and their family and friends. ARTHUR is a show about being a kid, exploring the world, and finding your place in it. It's about kids finding inner strengths, learning to make choices for themselves, taking responsibility for them and of course, having fun. In each episode, Arthur and his gang guide us through stories that deal with real "kid issues" -- timeless difficulties and joys that all kids experience. The series also models the joys and rewards of literacy by presenting the many ways kids and adults incorporate reading and writing into their lives. Above all, ARTHUR is a comedy that tells its stories from a kids' point of view, never moralizing or talking down to them. TVY

11pm History Detectives. CC #711 *Civil War Bridge; Scottsboro Boys Stamp; Duke Ellington Plates.* Civil War Bridge - Clearing some newly purchased property along the Broad River in Columbia, South Carolina, the owner discovered evidence of an old bridge abutment. He searched the river for clues and thinks he may have pinpointed the location where Confederates burned the bridge to thwart General Sherman's attempt to cross into Columbia to continue his scorch-and-burn campaign. HISTORY DETECTIVES host Elyse Luray goes to Columbia to examine the evidence and see if this discovery will redraw the maps of the Civil War. Scottsboro Boys Stamp - A contributor bought an inconspicuous black and white stamp at an outdoor market in Scottsboro, Alabama. "Save the Scottsboro Boys" is printed on the stamp above nine black faces behind prison bars and two arms prying the bars apart. One arm bears the tattoo "ILD." On the bottom of the stamp is printed "one cent." The Scottsboro Boys were falsely accused and convicted of raping two white girls in 1931 on a train near Scottsboro, Alabama. It took several appeals, two cases before the U.S. Supreme Court and nearly two decades before all nine finally walked free. How is the stamp connected to this landmark civil rights case? HISTORY DETECTIVES host Gwendolyn Wright consults with a stamp expert to discover how a tiny penny stamp could make a difference in the young men's defense effort. Duke Ellington Plates - A New York man took a stroll through Harlem 20 years ago and stumbled across boxes of sheet music in a dumpster. Among the paper scores were metal sheets that look like printing plates for "Take the A Train," written by Billy Strayhorn and performed by jazz great Duke Ellington. Scratches and ink smudges mar the plates, signs that someone might have run these through a printing press, but there's no apparent copyright stamp. HISTORY DETECTIVES host Tukufu Zuberi sets out to find the story behind these plates and to determine the role they played in this jazz classic. TVG

- 7:30 Art & Design In Chicago. CC #103** ART & DESIGN IN CHICAGO is a four-part series exploring the artists, artistic movements and institutions that played a role in the city's design history over the past 150 years. The series focuses on the city's key schools of art, African-American artists, commercial designers, and the innovative artists who struck out on divergent paths to create modern-day Chicago. Each episode, hosted by a Chicago artist or curator, features a story from the art community, including Cubs uniform designers Otis and Dorothy Shepard, and TV commercial director Joe Sedelmaier, creator of the Wendy's advertising campaign "Where's the Beef?" The series also tells the story of the community art center that gave birth to AfriCOBRA, home to generations of African-American artists, including Archibald Motley, Jr. Other profiles include the work of photographer Vivian Maier and The Hairy Who, a group of 1960s artists who made outrageous psychedelic paintings, sculptures and prints. The stories in ART & DESIGN IN CHICAGO point to both celebrated contemporary artists, such as Kerry James Marshall, and well-known local talent, such as painter Gertrude Abercrombie. The series also shines the spotlight on Lorado Taft, a once famous sculptor whose work has since been forgotten, and an unrecognized genius, painter Charles White. TVPG

So, after Thurston shows up in his own souped-up, "state-of-the-art" submarine, the challenge is on! Buddy, Tiny, and Mrs. Pteranodon are with Mr. Conductor in the Dinosaur Train Submarine, racing across the great Western Interior Sea against Thurston, Shiny, Don, and Mr. Pteranodon! On the way, they meet a new species of marine reptile, Leo the Liopleuridon, who helps Thurston a little too much in the race. / but he doesn't have wings like his siblings do! For 4 seasons, Buddy has run along while his siblings fly, although sometimes they carry him. When Shiny complains that Buddy is getting too big to carry around Pteranodon Terrace, Buddy feels sad for a little while, then decides to do something about it - build himself his own set of wings! Our Pteranodon kids love this, and they get to work designing and engineering, starting with funny homemade versions, a try-and-fail sequence with some hilarious crashes and some success, leading up to a cool, Leonardo-esque set of mechanical wings. The wings work! Buddy can fly with his siblings, and they have a triumphant flying session. But in the end, Buddy misses being carried. "Who am I kidding? I'm not a Pteranodon! I'm a T. rex who really loves to fly!" Buddy goes happily back to the status quo. And even better, he knows what to do with his mechanical wings - he gives them to the Pteranodon kid with a stunted wing. We end with them all flying together, the neighbor kid joyfully flying Buddy's mechanical wings. TVY

- 6pm Visionaries, The. CC #2312** *Islands of Change*. Child Family Service - In the beginning it was as simple as one person helping another. Someone was in need of food, or shelter, or maybe they were sick. You gave them what they needed. Life... and philanthropy, is more complex now. We need organizations that can help those in need, while also addressing a myriad of social and economic issues-the issues that caused that need in the first place. This is a story about a non-profit organization that has elegantly merged bold risk-taking with outcome driven, evidence-based programs that are helping thousands of children. But the real power of their story is the interplay of innovation and accountability that can inspire an extraordinary level of creative thinking across America. TVG

- 5am Ready Jet Go!. CC #128** *Beep and Boop's Game/Constellation Prize.* "Beep and Boop's Game" - The kids help Dr. Rafferty and Bergs get Mars Rover BOOP over a ravine on the red planet by simulating actions in the DSA "Mars Yard" using BEEP (Boop's sister)! Trial and error leads to success. Along the way, the kids learn just how scientists communicate with far away rovers - through satellites above Mars. The kids then solve a new mystery set up by Bergs, figuring out that Beep and Boop are communicating about... a game of Mars/Mars Yard tic-tac-toe they're playing! Curriculum: A good amount of communication between Mars and Earth goes through satellites. Rovers send images, along with instrument and status data, back to Earth. Extrapolating from the data, the scientists send commands to the rover, which can take 4-24 minutes to be received due to the distance. Rovers are often on their own, carrying out commands and sending image data to overhead satellites. The rover's commanders may tell it to move toward a new rock, grind a rock, analyze a rock, take photos, or gather other data with other instruments. "Constellation Prize" - When Mindy thinks she's found her own star, the other kids explain how stars are labeled and identified by constellations. Mindy eventually learns that she hasn't found a new star, but that she CAN create her own version of a constellation by connecting patterns in the sky. Curriculum: A constellation is a group of stars that make an imaginary shape in the night sky. In different parts of the world, people have made up different shapes out of the same groups of bright stars, like a game of connect-the-dots. In the past, constellations were useful for navigating at night and for keeping track of the seasons. They are now useful for identifying parts of the sky astronomers are studying. Because all the stars are at different distances, the constellations would look totally different to inhabitants of another planet orbiting another star. TVY
- 5:30 Arthur. CC #1108** *Francine's Pilfered Paper/Buster Gets Real.* Francine's Pilfered Paper - Thanksgiving can be a time for a long, relaxing weekend with family and friends. But for Mr. Ratburn, it's a chance to assign a five-page paper about the holiday! Instead of despairing like her friends, Francine finds the perfect Web site for her research, which she happily copies and pastes in a matter of minutes for her entire report. There's nothing wrong with that...is there? Buster Gets Real - Everyone loves the new "Top Supermarket" reality series on TV - everyone except Arthur. So when Buster stops watching Bionic Bunny to watch this popular new show, Arthur fears their friendship is over. TVY

- 10:30 Pinkalicious & Peterrific. CC #116 *Cha-Cha-Licious /Show and Smell.*** It's the first day of summer. This means it's time for ice cream, but Mr. Swizzle's blender isn't working. Pinkalicious and her family volunteer to run the shop while he fixes his blender, but they soon learn serving ice cream takes a certain rhythm. Mommy's new invention, the Perfume-a-matic, can make perfume out of anything so, of course, Pinkalicious makes the most pinkatastic perfume ever! But it sure doesn't smell that way when she brings it to Show-and-Tell. She'll have to fix this smelly mix-up fast! TVY
- 11am Dinosaur Train. CC #305 *Tiny's Fishing Friend/Butterflies.*** Tiny can't believe it when he finds out that his friend Cindy Cimolestes doesn't like fish, but she explains that she's a mammal and many mammals don't eat fish. Determined, Tiny sets out to find a mammal in the Mesozoic who likes fish, so she, Buddy, Cindy and Dad set out on a fishing trip where they run into Cassie Castrocauda, a Jurassic mammal that looks like a cross between a beaver, an otter and a platypus, who also happens to love fish! One morning at the family nest, Don befriends a butterfly that he names Dan. Don, Buddy, Tiny and Shiny watch Dan and three of his "sibling" butterflies fly around until suddenly they disappear, leaving Dan all alone. Don feels for the separated butterfly and vows to reunite him with his siblings. After Mom and Dad give a quick lesson about butterfly camouflage, Don leads his own siblings all around the nest area searching for Dan the Butterfly's lost "sisters and brother." The whole time, Don keeps an eye on Dan, who camouflages himself when any threat (birds or a frog) are nearby. The long search doesn't yield the missing butterflies. Then, at the end of the day, our family is amazed when Dan's family reveals that it had been camouflaged in a flower headband! TVY

- 9pm The Four Sons and All Their Sons: A Passover Tale. CC** The Four Sons are the focus of one of the most beloved and intriguing stories in the Haggadah, the book read and sung at the Passover Seder. The story is beloved despite being just a short fable about four boys at the Seder table and how they're treated by their father. It's intriguing because that fable has been revised relentlessly over the centuries--in words, in art, in music--until it must be right up there with Shakespeare's plays among the most re-interpreted tales ever told. Why so many versions? Because Passover and its Seder are really about passing on heritage--or any belief--to your children. And The Four Sons story suggests how to do that, as many suggestions as there are versions. The documentary shows the variety of those versions as it moves constantly from an actual Seder to Four Sons stories in art, words, and music to interviewees from ages 17 to 70... and back to the Seder. Let "THE FOUR SONS AND ALL THEIR SONS" usher in Passover this spring, just as its producer's "18 Voices Sing Kol Nidre" has greeted the High Holidays in recent autumns. TVG

- 12:30 The Future of America's Past. CC #103** *Lines in the Sand.* Texas has long been a place of contentious borders and cross-cultural exchange. Six national flags have flown over Texas since the 1500s, starting with European contests for the land that followed 10,000 years of Native American history there. From Spanish missions, to a French shipwreck, to a former sugarcane plantation, we visit to ask: How did Texas become Texas? TVPG
- 1pm The Future of America's Past. CC #104** *A Grave Injustice.* Shortly after the attack on Pearl Harbor in December 1941, the US military and the FBI arrested more than 110,000 American citizens of Japanese ancestry. Taken to desert camps and confined for months or years, many of these Americans lost their homes and businesses. We visit the largest of these camps, now a National Park Service site - and meet those keeping memory alive. TVPG
- 1:30 Samantha Brown's Places to Love. CC #308** *Phoenix, Arizona.* At the Desert Botanical Garden, Samantha and traveler Jack Maxwell take in the stunning beauty of wildflowers and blooming cactus as they walk the Sonoran Desert trails. They then hit up the popular Breadfruit & Rum Bar, who serve up unique Jamaican dishes and carefully concocted rum cocktails. At Cosanti Originals, Samantha learns the art of bronze pouring and bell making. From there, Samantha visits the UNESCO World Heritage Site, Taliesin West, which served as Frank Lloyd Wright's winter home and architectural school. Exploring the one-of-a-kind Musical Instrument Museum, Samantha experiences over 7,000 instruments collected from around 200 of the world's countries and territories. Samantha then gets the ultimate farm to table restaurant experience at The Farm at South Mountain, whose focus includes self-sustainability and locally created arts. Sparking her theater roots, Samantha visits the brilliant Black Theatre Troupe, whose productions illuminate the African-American experience and culture TVG

- 5pm Shelter Me. CC #105** *Partners for Life*. We feature country music icon Emmylou Harris and the incredible work she's doing to help homeless pets and disadvantaged youth in Nashville and another story about police departments that get their K9s from animal shelters. Each year 6-8 million dogs and cats enter animal shelters in the United States. Half of them will be euthanized. This situation can be improved if communities get more involved with their local shelters. Shelter Me believes that change comes from inspiration, not desperation. By focusing on positive stories, we are addressing misconceptions about shelter pets and helping get more adopted into loving homes. We will be supporting the broadcasts with a comprehensive media and social media campaign, including outreach by local shelters, rescues and national animal welfare organizations. Shelter Me does not focus on the doom-and-gloom. We tell upbeat stories that will lift viewers' spirits and fill them with hope. TVG
- 6pm Stories of Survival. CC #101** *Final Transports: The Holocaust Stories of Magda and George*. In early summer 1944, at the height of the deportation of Hungarian Jewry, Magda Brown and George Brent arrived as teenagers to the notorious Auschwitz-Birkenau killing center. Through their eyes, Final Transports, brings the viewer on a compelling journey across multiple countries and camps, revealing the intensely human aspects of survival, resistance, chance, and luck in the face of Nazi tyranny. - 10:30 Songs at the Center. CC #505** SONGS AT THE CENTER is a new national music series featuring accomplished singer-songwriters performing "in the round" before a live audience. The weekly, half-hour program showcases three-to-four artists per episode, and includes interviews and short features. Songs at the Center is hosted and co-created by Eric Gnezda, an award-winning songwriter and Emmy-nominated TV journalist, who conceived the program based upon his decades of performing in venues across America, from concert and convention halls, to Nashville's iconic Bluebird Cafe. TVG
- 11pm Song of the Mountains. CC #1304** *Dom Flemons / Darrell Webb Band*. SONG OF THE MOUNTAINS showcases the best talents in bluegrass and old-time country music from the heart of the region where it all began. Performances are held at the beautifully restored Lincoln Theatre in Marion, Virginia. Hosted by Tim White. The Lincoln Theatre in Marion, Va., was originally built in 1929. The theatre is on the National Register of Historic Places and has been designated a Virginia Historic Landmark. It is one of only three existing Mayan Revival-style theatres in America. Once known as the "finest showplace in Southwest Virginia," The Lincoln has been restored to its former grandeur, now fully accentuated by state-of-the-art computerized sound and lighting systems. - 5am Ready Jet Go!. CC #123 Diggin' Earth/Mindy's Mystery.** "Diggin' Earth" - The kids try to dig into the Center of the Earth (a la Commander Cressida), but after finding out that the center is much too hot and the layer of Earth leading up to it is solid rock, they re-vamp their plans. They decide to become the kids to dig down the deepest into the Earth. Learning about the layers of the Earth inspires Jet to make an Earth Layer Cake. Curriculum: Earth's structure consists of molten nickel-iron core, magma mantle, and crust. The reason we can't easily dig down through to the core is because the Earth's crust is 10-30 miles thick! And made of really hard rock. Inside of that is the mantle. The core is nickel and iron, the heaviest stuff, which gravity pulls to the center. In fact, it gets so hot in the core that even the nickel and iron melt. "Mindy's Mystery" - Mindy can't sleep one night, having been kept awake by a sweet, strong smell from outside. Sydney, Sean, Jet, and Sunspot become detectives and try to crack the case of the sweet smell. At the same time, Mitchell is investigating what kept him up last night - a very bright "annoying" light. In the end, there's a common source - the sweet smell was from a nocturnal flower, the Moonflower, which only blooms at night, after sundown. And the bright light was from the Moon! Curriculum: Moonflowers are nocturnal bloomers. After sunset as the Moon rises, these huge white flowers bloom, emit a very sweet smell, and glow in the moonlight. In the morning, they close their fragrant blooms. Moonflowers' scent attracts the night moths that feed on their nectar. Moonlight doesn't originate on the Moon. The Moon (like the planets) shines by reflected Sunlight. The Sun, of course, only lights up 1/2 of the Moon - the half that is facing the Sun. TVY
- 5:30 Arthur. CC #119 D.W. Rides Again/Arthur Makes The Team.** This animated series is based on Marc Brown's best-selling books about Arthur Read, an eight-year-old aardvark, his sister D.W., and their family and friends. 9:30 Lifeline: Pearl Harbor's Unknown Hero. CC Narrated by actor Gary Sinise, LIFELINE: PEARL HARBOR'S UNKNOWN HERO tells the story of how U.S. Navy sailor Joe George became an unlikely hero when the Japanese attacked Pearl Harbor in Hawaii on December 7, 1941, and how he was recognized with a Bronze Medal for his actions more than 70 years later. A USS Vestal crewman, Joe was not your model navy sailor. He fought both inside and outside the boxing ring, liked his beer a little too much at times, and had a stubborn and defiant streak that often left him at odds with his superior officers and, once in a while, got him thrown in the brig. But on that "Day of Infamy," Joe did something extraordinary. He became one of America's first heroes of WWII. Ignoring a direct order to cut the lines from the USS Vestal, which was moored alongside the burning and sinking USS Arizona, the sailor made

a crucial decision that saved six lives and impacted future generations. Joe could see that the crewmen were injured badly, trapped, waving, and pleading for help as fire raged on the Arizona's deck beneath them. He found a weighted heaving line and threw it toward the men, who secured the line. One by one, they began to crawl over to the USS Vestal, hand over hand, and more than 50 feet above the water, feeling the heat from the flames on their skin. More than a thousand Arizona crewmen died during the attack, with only 335 sailors surviving that day. Joe was never recognized for his actions that day, until the men he saved from the USS Arizona (Lauren Bruner and Donald Stratton) took it upon themselves to see he received the award he deserved. With the support of Stratton's son Randy and George's daughter Joe Ann Taylor, the men of the USS Arizona took their mission all the way to the Oval Office, the Pentagon and Capitol Hill. They were determined to complete one final mission as USS Arizona crewmen. TVPG

11am Journey Home to the USS Arizona. CC Narrated by Matthew Broderick, the one-hour documentary JOURNEY HOME TO THE USS ARIZONA follows the family of Raymond Haerry Sr. as they travel 5,000 miles from New Jersey to the USS Arizona Memorial at Pearl Harbor in Honolulu, Hawaii, to place his ashes aboard the sunken battleship. Following the Pearl Harbor attack on December 7, 1941, 19-year-old Ray was blown into the water and swam through oil and fire to Ford Island, an islet in the center of Pearl Harbor, Oahu. There he found a rifle and opened fire on Japanese planes. Later, Ray helped to recover the bodies of his fallen shipmates. One of the few remaining crew members from the USS Arizona who survived the Japanese attack during World War II, Ray Haerry Sr. passed away at the age of 94 on September 27, 2016. In April of 2017, his ashes were interred in the USS Arizona, where he rejoined more than 1,000 of his shipmates who lost their lives on that fateful day. TVPG

8pm NOVA. CC #4515 *Last B-24*. In 1944 a smoking, battle-scarred B-24 Liberator bomber known as the Tulsamerican crashed into the choppy seas off the coast of Croatia, entombing three of its occupants under 135 feet of water. For years they were lost to the world-and their families. But in 2010, nearly seventy years after the crash, divers located the plane. And in 2017, the Department of Defense, aided by the Croatian Navy and some of the world's leading underwater archaeologists, set to work investigating the wreckage. Were the B-24s truly as dangerous as the nickname "the Flying Coffin" suggested? And what does that mean for the recovery of the fallen airmen? Now, NOVA joins a team of archaeologists on

a dangerous mission to recover and identify their remains. They will deploy advanced mapping and diving technologies and sift through tons of sediment-eventually to find artifacts and other tantalizing clues.

From the recovery of the remains to the subsequent forensics and DNA analysis of the remains in the laboratory, the story of the Tulsamerican is riveting and emotional. NOVA documents it all, including the moment a family hears the words they never expected to hear: "On behalf of a grateful nation..." TVPG

11:30 Chef Darren: The Challenge of Profound Deafness. CC Born profoundly deaf, Darren Weiss was a frustrated child. While powerful hearing aids helped him pick up some sounds, by age four Darren had no grasp of language. CHEF DARREN: THE CHALLENGE OF PROFOUND DEAFNESS explores

the impact of the family members and teachers who refused to let Darren's challenges keep him from communicating and documents how, with determination, Darren ultimately learned to speak and became a father, a teacher and the chef of his own trend-setting Los Angeles restaurant. As a child, Darren attended classes and therapy sessions at noted speech pathologist Helen Beebe's clinic in Easton, Pennsylvania. Despite the intensive work, Darren showed little progress in developing language skills. In the film, Darren and his family recount the pivotal period when Darren's work with one therapist at the clinic clicked, and he began to speak and express himself. After attending and graduating from public school with hearing children, Darren was left with the question of what to do next. A lifelong passion for cooking led Darren to earn his degree at the Culinary Institute of America in New York, and later, to open a successful restaurant in Southern California. Today, working with the organization No Limits for Deaf Children, Darren leads hands-on cooking classes for hearing-impaired kids that help empower his students. With deaf-owned businesses on the rise around the country and deaf culture thriving, CHEF DARREN is an inspirational program about living with a disability while accomplishing goals. TVG

5pm Shelter Me.CC #107 Community Matters. SHELTER ME is an inspiring series that celebrates the human-animal bond by telling uplifting stories about shelter pets and the people that help them. This series shows the power of communities working together to make a difference. In Episode 7, we feature shelter dogs that are trained to protect endangered species. We follow the dogs from the day they are rescued to their deployment in Zambia where they are helping prevent the poaching of elephants and rhinos and helping stem the illegal trade of ivory and rhino horns. These once homeless dogs are now doing life-saving conservation work! We also see an inspiring program where junior high school students read to dogs and cats at an animal shelter. This helps socialize the animals and makes them more adoptable and increases the self-esteem and confidence of the kids. And we showcase a high school cross country team that takes shelter dogs for a run as part of their practice. This innovative community program has inspired the entire town and, soon, the entire nation! TVG

There's just one problem: everyone is expecting a spooky story, but Xavier only knows how to tell silly stories. What's he going to do? He doesn't want to disappoint everyone. To the Secret Museum! Our heroes are sent back in time to meet an expert spooky storyteller: Mary Shelley. Mary takes our trio on an imaginative playdate where she spins the leaves and wind into a very spooky tale, which Xavier can't help but turn funny. Is all hope lost?? Mary helps Xavier see that he can tell a story that's both spooky AND silly. The most important thing is to tell stories your own way. Curriculum: "Tell stories your own way." I am Harry Houdini The time has come from Brad to spend his very first night in the museum, and he couldn't be more excited. Except, when the lights go out, Brad realizes it's kind of... gulp... scary there at night. Too afraid to stay put in his sleeping bag, there's only one thing left to do... to the Secret Museum! Our heroes travel back in time to meet someone who knew how to face a scary situation: Harry Houdini. Harry wants nothing more than to be a brave performer, just like his hero, tightrope walker Fearless Jean. But, it turns out tightrope walking is scarier than he thought! Good thing Harry has a trick to help himself, and Brad, make it through to the end: when you're scared, take a deep breath to calm down and feel better. Curriculum: "When you're scared, you can take a deep breath to calm down and feel better." TVY

5am Ready Jet Go!.CC #124 Which Moon Is Best?/Detective Mindy. "Which Moon is Best?" - Sean wants to be the first to walk on a moon, like his hero Neil Armstrong. When Sydney points out that 12 astronauts have already walked on our Moon, Sean thinks that rather than be the 13th to walk on OUR moon, why not be the first to walk on ANOTHER moon in our solar system? Sure, but which moon? The kids decide to compare the frozen moons Europa, which orbits Jupiter, and Enceladus, which orbits Saturn. They get help from Carrot and Celery, who fly them to each one, and Sean gets to walk on them. Curriculum: The gas giants Jupiter and Saturn each have around 60 moons - each of them unique. Interestingly, each gas giant has a frozen ice moon that contains a warmer liquid ocean under the surface: Jupiter's moon Europa, and Saturn's moon Enceladus. Each moon has its own similarities and differences. "Detective Mindy" - When Mitchell's mother declares the kitchen counter a "black hole" because she can't find her sunglasses and she's sure she left them there, Mitchell takes up the case of the black hole kitchen counter. As he's investigating, one by one, all the other kids get involved in his process. As they learn about what a black hole really is, Mitchell discovers that science holds enough mysteries to keep him busy for many years. Curriculum: Black holes are strange little holes in space that are like vacuum cleaners that use gravity (instead of suction) to suck things in. A black hole is what

remains when a massive star dies. They send out no light and have very strong gravity. Once a planet or star has been sucked into the black hole, it cannot escape, and compresses to a very small size. TVY
5:30 Arthur.CC #1704 *Opposites Distract/Just The Ticket*. ARTHUR is based on the best-selling children's books by Marc Brown. The series revolves around an eight year-old aardvark, his four year-old sister DW, and their family and friends. ARTHUR is a show about being a kid, exploring the world, and finding your place in it. It's about kids finding inner strengths, learning to make choices for themselves, taking responsibility for them and of course, having fun. In each episode, Arthur and his gang guide us through stories that deal with real "kid issues" -- timeless difficulties and joys that all kids experience. The series also models the joys and rewards of literacy by presenting the many ways kids and adults incorporate reading and writing into their lives. Above all, ARTHUR is a comedy that tells its stories from a kids' point of view, never moralizing or talking down to them. TVY

6:30 Yoga In Practice.CC #111 *The Art of Connection*. The art of yoga is really the art of connection. In our practices, we connect the body to the mind; the individual to the universal; the material to the spiritual-and, in this class, the front body to the back body. In yoga terms, the front body represents our individual ego and the back body represents an experience of oneness. Therefore, when we begin a pose from the back it invites us to connect to something bigger than ourselves. Moving from the back body requires us to integrate the strength of the front body. Today, we use this connection in Snowbird and Boat pose. TVG

Snow Jam Molly's basketball team, the Qyah Northern Lights, are planning to dribble basketballs while snowshoeing to raise money to attend a regional basketball tournament in Akiak. Before the race, Grandpa Nat teaches Molly traditional Koyukon words for different types of snow. The lesson proves to be crucial the day of the run when Molly must rely on her new knowledge to help her team across the finish line. TVY

8am Xavier Riddle and the Secret Museum.CC #110 *I Am Zora Neale Hurston/I Am Charles Dickens*. I am Zora Neale Hurston Xavier and Yadina are eager to read a new comic Brad has written, but Brad isn't so sure he can share this particular story - it's very personal. What should he do? To the Secret Museum! Our heroes are sent back in time to meet an exceptional storyteller: Zora Neale Hurston. We meet Zora as she enjoys listening to the tall tales being told on the porch of her corner store, before launching into a few tales of her own. Listening to Zora tell her own personal stories, and watching her light up as she does, helps Brad to feel more comfortable with the idea of sharing his own story with his best friends. Because stories are best when you share them with others. I am Charles Dickens Yadina is left feeling bored on a rainy day after she's already played with ALL her toys - there's nothing left to have fun with. With no new toys to play with, there's only one thing left to do... To the Secret Museum! Our heroes are sent back in time to meet someone who was seldom bored: Charles Dickens. After a playdate with a young Charles, which involves zero toys but oodles of fun as they jump over "shark infested waters" and swim with a funny octopus named Fanny, Yadina realizes that she doesn't need anything new to play with, because her imagination can make everything more fun. 8am Xavier Riddle and the Secret Museum.CC #103 *I Am Helen Keller/I Am Alexander Graham Bell.* I am Helen Keller Yadina becomes increasingly frustrated as she tries to read a book to Dr. Zoom, but has to keep stopping since it has words in it she doesn't know. Learning to read is SO hard - she feels like she'll never be able to do it. Xavier knows just what his little sister needs to the Secret Museum! Our heroes travel back in time to meet someone truly incredible, who had to overcome a whole lot to learn how to do just about anything: Helen Keller. Watching Helen first learn what words are, then how to read, and finally how to speak, all in her own unique way, inspires Yadina to go home and try to find her own way to learn to read. Because, as Helen shows her, there are many different ways to learn. Curriculum: "There are many different ways to learn" I am Alexander Graham Bell Losing his voice is frustrating enough for Brad, but it doesn't help matters when Xavier and Yadina do all the talking for him instead of trying to listen. To the Secret Museum! Brad takes his friends back in time to meet someone who worked his whole life to help people be heard: Alexander Graham Bell. Watching Alexander first help his deaf mother, then his whole school of deaf students, have their voices heard in any way they can, helps Xavier and Yadina realize that they should've tried harder to listen to Brad, even when they couldn't technically hear him. It's important to listen to everyone. Curriculum: "Listen to everyone." TVY

5am Ready Jet Go!.CC #120 Date Night/Face on the Fritz. Date Night - When Jet realizes that it's the anniversary of Carrot and Celery's first date, he wants to recreate that first picnic they had on one of Bortron 7's moons. The kids all get involved to help create the perfect date night. Curriculum: It's hard to have a picnic anywhere in the Solar System besides Earth - here we're not too near or too far from the Sun, so the temperature is just right, plus we have liquid oceans and a breathable atmosphere. Anywhere else, you'd definitely have a hard time enjoying a picnic outdoors. Face on the Fritz - When the kids are trying to build a new pet house for Sunspot and FACE 9000 gives them mixed-up directions, they learn that it is time for FACE 9000 to get upgraded. In the meantime FACE 9000's "substitute," the "DATA-BOX," is an old Earth computer from the early 1980s. The kids need to learn how to give instructions in the way computers understand, putting them in charge of using technology in an active way. When FACE 9000 comes back, they have learned to appreciate him, as well as to be more independent thinkers. Curriculum: Technology has advanced greatly since the days of the giant computers that guided man to the moon in 1969. However, even though technology is very useful, it is still a tool, not an end in itself, and people still need to know how to monitor and program it. TVY

11pm The Kate.CC #506 THE KATE is a new national music series with artistic cred and a bit of edge, infused with the essence of the unabashed, spirited Katharine Hepburn. The headline-heavy first season features artists who follow the Hepburnian philosophy that "If you obey all the rules, you miss all the fun." Ann Wilson, Rickie Lee Jones, and former Saturday Night Livestars Ana Gasteyer, are all breaking new ground in their already-established careers during THE KATE performances. These artists are iconoclasts, and their performances capture a particular feeling, an artistic vibe located just outside of the mainstream: Rock and Roll Hall of Famer Ann Wilson pushes her Heart aside and sings the blues; Rickie Lee Jones speaks openly about growing older in the music world; Gasteyer takes a turn as a sassy singer, weaving in comedic moments throughout. The intimacy of the venue means that THE KATE performers have a risky closeness to their material--and their audience. British song interpreter Barb Jungr and Broadway star Jarrod Spector round out the season, with the final artist to be announced soon. Insightful interviews with the performers open each episode, taped live at the Katharine Hepburn Cultural Arts Center, an intimate 250-seat venue in Old Saybrook, Connecticut. TVPG

12am **NOVA.CC #4708** *Saving Notre Dame*. When the roof of the Notre Dame cathedral erupted into flames in April of 2019, firefighters battled for nine grueling hours to save the historic landmark. Still, Paris came alarmingly close to losing over 800 years of history. Now engineers and scientists are racing to protect and ultimately rebuild the medieval structure. But it's a complicated and dangerous task. Underneath the charred scaffolding and vaulted ceilings of the cathedral, scientists study the components of Notre Dame's iconic structure to puzzle out how best to repair it. Deep below the streets of Paris, researchers explore medieval quarries, investigating the marine fossils they hold to figure out where the cathedral ceiling's original limestone was mined from. In a cutting-edge laboratory, glass conservators painstakingly repair Notre Dame's stained-glass windows, removing vaporized lead left behind by the inferno. And in the countryside, carpenters show how specific trees could be chosen for their grain to mimic the curves of the timbers of the cathedral's towering attic-the so-called "forest." As luck would have it, advanced scanning technology had recently been used to create an elaborate digital model of the cathedral, creating an invaluable reference for the original structure. Even as investigators try to piece together what happened the day of the fire, scientists come together across disciplines to determine how they can reconstruct this icon of history and culture-and how such a catastrophe can be avoided in the future. Curriculum: The Earth is a very rare and wonderful planet

in the vastness of space, with its ideal size, its distance from its sun, its breathable atmosphere, liquid oceans, and ability to sustain life. "Earth Camping" - Mr. Petersen and Mitchell go camping with Carrot and Jet. The two dads have opposite approaches to setting up tents and preparing food, but when the dads get off track during a hike, the boys help them all find their way back using the compass, and the skills they've learned from their dads (turns out the kids were paying attention all along!). Curriculum: We can find our place outdoors by understanding how to find direction - north, south, east, and west. The Sun rises in the east and sets in the west. A compass uses the Earth's magnetic field to find which way is north (the small magnet inside the compass is drawn by the Earth's magnetism to point to the north pole). TVY

5:30 Arthur.CC #1703 *Molina's Mulligan/Buster Bombs.* ARTHUR is based on the best-selling children's books by Marc Brown. The series revolves around an eight year-old aardvark, his four year-old sister DW, and their family and friends. ARTHUR is a show about being a kid, exploring the world, and finding your place in it. It's about kids finding inner strengths, learning to make choices for themselves, taking responsibility for them and of course, having fun. In each episode, Arthur and his gang guide us through stories that deal with real "kid issues" -- timeless difficulties and joys that all kids experience. The series also models the joys and rewards of literacy by presenting the many ways kids and adults incorporate reading and writing into their lives. Above all, ARTHUR is a comedy that tells its stories from a kids' point of view, never moralizing or talking down to them. TVY

8am Xavier Riddle and the Secret Museum.CC #106 / *Am Isaac Newton/I Am Golda Meir.* I am Isaac Newton Xavier tries mini golf for the first time, and things don't exactly go as planned. No matter how hard and fast he swings, the ball never goes in the hole... To the Secret Museum! Our trio are sent back in time to meet an expert in the laws of motion: Sir Isaac Newton. Isaac is in the middle of his own problem, trying to figure out how he can out jump boys who are clearly bigger than him. Instead of attacking the problem hard and fast, Xavier style, Isaac takes a much calmer approach with the use of a thinking tree and a thinking kite. When he finally solves his problem and wins the long jump competition, Xavier realizes how much better it is to slow down and think through problems. I am Golda Meir When Yadina finds turtles crossing the bike path in the park, she becomes very worried about them - what if they get hit by a bike? Or a trike? She wants to help them stay safe, but what can she do? This problem seems way too big for her. To the Secret Museum! Our heroes go back in time to meet an expert problem solver: Golda Meir. They find Golda in the midst of a big problem herself: a bunch of the kids at her school don't have access to the books they need! This is another toughie. But Golda, undaunted, comes up with the idea to hold a community fundraiser to get money for the books, showing Yadina that she should tell people when there's a problem so you can solve it together. 5am Ready Jet Go!.CC #137 Castaway Carrot/Jet Can't Sleep. After an afternoon on the Moon, Celery, Jet, and Sunspot discover, as they fly to Earth, that they have mistakenly left Carrot on the Moon! Then the saucer malfunctions and they receive news of a possible solar storm headed their way. In a nail-biter, Jet and Sunspot do a mid-outer space repair job - as per Celery's instructions -with Carrot comically adapting to the Moon environment. In the end, the saucer is fixed, Carrot is rescued, and the solar storm heads in the opposite direction of the Moon. / When a loud thunderstorm hits the neighborhood one evening, the Propulsions are woken up. They gather in the kitchen as the noisy storm rages on, and Jet is too excited to get back to sleep. Carrot, Celery, and Sunspot are sympathetic - they're in the same boat! During the night they all learn about Earth storms as compared to storms on other planets. And then they all try to get Jet to fall back asleep, a seemingly impossible task. They use more and more absurd methods, until Celery has a conventional Earthie solution: sing a lullaby. TVY
5:30 Arthur.CC #1706 Speak Up Francine/Waiting for Snow. ARTHUR is based on the best-selling children's books by Marc Brown. The series revolves around an eight year-old aardvark, his four year-old sister DW, and their family and friends. ARTHUR is a show about being a kid, exploring the world, and finding your place in it. It's about kids finding inner strengths, learning to make choices for themselves, taking responsibility for them and of course, having fun. In each episode, Arthur and his gang guide us through stories that deal with real "kid issues" -- timeless difficulties and joys that all kids experience. The series also models the joys and rewards of literacy by presenting the many ways kids and adults incorporate reading and writing into their lives. Above all, ARTHUR is a comedy that tells its stories from a kids' point of view, never moralizing or talking down to them. TVY

8pm NOVA.CC #4515 *Last B-24*. In 1944 a smoking, battle-scarred B-24 Liberator bomber known as the Tulsamerican crashed into the choppy seas off the coast of Croatia, entombing three of its occupants under 135 feet of water. For years they were lost to the world-and their families. But in 2010, nearly seventy years after the crash, divers located the plane. And in 2017, the Department of Defense, aided by the Croatian Navy and some of the world's leading underwater archaeologists, set to work investigating the wreckage. Were the B-24s truly as dangerous as the nickname "the Flying Coffin" suggested? And what does that mean for the recovery of the fallen airmen? Now, NOVA joins a team of archaeologists on a dangerous mission to recover and identify their remains. They will deploy advanced mapping and diving technologies and sift through tons of sediment-eventually to find artifacts and other tantalizing clues. From the recovery of the remains to the subsequent forensics and DNA analysis of the remains in the laboratory, the story of the Tulsamerican is riveting and emotional. NOVA documents it all, including the moment a family hears the words they never expected to hear: "On behalf of a grateful nation..." TVPG

2pm My Greek Table with Diane Kochilas.CC #302 *The Athenian Riviera*. Who says you need to go to the islands for a bit of sea and sun? One of the most charming aspects of life in Athens, but one often overlooked by the millions of visitors who pass through every year, is the seaside resort area locals like to call the Athenian Riviera. From gorgeous cafes, to bustling nightlife, traditional fish markets right off the boat, yachting and other water sports, and so much more, the area just 20 minutes south of the Greek capital is a world away. Diane visits a fish market where the catch is literally right off the boat, enjoys a sail along the coast, and returns to her own kitchen to transform that urban sea breeze into three delicious, contemporary Greek recipes, inspired by the cosmopolitan bustle and fun-loving spirit of the Athenian coast. Spanakopita Mac N Cheese; Baked Feta-Stuffed Calamari; Sloppy Yianni; Pan-fried Red Mullet and Sardines. TVG

2:30 Chef's Life.CC #510 *King Cornbread*. Vivian visits a Kinston institution that merges cornbread with another Southern signature to make "pig and a puppy," then crafts a version for a charity dinner. Mrs. Scarlett and Ms. Lillie's cornbread cook-off showcases their different traditions. TVG

2pm Passion Italy.CC #101 *Sicily.* Journey along the coast where centuries of invaders left their mark - yet traditions remain strong. Modern royalty and craftsmen equally represent the continuing historic charm of the region from Palermo to Castelvetro. Alessandra visits the workshops of a Pupi Siciliani puppet maker, a cart painter, and a coral carver, each carrying on the distinctly Sicilian traditions of generations before them as one of the last of their kind. Visits with a countess and a princess to palaces seldom seen by tourists reveal magnificent architecture and hidden Italian history, including the early origins of vegetarian cooking. An exploration of Sicily's culinary gems also includes the surprisingly beautiful salt pans in Trapani, granita as perfected by generations of a family, a visit to the lively fish market, and one family's innovative approach to the famous Marsala wine. Viewers will also discover Europe's oldest archeological site at Selinunte and virtually participate in one of Sicily's most spectacular historic parades. TVG

2:30 Rick Steves' Europe.CC #703 *Rome: Back-Street Riches.* In this third of three episodes on the Eternal City, we explore this grand metropolis-so rich in art and culture-on a more intimate scale, delving into its back lanes and unheralded corners. Venturing through the crusty Trastevere district, visiting the historic Jewish Ghetto, and enjoying art treasures in a string of rarely visited churches, we uncover charms of hidden Rome that compete with its marquee sights. TVG

3pm Richard Bangs' Adventures with Purpose "New Zealand: Quest for Kaitiakitanga".CC In his second hour-long Adventures With Purposespecial, Richard Bangs travels to the southernmost reaches of civilization to uncover New Zealand's pristine natural beauty, alluring culture and enigmatic mythology. In RICHARD BANGS' ADVENTURES WITH PURPOSE "New Zealand: Quest for Kaitiakitanga," the father of modern adventure travel traverses the most physically and climatically diverse landmass in Polynesia in the pursuit of an age-old Maori tradition. In this new special, Bangs seeks answers to questions rooted in indigenous wisdom, hoping to unearth the meaning and origins of "kaitiakitanga," the responsibility of human beings to protect the natural world. Today's Kiwis believe the knowledge of the ancients may hold a key to the planet's survival. Bangs begins his 1,000-mile trek in Mt. Aspiring National Park, where he navigates north to the Franz Joseph Glacier and then to the east coast town of Kaikoura. From there, Bangs crosses the Cook Strait to the North Island and the capital city of Wellington. He next visits the Taupo region, heads to Hokianga Harbor, and finally makes his way to Cape Reinga on the upper tip of New Zealand, where he encounters the great tangled "spirit tree" of Maori myth. 10:30 Songs at the Center.CC #511 SONGS AT THE CENTER is a new national music series featuring accomplished singer-songwriters performing "in the round" before a live audience. The weekly, half-hour program showcases three-to-four artists per episode, and includes interviews and short features. Songs at the Center is hosted and co-created by Eric Gnezda, an award-winning songwriter and Emmy-nominated TV journalist, who conceived the program based upon his decades of performing in venues across America, from concert and convention halls, to Nashville's iconic Bluebird Cafe. TVG

11pm Song of the Mountains.CC #1310 *Judy Marshall / Jim Lauderdale.* SONG OF THE MOUNTAINS showcases the best talents in bluegrass and old-time country music from the heart of the region where it all began. Performances are held at the beautifully restored Lincoln Theatre in Marion, Virginia. Hosted by Tim White. The Lincoln Theatre in Marion, Va., was originally built in 1929. The theatre is on the National Register of Historic Places and has been designated a Virginia Historic Landmark. It is one of only three existing Mayan Revival-style theatres in America. Once known as the "finest showplace in Southwest Virginia," The Lincoln has been restored to its former grandeur, now fully accentuated by state-of-the-art computerized sound and lighting systems. WHAT'S NEW ON

WSIU | Passport

TUNE IN THIS MONTH FOR SCIENCE, DRAMA,
AND THE BEST OF SOUTHERN CUISINE

In the mood for a new mystery series? *MASTERPIECE*'s **BAPTISTE** should do the trick. One of *The Missing*'s best-loved characters returns in *Baptiste*, a standalone spinoff series with Tch ky Karyo reviving his role as French detective Julien Baptiste. Tom Hollander (*The Night Manager*) and Jessica Raine (*Call the Midwife*) round out the cast of the six-part crime drama, set in Amsterdam. All six episodes are available for streaming in Passport.

THE GENE: AN INTIMATE STORY is co-produced by WETA and Ken Burns and is based on Dr. Siddhartha Mukherjee's bestselling book on how genes impact heredity, disease, and behavior. The series uses science, social history, and personal stories to weave together a historical biography of the human genome while also exploring the stunning breakthroughs in understanding the impact genes play in our lives. The four-hour series is now available in Passport.

Explore southern traditions both old and new with **SOMEWHERE SOUTH**. The series follows award-winning chef Vivian Howard as she explores savory dishes uniting people and creating new traditions across the American South. The series is now available to stream in Passport.

WAMU & NPR NAME JENN WHITE AS NATIONAL HOST OF 1A

If you listen to *1A*, you may have noticed a few changes. This spring, Joshua Johnson departed from the program and this summer (effective July 6) Jenn White will join the show as it's new host.

White comes to *1A* from WBEZ Chicago, where she hosts the station's midday talk program *Reset with Jenn White*. She also hosted WBEZ's critically acclaimed podcasts *Making Oprah* and *Making Obama*.

THERE'S A NEW VOICE ON MORNING EDITION

By Amelia Blakely

Before she became *Morning Edition*'s new host on WSIU Radio, Leah Lerner was curiously wondering at WCIL-FM River Radio about what existed beyond the job she had done for decades.

"I spent half my life there and I wanted to see what else was available," Lerner said. "I expected to have to leave radio because there really aren't a lot of radio options in southern Illinois."

To her surprise, she found one.

Anchoring the news is different for Lerner but it's an opportunity and challenge to recreate herself

"I am excited to build on my love of the news by joining *1A* as host, to moderate conversations around the most important issues of our time," said Jenn White. "*1A* is a show by, and for our listeners, and I can't wait to talk to them about the most salient topics facing our country, to find solutions and hold those in power accountable."

1A airs weekdays at 9am on WSIU Radio.

**"WE HEAR SO OFTEN THAT WHEN
EVERYTHING ELSE IS CHAOS IN YOUR
LIFE, YOU CAN TURN ON YOUR RADIO
AND HEAR A FAMILIAR VOICE.**

- Leah Lerner, WSIU

from her alter ego at the FM music station, Lia Mira, to the calmer *Morning Edition* host, she said.

Lerner came to the local area to attend Southern Illinois University Carbondale from Centralia. "It's so important for them to know the person they're listening to lives in their town or the next one," she said. "We hear so often that when everything else is chaos in your life, you can turn on your radio and hear a familiar voice. I hope I can become that familiar voice on the radio for new listeners now."

She landed a job at then-Zimmer Radio Group as a student and later a full-time position after she graduated from the Radio, Television and Digital Media Department at SIUC.

As a local resident, she understands the communities and the importance of having that local voice sharing the latest news story about their place in the world, she said.

A WORD FROM THE DIRECTOR

Like many of you, the WSIU stations are looking to establish a new normal as we serve our audience

during these most uncertain times. As our region grapples with COVID-19, our WSIU Radio news team has been hard at work providing up-to-the-minute essential information about the state's response to the virus - including fact-based reporting on the local health and economic impacts of COVID-19. From breaking news to live coverage of the Governor's daily news conferences, WSIU Radio is committed to keeping you well-informed during this extraordinary period in the life of our country.

When schools ended in-person teaching this spring, WSIU-TV moved quickly to support teachers and families with a multi-platform home learning service for middle and high school students and offering a round-the-clock educational channel for young learners. The recently-launched PBS KIDS 24/7 channel provides a much-needed resource for trusted and family-friendly educational programming for children. The service is available for free over-the-air via antenna and on select cable systems. The service can also be streamed for free at pbskids.org and on the PBS Kids Video App.

In the latest example of our ongoing partnership with parents, teachers, students, and the Illinois State Board of Education, Illinois public television stations developed a state-wide, multi-platform home learning service for middle school students - offering some of public media's most informative and educational series complete with corresponding curriculum materials from PBS LearningMedia. The WSIU stations will continue carrying WORLD Channel's At-Home Learning instructional television content for high school students, weekdays from 11-4pm through August 2020.

We fully expected this new package of programs and services to evolve over time as we received input from teachers and learners about how we can best address their needs with our public media resources. Based on the feedback, we will extend our multi-platform instructional television service for middle school students throughout the summer months. Beginning June 1, the block will be modified to weekdays from 1-3pm on our main HD channel.

We believe these new offerings will add valuable support to families as they focus on home learning while schools are closed over the summer break.

In closing, please know that our dedicated WSIU staff will continue doing their very best to serve you in the days and weeks to come.

Stay safe, stay well.

- Jak Tichenor,
Interim Executive Director

INDIE LENS POP UP HIGHLIGHTS FAKE NEWS, MEDIA LITERACY

This month's community film screening and discussion is online! We're organizing a free digital screening of *Recorder: The Marion Stokes Project*. Stream the film and interact with others in the comfort of your home. For more information about how to get involved, contact Beth Spezia at outreach@wsiu.org.

ABOUT THE FILM: Produced and directed by Matt Wolf and filmmaker Kyle Martin, *Recorder: The Marion Stokes Project* explores the life of Marion Stokes. A fiercely intelligent, radical activist who became a fabulously wealthy recluse in her later years, Marion Stokes was dedicated to furthering and protecting the truth — so much so that she recorded American television 24 hours a day for over 30 years. The documentary peels back the curtain on Stokes' life, through a mix of Stokes' own archive of recordings and interviews with those who knew her best.

Tune in for the television broadcast of *Recorder: The Marion Stokes Project* **Mon, Jun. 15 at 9pm** on WSIU & WUSI TV. The program will broadcast on WORLD Channel **Wed, Jun. 17 at 6pm**.

This summer, we will continue to preempt the PBS KIDS afternoon block with instructional content for middle school students but with a slight modification. Beginning June 1, the instructional television block for middle school students (grades 4-8) will move from 1-5pm to 1-3pm.

SIU STUDENTS RECOGNIZED FOR OUTSTANDING SERVICE

WSIU is proud to recognize the following individuals for outstanding work in broadcasting and for their professionalism and achievement for duties performed at the WSIU Stations:

- **HANNAH FRISCH** - Lee O'Brien Award
- **TAQUISHA ELLIS** - Student Services Award
- **KYLER GUEBERT & MADELINE PARKER** - TV Student of the Year Award
- **AMELIA BLAKELY & JACOB GORDON** - Radio Student of the Year Award

Congratulations to the award winners and best of luck to WSIU's graduating senior class!

WE'RE KICKING OFF THE SUMMER WITH A NEW KIDS SHOW!

Hero Elementary is a school for budding superheroes, where kids learn to master their innate powers, like flying and teleportation, while exploring science along the way. Together, they help people problem solve. When their imperfect powers aren't up to the task, they look to their other powers - the Superpowers of Science - to figure out a solution. *Hero Elementary* teaches children ages 4 to 7 to solve problems by thinking and acting like scientists and igniting their natural curiosity and empathy.

"HERO ELEMENTARY IS THE PERFECT SHOW TO TEACH CHILDREN THE POWER OF STEM SKILLS.

- Linda Simensky, Head of PBS KIDS Content.

The science curriculum in *Hero Elementary* addresses crucial components of children's learning such as the ability to develop and test ideas, ask questions, predict, and observe – skills known to contribute to learning in other content areas, such as literacy, language development, and critical thinking.

The series debuts nationwide on PBS weekdays at **7am** and **3:30pm** beginning June 1. Look for it on the PBS KIDS 24/7 channel and on the PBS KIDS digital platforms.

LOCAL FILM FEATURED IN THE 2020 PBS ONLINE FILM FESTIVAL

WSIU is proud to return as a producing partner for the 2020 PBS Online Film Festival with *Do Not Disturb*. Developed by SIU student filmmakers Mackenzie Rosario of Clarksville, Tennessee and JT Boehme of Taylorville, Illinois, *Do Not Disturb* began as a class project offering a stark glimpse into the tragedy of texting and driving.

Do Not Disturb is one of only 25 short films being featured in this year's festival. Each film was chosen based on four key attributes: storytelling, creativity and originality, quality of performance, technical execution in camera work, sound, lighting, and editing. This national festival awards

prizes for Most Popular and Juror's Selection. Stream films during the voting period, which will run from July 13-24 and vote each day for your favorite film at pbs.org/filmfestival.

"Each year WSIU challenges ourselves to showcase innovative storytelling through our work with the PBS Online Film Festival," said Jak Tichenor, WSIU's Interim Executive Director. "WSIU is pleased to provide this unique opportunity to student filmmakers. Through this festival, with millions of audience members, they can make as much of an impact on digital screens as they can on big screens in theaters."

MEET OUR GOOD NEIGHBORS!

The One Region All Neighbors campaign highlights individuals, businesses, and organizations who are working to improve the quality of life in their community via acts of kindness and compassion. WSIU is proud to recognize these people and groups who make a difference in our world!

BUSINESS - DAVID MATTINGLY OF HERRIN DRUG, HERRIN, IL

INDIVIDUAL - STAN NEWNAM, MT. VERNON, IL

COMMUNITY GROUP - TIM COULSON, COLP, IL

EDUCATOR - ANDREA MOONEYHAM, CARTERVILLE, IL

Vote for your favorite neighbors each month at wsiu.org/neighbor.
