Updated HOMR Script for Electronic Payments Coalition (EPC) Sponsorship – March 2024O

Millions of Americans earn and use credit card rewards.

Corporate mega-stores want to take those rewards away.

Rewards we use on groceries and school supplies.

The cash back to save on gas and grow our small businesses.

And travel miles we use to make memories.

The Durbin-Marshall Credit Card Bill would eliminate credit card rewards.

No more travel miles. No more cash back.

When lawmakers help corporate mega-stores line their pockets, American families pay for it. Tell your Senator to OPPOSE the Durbin-Marshall Credit Card Bill.
