Re: Notice of Election to Exercise Must Carry Rights

Dear System Manager:

Previously on September 28, 2011, KSQA,L.L.C., then construction permittee of full power television station KSQA, Topeka, Ks, in the Topeka Nielsen DMA, operating on channel 12 pursuant to Program Test Authority, and located at 800 SW Jackson street, Suite 1407, provided you with notice that it had elected to assert its MUST CARRY rights, pursuant to Section 76.66 of the Rules and Regulations of the Federal Communications Commission [FCC], 47 Code of Federal Regulations, Section 76.66 and elected to be carried on channel 12. You replied, incorrectly, that KSQA was not operating.

On November 29, 2011, the FCC granted KSQA LIC a license for KSQA . KSQA now operates on a twenty-four-hour-seven-days-weekly basis. KSQA now re-asserts its rights and once again request that your system commence carriage of KSQA pursuant to FCC rules.

Should you require any additional information in connection with this election, please contact me.

Sincerely,

Gregory Talley  
Operations Manager

CERTIFIED MAIL-Return Receipt Requested

Erin E. Rider  
General Manager  
Programming Department  
9601 South Meridian Boulevard  
Englewood, Co 80112

Re: Notice of Election to Exercise Must Carry Rights

Dear Erin E. Rider

This is in response to your letter of February 3, 2012

Section 76.66(d)(3)(ii) of the Commission's Rules provides that a new full power broadcast station must elect must carry status from a satellite provider by sending an election letter within sixty (60) days before or thirty (30) days after commencement of broadcasting. In your November 3, 2011 letter, Dish Network acknowledges receipt of our election letter post-marked September 28, 2011. KSQA filed its license application and began broadcasting pursuant to automatic program test authority on September 29, 2011. As such, KSQA was clearly within the regulatory timeline for making a valid election.

It has now been months since Dish Network has not commenced carriage of KSQA without legal justification. For the third time, KSQA request Dish Network to commence carriage of its signal pursuant to the Commission's Rules. KSQA request Dish Network provide KSQA written notice within the next ten days of its intent to commence carriage within thirty days.

Sincerely,

Re: Notice of Election to Exercise Must Carry Rights:

On September 28, 2011, KSQA L.L.C., then construction permittee of a full power television station KSQA, Channel 12, Topeka, Kansas, in the Topeka Nielson DMA, provided you with notice that it had elected to assert its MUST CARRY rights, pursuant to Section 76.66 of the Rules and Regulations of the Federal Communications Commission [FCC]. Under FCC rules, carriage was required to be implemented on or before December 29, 2011. No response to the request was received. On January 27, 2012, KSQA LLC, licensee of KSQA provided you with a second notice and again re-asserted its rights for carriage. To date, no response confirming your intent for carriage has been received. Additionally, telephone messages seeking a response to the carriage requests have not been returned.

We request that you notify us in writing within the next ten days confirming that the system will commence carriage of the signal of KSQA within the next thirty days. Alternatively and regrettably, we will be compelled to file a complaint with the FCC. We ask that you cease ignoring and instead voluntarily comply with the FCC Rules and Regulations.

Sincerely,

Gregory Talley
