Report of Noncompliance instance
Joy Media Ministries/KCAM AM Radio
Facility ID **49563**

8/9/2022

FROM: Compliance Officer Scott Hill

An instance of not timely uploading 2 political ad requests within the prescribed next business day occurred on Tuesday, August 2, 2022, wherein the Compliance officer made sure to scan finished documents but did not immediately upload the files to the OPIF by Wednesday, August 3, 2022 (extenuating circumstances included long days Tuesday and Wednesday Aug 2nd and 3rd for a nightly Senior Auction that was taking up most of the attention). The oversight was discovered on Monday, August 8, 2022 and the materials were immediately uploaded and recorded in the Compliance Report sheet as being uploaded 3 business days late. To remedy the possibility of this happening again a review of the compliance responsibilities will be discussed at the August 9, 2022 Tuesday Morning Staff meeting, including the Compliance officer's request that the Program Director specifically start asking and determining on a daily basis whether or not any political ad requests came in that day and if so, whether they were uploaded to the OPIF before the Compliance Officer leaves for the day. This questioning will continue through the end of this year's political season and be implemented in future plans of each following political season.

This noncompliance report is submitted within 10 calendar days after discovery of the instance of noncompliance, in accordance with ¶16 of Joy Media Ministries' Consent Decree POL-021422-24906638 dated March 11, 2022.

To be emailed to the following: All reports of noncompliance shall be submitted to the Political Programming staff: Robert Baker, Assistant Chief, Policy Division, Media Bureau, Federal Communications Commission, at Robert.Baker@fcc.gov; Gary Schonman, Special Counsel, Policy Division, Media Bureau, Federal Communications Commission, at Gary.Schonman@fcc.gov; and Sima Nilsson, Attorney-Advisor, Policy Division Media Bureau, Federal Communications Commission, at Sima.Nilsson@fcc.gov.
