**01/05/2016 Synopsis.** My Parents Are Separating—What Should I Do? Divorce has a mournful ring of finality to it. But when your parents have only separated, and you still don't know whether they will divorce or not, the uncertainty can be deeply troubling.

**02/02/2016 Synopsis** My Parents Are Separating—What Should I Do? At first, you may find yourself feeling depressed, tired, unable to concentrate, or even explosively angry at times. Or you may just feel numb. All of these are common reactions to an extreme situation—one that occurs all too frequently these days.

**03/02/2016 Synopsis.** My Parents Are Separating—What Should I Do? Remember first that a separation is rarely as simple as one parent being all "bad" and the other being all "good." Your parents have probably not told you everything about their marriage or its breakup; they may not even understand it themselves. So avoid judging a situation about which you do not have the whole picture

#### 2. - News that Impact our Community (Morning show section).

Every day Monday through Friday we transmit capsules and live mentions live in our morning show 7:00 to 10:00 am with comments of the most relevant news, international and local.

#### 3.- Opinion / Make your life better (Spanish "Mejora tu vida")

Tips and opinions Pre-recorded capsules with different current topics. Two or three capsules per month, which are transmitted during the week.

**01/16/2016 Duration. 15 minutes.** What Can You Do About House Repairs? Make out a schedule for preventive maintenance, and then stick to the "appointed time" to do it. You may choose to mark the days for such work on your calendar. This will alert the other members of your family to be free to help out as needed.

**02/13/2016 Duration. 15 minutes.** There are two golden rules for proper house maintenance. First, prevent as many problems as you can before they start. And second, tackle as quickly as possible problems that do occur. Inspect your house carefully in the spring or in the fall, giving attention to the roof. Not only may leakage damage the interior of your home but it may also damage the walls and outer surface of the building.

**03/13/2016 Duration. 15 minutes.** If your house is surrounded by trees, then autumn may bring the problem of dead leaves collecting in the gutters, blocking the flow of rainwater. Therefore, examine the gutters and downspouts. Seal any leaks with a waterproof caulk. Applying a coat of a good topcoat gloss paint will provide protection for metal gutters.
