**Corvallis, Oregon**  
**Quarterly Issues/Programming List**  
**2nd Quarter, 2016**

KEJO-AM provides listeners with programming and public service announcements addressing issues of concern, as well as community events to Linn and Benton Counties, and surrounding areas. Among the issues determined to be of concern to our community during the calendar quarter were:

**Healthcare:** The fallout from the ACA continues to be felt by Oregonians as exchanges dissolve and the price of individual increases exponentially. Now, several health insurers have announced they are leaving the individual market completely.

**Employment:** In the aftermath of the great recession few people who had jobs were willing to give them up because of the tight labor market. Now with unemployment in the 4 to 4.5% range, many people are looking to change jobs.

**Wage and Hour:** A number of recent changes have complicated the way businesses large and small deal with issues of HR. From sick leave, to minimum wage, and overtime exempt employees, a number of new laws from the state, and the feds have changed the landscape dramatically for employers.

**Returning Vets:** The issues of returning vets continue to be a main concern for Oregon. A number of cases of vets with severe PTSD snapping have grabbed the headlines. How to deal with PTSD has caused a number of groups to look at different and novel ways to approach the problem.
