What are the most important needs and problems facing your community? What are the major needs and problems facing your community as they concern your group or organization?

As one of 25 AAAs in Virginia, a big challenge is figuring out how to best continue to provide quality senior services to the region. We hope to highlight the new initiatives for 2012 to help the aging network in Virginia and across the country. One of the main goals this year is to help the baby boomers be ready for retirement to respond to the anticipated increase of services that will be needed in the Fredericksburg area, this year and beyond.

Director of the Rappahannock Area Health District

What are the most important needs and problems facing your community? What are the major needs and problems facing your community as they concern your group or organization?

The need for increased access to affordable health care continues to be pressing. Finding a way to reduce rates of sexually transmitted diseases and reduce tobacco use. Developing a plan to make people more aware of the need for early colon cancer screening and diabetes testing can help save lives. Making affordable dental care more available in the Fredericksburg region would reduce overall healthcare and insurance costs.
