Annual EEO Public File Report Form

Covering the Period from *June 1, 2018 to May 31, 2019*

Stations Comprising Station Employment Unit: KVNU, KVFX, KLZX, KBLQ, KLGN, KKEX, KGNT

Section 3: Supplemental (Non-Vacancy Specific) Recruitment Activities Undertaken by KVNU, KVFX, KLZX, KBLQ, KLGN, KKEX, and KGNT.

Training (unit personnel involved: Sales and Sales Management; Programming and On-Air)

* All members of the Cache Valley Media Group Sales Staff engage in periodic training sessions to review techniques and industry trends. New sales representatives are able to advance from a base salary to a commission income after 90 days, upon completion of training session "Series 2000: A Sales Training and New Business Development Series for Radio," "RAB Online Training Academy," and/or according to the General Sales Manager's discretion.

* Sales Staff regularly participate in Sales Training conducted by sales consultant Matt Burgoyne.

* Programming and on-air staff participate in regular training by programming consultant Alan Hague.

* Sales and management level personnel have participated in webinars hosted by the Radio Advertising Bureau to review marketing and sales techniques, as well as managing sales teams.

* Cache Valley Media Group employees regularly attend Cache Chamber of Commerce Leadership Luncheons that are held every month.

Utah Broadcasters Job Fair (unit personnel involved: Vice President of Operations)

The Cache Valley Media Group helped organize, publicize and execute the Utah Broadcasters Association Job Fair on March 6, 2019. Management-level personnel attended the job fair and met with at least 20 prospective interns and employees. Promotional announcements were made on-air, displayed on radio station websites and flyers for the job fair were posted on premises.

Cache Valley Job Fairs (unit personnel involved: Vice President of Operations and General Sales Manager)

The Cache Valley Media Group organized and promoted its own community job fair on September 20, 2018 and again on April 24, 2019. Over 50 businesses and organizations from throughout the community participated, as well as the Cache Valley Media Group. Promotional announcements were made on-air, online and on Facebook to promote the event. Management-level personnel from the Cache Valley Media Group attended to discuss employment and intern opportunities. Over 500 people attended the job fair.

Business-to-business (unit personnel involved: Sales and Sales Managers)

The Cache Valley Media Group helped sponsor multiple business-to-business events over the course of the last 12 months, including the Cache Business Summit (sponsored by the Utah Small Business Development Center), several USU Partners in Business conferences and the World Trade Center Utah. Cache Valley Media Group employees attended these events and had time to speak to participants about business and employment opportunities.

Tours (unit personnel involved: Vice President of Operations, Program Directors)

Staff members regularly conduct tours of the Cache Valley Media Group facility for Cub Scouts, Boy Scouts, church groups, Cache Employment and Training Center and others to inform them of the education and training that may be required to obtain employment or advance a career in the broadcasting industry.

Internships (unit personnel involved: News Director, Vice President of Operations, Program Director of KVFX)

Five interns participated with the Cache Valley Media Group through the year. Intern responsibilities included, but were not limited to: assisting in news gathering, producing talk shows, assisting on-air DJs, audio transcription, sports photography, videography, web design, and sports reporting.

Jobs Reports (unit personnel involved: KVNU morning announcers, KVFX morning DJs)

KVNU hosts a bi-weekly jobs report from the Utah Department of Workforce Services. This free report has been going on since at least the 1960s. A representative from the Logan Workforce Services office calls the station every Tuesday and Thursday morning to report on new job openings, job training or job fairs in the area.

KVFX hosts a daily, sponsored jobs report with Express Employment Professionals. The report airs each week day at 9:20 a.m. with a representative from Express Employment Professionals to highlight local employment opportunities in the community.

Dear Eric Frandsen ,

Our records indicate that **Deon E Miller** has been working as an intern with your organization this semester. As students receive academic credit for their experience, it is important for us to learn about their performance and how they handled their responsibilities. To that end, please take a few minutes to complete the following survey.

Follow this link to the Survey:

[Take the Survey](#)

Or copy and paste the URL below into your internet browser:

https://byui.az1.qualtrics.com/jfe/form/SV_0B1fIARr1IAI17j?Q_SS=ab1VRXuDNXS9WT3_0B1fIARr1IAI17j&Q_CHL=email

Evaluations will not be shared with the student but will be viewable by the student's Internship Coordinator.

Please note - evaluations are typically sent two weeks before the student's end date. If this message is coming to you early, the student's Internship Coordinator is requesting an evaluation in conjunction with the end of the semester to give the student a grade. We ask that you complete the evaluation now, though the student will continue working until the agreed-upon end date.

We appreciate your feedback and look forward to working with you again in the future.

Sincerely,

Linda Williams
Internship Processing Coordinator

To whom it may concern,

My name is Deon Miller. I am a senior at BYU Idaho in their Web Design/Development program and will be graduating in the winter. For this program we are required to fulfill a 300-hour paid internship with a company of our choosing. Paul and I serve at the local Family history center and he recommended that I come and talk to you to apply.

Some of my qualifications include being a full-time online student with an average GPA of 3.56. I have taken many courses in design and have experience with Adobe Illustrator, Adobe Photoshop, Adobe InDesign and Adobe XD. I have also had quite a few coding classes, which include: basic C++, basic JavaScript, HTML, CSS, Sass, PHP, and I am learning Foundations. I have experience using NetBeans, Brackets, Ruby Command, xampp, MySQL and databases. I also have experience working with Google Ads and SEO.

While my experience is limited as a student, I have learned how to learn. Learning is never ending in this field and to learn from you would be an honor.

I have created an online portfolio with some of my work. If you go directly to my main site it will bring you to a standard index and you can see some of the things I have been working on. If you go to: deonlightmiller.com/demdesigns you will see the portfolio. This site was created for a communication class and is not as responsive as some of my other sites, but you can see my work.

I have attached my resume. Thank you for taking time to review my resume. I am hoping to begin an internship in three to four weeks when the new semester starts. I look forward to hearing from you next week.

Thank you,

Deon Miller

Education

BYU-Idaho

Anticipated Graduation: spring 2019

Web Design/Development Major. Main focus on web design but high interest and multiple classes taken in development and computer information technology. Will have BA in Computer Science and certificates in CIT and Family History.

American Institute of Medical and Dental Technology

2000

Graduate of the Medical/Dental Secretary Program. Certified Medical/Dental Secretary. Completed a 180- hour internship as part of the program.

Selected Employment History

Alpine Orthopaedic Specialists

435-723-9700

March 2012 - April 2015

Front Office Specialist. I used my 15 years of excellent customer service skills to aide hurting and sometimes very upset patients. Built relationships with the patients while checking them in and explaining medical bills. As part of the Worker's Compensation team we ensure all new claims are accurate and ready to be billed.

Dr. Dustin Goodwin

435-257-7016

Sept. 2011 - Dec. 2011

Front Office/ Dental Billing. Increased multiple insurance compensation rates by 3%. Excellent customer service and team skills. Learned and began to implement new marketing ideas.

Northern Utah Eye Center

435-752-2020

Aug. 2007 - Jan. 2007

Office Manager. Working under Dr. Reed Jaussi, I gained office management skills. I saved the company over 10,000 dollars in patient and insurance refunds. Responsible for all medical billing, including insurance claims and patient billing. Provided excellent customer service and managed a small team of employees.

Service and Volunteer Experience

I am currently volunteering at the local family history research center 4 hours a week. I volunteered at my local elementary school putting together baggy books. I worked with a local food service company creating a new menu and visual marketing. I completed an 18-month service for my church where I learned to: work directly with the public, be part of a team, set goals and accomplish them, and present ideas and information.

Eric,

Thank you so much
for letting me do my
internship here. It
has been a pleasure
working here.

Thank you for trusting
me with all of your
sites.

It has been fun!

- Thank you!

Hi Eric,

This is Gabby Booth. Sherry Crosbie came and spoke to you about me doing an internship this trimester down at the radio station. I wanted to reach out and see if there would be a good time for me to meet up with you and go over all the details?

I look forward to hearing from you

Kind regards,
Gabby Booth

Eric,
Thank you for supporting our students and allowing
Gabby to have such a great experience. She loved her time
with you and learned so much. She is looking forward
to pursuing a career in broadcasting.

Sherry Crosbie
Internship Coordinator

Eric, thank you so much for allowing
me to have this opportunity interning
down at the Radio Station. I have learned
so much and have had a lot of fun.

Working with you and Ajay has been one of
the best experiences. I look forward to continuing
to learn and improve on my knowledge of
the broadcasting world. Thanks again for
all that you have done!

The Cache Valley Media Group (Summer 2020)

May 3, 2020

Dear staff,

It is an honor to be this close to getting a communications studies degree. I have yet to take a communications class that I disliked. My professors and classmates have positively impacted my life with their stories and ideologies. My experience as a communications studies major will influence how I impact the The Cache Valley Media Group in Logan. With great communicative skills, even a world class business can improve immensely.

The Cache Valley Media Group provides platforms for small businesses to get more promotion, as well as providing music on the radio. I met with Eric Frandsen who is the account representative. He informed me that they pair their interns up with someone in the facility and you work with them when they are at work. I will start interning for AJ and McCall, the young DJs at 94.5 KVFX "Utah's Hottest Music." AJ and McCall start their work by arriving at the facility early in the morning and I will be right there with them. I can switch rooms or switch people to intern for later in the summer, maybe to another DJ or for someone in the sales/marketing team. McCall informed me that every morning they plan out their future projects and topics. I will be helping with all of their creations and planning. I will be working about 24 hours per week and journal entrees for each week describing the different skills I use and learn and the different tasks we accomplish. The internship will last through the entire summer.

The main communicative skill that I will demonstrate is interpersonal communication. Since I will spend most of my time working in a small group of three, bringing good interpersonal communicative skills to the group every day can be huge. Genuinely listening to

ideas, expressing my own needs, and asking open questions are great ways to ensure that our group's communication is effective. Also, I can bring my own ideas to the table. One of my ideas for the media group is to live stream the DJs while they are live on the radio. This way they can be live on the radio and through video. This will be good for fans that want to watch their DJs as well as listen to them.

This internship sounds like a lot of fun, and a lot of learning. When I went to the media group to visit them, everyone was welcoming and kind. They are a respected organization in our community and I am eager to help their team be more successful.

Eric,

I wanted to thank you again for the chance to meet with you about the open position — I enjoyed getting to know you and getting a bit of a behind-the-scenes glance at the inner workings of the Media Group.

You seem like a genuinely great guy; it was cool for me to get to talk about the radio and podcast industries with someone I've heard on the air for years. Thanks for taking the extra time to talk with me after the filming. I was very appreciative of your time and interest!

Sincerely,
Brendon Cannon
