Quarterly Issues Programs List

Station: KIKN broadcasts programming responsive to issues & concerns to Salem/Sioux Falls, South Dakota and the surrounding service area.

April 1, 2018 through June 30, 2018

Section I. Issues

The station has identified the following topics as significant issues facing our community in this quarter:

- A. **Health Research:** A local health system wants to find cures or at the very least understand different aspects of curing different conditions.
- B. **Workforce Development:** As Sioux Falls and the surrounding area grows, there is a need to match worker's skills with available employment.
- C. **Mentoring:** An organization wants to make connections with the older sector of the community.
- D. **Education:** Sioux Falls has to deal with continued growth in its school system and how to face those growing pains along with keeping students safe.
- E. **Environment:** There is an effort to improve the status of the Big Sioux River, which is currently an impaired waterway.
- F. **Human Trafficking:** A local group advocates for victims of human trafficking.
- G. **Diversity:** As the population of Sioux Falls grows it also becomes more diverse and language barriers crop up when it comes to housing.
- H. **Health:** It's a continuing challenge for people to put the right things in their bodies so that they function properly.
- I. **Poverty:** From educational opportunities for children to being able to have a good meal, people are committed to help the less fortunate.
