KZTH 4th 2022 Quarterly Issue Report didn't upload-

I noticed as I was uploading quarterly reports that KZTH 4th quarter Quarterly Issues Report did not upload to the public file on January 10, 2023. This was also around the same time the FCC posted that their website was having issues. I specifically remember uploading KZTH to the public file on the same day as I uploaded the rest of our stations files.

Here is a picture of KIXO for reference:
