OIL

OIL PRICES DROP	VO	0:17	00:17	X	Oil Industry	6p	10/5/2023	Oil prices are dropping right now... With demand for gasoline hitting a 22-year low across the country. Several major oil producers, including Saudi Arabia and Russia, say they'll up prices. The statewide average for a gallon of gas right now, is about 3-30.
PIONEER EXXON	VO	0:38	00:38	X	Oil Industry	4p	10/6/2023	Big news for two big oil companies. Exxon Mobil could soon close a megadeal to buy shale driller Pioneer-- and we could see its effects here in the Permian. The Wall Street Journal says the U.S. oil industry and signal a wave of consolidation among shale companies. The 60-billion dollar purchase would push Exxon deeper into West Texas. Environmentalists and gas companies would invest record profits into 'green' energy. Sources familiar with the matter say if negotiations go well, an agreement between Exxon and Pioneer could be reached more coming up at six.
DUNES SAGEBRUSH	VO FS	0:46	00:46	X	Oil Industry	4p	10/6/2023	Thanks for joining us on NewsWest 9 at four. U.S. Senator Kevin Sparks, also a former Midland City Councilman, is showing his opposition to the Dunes Sagebrush Lizard being listed as a threatened species. He wrote a letter to the director of U.S. Fish and Wildlife. The letter reads, "While we acknowledge the importance of species conservation, we believe it imperative that your agency of this listing, on sectors of the oil and gas industry, which contributes to both Texas and U.S. economies." and quote it also says there's no reliable evidence that proves drilling influences the Permian, and that much evidence proves the opposite. It also claims there's no evidence as to whether frac-sand mining affects the lizard's population.
HONOREE FOR OIL SHOW	WIPE VO	0:32	00:32	X	Oil Industry	5p	10/6/2023	Speaking of oil and gas... this year's Permian Basin International Oil Show honoree is Charles Richard "Dick" Sivalls... Sivalls was born in Oklahoma City where he got his professional career in the oil industry. Sivalls is an active member of the First United Methodist Church in Odessa... he currently serves as president and chief executive officer for Sivalls, Inc... the oil show is recognizing his achievements in the industry as well as in the community. The show starts on Tuesday, October 17th and ends on the 19th.
ENERGY TALKS	VO	0:48	00:48	X	Oil Industry	6p	10/11/2023	The very first "energy talks" was held at U-T Permian Basin today... What are they? They're kind of like TED talks, but they focus on the energy industry. It was put on by shale oil and gas figures and leaders in the oil and gas industry as speakers. The idea for energy talks was inspired after an energy company CEO gave a well-received speech... Which then turned into a general public really does have the desire to learn more about energy, it is an extremely complicated topic. But they needed it in bite-sized pieces and they needed it to fit with their schedule. While there won't be any more energy talks this year, the plan is to have four energy talks in twenty-two, most of them being in Houston.
TX OIL AND GAS	INTRO	1:28	01:28		Oil Industry	6p	10/11/2023	At those energy talks... we learned more about the importance of our oil and gas industry right here in the Permian Basin. Jason Freund spoke with an expert... about its impact. Jason?
PIONEER EXXON	VO	1:07	01:07	X	Oil Industry	6p	10/13/2023	It's official! The world's fourth-largest energy company... Exxon-Mobil... is set to buy its rival Pioneer Natural Resources for 59-and-a-half billion dollars. The merger combines along with Exxon's acres in the Delaware and Midland basins. That means Exxon's oil production would more than double to 1-point-3 million barrels a day. And it's expected to go spoke to a local supplier about their thoughts on the merger-- you know anytime you see something like the merger that we saw yesterday we get to really understand how important being invested in this area. Whether it be Exxon acquiring Pioneer, other mergers and acquisitions that we've seen over the past few months and this year within the Permian Basin just how special this area is. > the deal is expected to close, early next year. It would make Exxon the largest single player in the Permian Basin.
PBIOS PREVIEW	VO	0:33	00:33	X	Oil Industry	4p	10/16/2023	The Permian Basin Oil Show is back at the Ector County Coliseum. Starting tomorrow, the show runs through Thursday, the 19th. Doors open at 10 and end at 6, tomorrow and Wednesday. It's one of the largest petroleum exhibitions in the world. NewsWest 9's Marcus Risen spoke with the president of the oil show and will have more coming up at five and six.
CRUDE OIL	WIPE VO	0:25	00:24		Oil Industry	4p	10/16/2023	Oil prices are rising today-- after escalating tensions in the middle east. West Texas intermediate-- briefly rose to 87-dollars and 98 cents. Some analysts expect oil prices to grow risk of regional escalation. The price of gas across the country sits at 3 dollars and 60 cents. In Texas, we're a little over 3 bucks. Most of West Texas is between 3-38 and 3-70.
PBIOS	LIVE BUMP	0:30	00:30		Oil Industry	4p	10/17/2023	The Permian Basin Oil Show officially kicks off at the Ector County Coliseum. This is a live look at the show, which runs through Thursday, the 19th. Doors open at 10 a.m. They close Thursday, it ends at 4. It is one of the largest petroleum exhibitions in the world. It showcases the latest industry technology, honors the industry's history and brings people together, from every phase of the petroleum industry. This is not for the public. The oil show is for oil industry personnel, only.
OIL EXPORTS	PKG	0:00	00:00	X	Oil Industry	6p	10/17/2023	There's a lot of that has to do with the available supply coming out of the two main oil fields, the Eagle Ford shale and the Permian Basin here in Texas, which the Permian is the largest oil field. Port CEO Kent Britton says if their record-breaking tonnage amounts continue through the port, Texas is the top 5 U.S. Exports as of this past August are gasoline and other fuels, crude petroleum, liquefied natural gas, civilian aircraft parts and passenger vehicles. Britton says in the third quarter was a 7.7 percent increase from last year. The new high mark primarily can be attributed to a jump in crude oil exports. The port of Corpus Christi has ranked for nine years, soon to be eight of the last 10. Britton says for jobs or starting a business, this is the place to be. We've seen roughly 60 billion dollars of investment into this region over the last few years. Has gone into creating good, high-paying jobs for this region.>
OILFIELD TRAFFIC	VO	0:48	00:47	X	Oil Industry	5p	10/18/2023	We all know how busy our roads can be, especially with oilfield traffic that's why TXDOT is promoting energy zone safety. DOT says driving on busy roads in our state's oil and gas production areas can be dangerous. Those large trucks and tankers can limit visibility and provide less room to maneuver. That leads to more traffic accidents... Texas' five main energy regions include the Permian Basin, Eagle Ford, Bakken, Permian, and Permian Basin. Last year, Texas had 78-thousand traffic crashes last year. Resulting in a little more than one thousand deaths... TXDOT says speeding and driver inattention are the top two contributing factors. Last year, Texas had 78-thousand wrecks... And nearly 400 deaths. And almost 900 injuries. That's why TXDOT is urging you to slow down... and stay focused around oilfield traffic.
OIL SHOW LIVE SHOT	INTRO	0:13	00:13		Oil Industry	5p	10/18/2023	It's day two of the Permian Basin International Oil Show. And West Texas is in the spotlight... Showing our importance... in the national and world energy market Tyler Dupnick is out there showing us what's going on?

JASON BEYOND THE BI	LLPKG		00:00	X	City & County	6p	12/6/2023	<"Well crystal, the holiday season is all about giving and as you can see, there is a lot of toys here. But these toys are going to go from here... to this room at mission agape which is be donated. But what you may not know about the toys you saw back there, is that they were all donated by a young girl at the age of five years old. "I'm giving bc this is five-year old harper grimes' "nat pop" and she is the one who rounded up all of these toys Well, not all by herself" . . . she had some help from her parents and neighbors. This is many toys either. "It just kind of snowballed and this is her third year. She raised one thousand and thirty dollars to shop for toys. And we have a lot of friends in the community who c estimate that we have up to one hundred and five to donate to at mission agape." some of the toys they got at major market stores who were having discounts others were picked up biz. From their house, they loaded up the toys in boxes and bags into cars and drove off to mission agape to donate them. Mission agape is looking to help eight to nine hundred fan over one hundred toys will certainly help. And such dedication deserves a reward... with the mission bestowing upon her a certificate appreciating her work. "it's just thanking her for out there and be a voice for other children just around her age and older that let's be sure we are helping others." and if you ask harper how she feels about what she has done and v easy to tell that she's happy about it. "yes, i am very excited. I think all of the kids are really going to love all of this so." "and this also goes to show you that no matter who you are, everyone can get into the christmas spirit and be a little giving this holiday season. In midland, I'm jason freund, newswest 9 >

COVID FLU STAFF	INTRO	2:07	02:07	X	Health	6p	10/2/2023	Fall is here...and that also means flu and covid season is gearing up as well...our local hospitals in midland and odessa are preparing their staff already christina, you spoke staff ready, tell us how they're doing that? Yea alex, over at midland memorial hospital they are making sure all their employees have their vaccines to better protect staff and professionals encourage you to get your flu shot every year...but around this time of year, they are all also making sure to keep themselves protected as well. Like over at midland memorial hospital, where all of their staff will be getting their flu shot. "tomorrow we start giving our employees seasonal flu vaccines everyone seems to start giving our inpatients flu vaccines." hopefully we can protect our patients if we are protected so if we are not sharing the flu then hopefully they will not get the flu in our keep their staff healthy in a time like this...since they have some members already out from illnesses. Staffing remains challenging but not just due to flu. We have individuals we have individuals out with strep. Whatever's circulating in our community is also circulating in our employee population as well however even with some staff currently out at mmh. We are staffed as well as we have been in the last few months. We still have positions open but it is nothing like it was during the covid epidemic according to spar all of the flu like illnesses they see. Of course we've begun monitoring for the texas department of health services and we are reporting any flu a flu bs and how many influenza emergency department."> the hospital has already started monitoring all of the flu like illnesses for the texas department of health services. DAYLIGHT SAVING TIME	VO	1:07	01:06	X	Health	6p	11/1/2023	A reminder for everyone... This weekend we "fall back"... As daylight saving time ends. Of course, that means an extra hour of sleep for you Sunday morning. But the time change especially with the sun now coming up later... And it getting dark earlier. The change in our exposure to daylight can throw off our circadian rhythms. But the change is especially here are some tips for parents, from a certified pediatric sleep expert. Dim the lights before bed for kids older than four months-- shift each naptime and bedtime later by five to fifteen minutes. For adults, doesn't seem too tired. And keep a consistent bedtime routine. Let's say you normally give your child a bath, read some books, offer a feeding, snuggle a little bit in the rocking chair, and then to bed later just because you get that extra hour of sleep.
DR. DEBBIE REESE SPEAKS	VO	0:53	00:53	X	Health	5p	11/9/2023	I'm sure many of you remember the story of Jessica McClure, better known as baby Jessica, who fell into a well back in 19-87... earlier today, the pediatrician who helped her, spoke at length about her experiences pulling "baby Jessica" out of the well... she was one of many medical professionals who helped treat her... it's a story that Reese believes should continue to be shared with the community. "Her leg was wedged and they couldn't extract her and I told them that, if they had to, they could break her leg to get her out. I was there in the ambulance and I was the month she was in the hospital." Reese brought different props in as well to show how small the opening of the well was... Jason Freund will have more on this story coming up tonight.
