Do Not Upload to Political File

Additional Steps for Compliance:

If there were any changes to the order, including the addition or subtraction of spots to be included, any cancellation of all or any part of the order, and any change to the rates that are being charged, did you upload to the political file (within one business day of its completion) any such changes? Such changes should be uploaded to the same folder as the initial order. Do not delete the original order from the public file. Add to the political file any information about changes to an initial order as a supplement to the order without deleting the original order.

When the schedule has run, upload to the political file the exact dates and times the ad ran once your traffic system provides that information for invoices or affidavits of performance. That information must be provided to candidates earlier if requested. Do NOT upload copies of checks or other proof of payment.

IMPORTANT!!!

FCC rules require the timely upload of political file documents to your FCC online public file, so do not delete old documents as you upload additional documents concerning an order. Any deletion of an upload to the public file, even if uploaded again as part of a new documents, resets the document's upload date. Instead, upload additional documents (e.g., changes, cancellations, exact times of the airing of the spots, political forms, etc., as supplements to the initial order.
