

Quarterly Issues Programs List KPGR 88.1 FM Pleasant Grove
October 1, 2022

KPGR serves our listeners by broadcasting Public Service Announcements daily. These announcements are produced by a variety of providers. Students are also involved in the production of public service announcements.

We sponsored 2 live concerts where students produced live sound and lights. They also booked and promoted the shows.

KPGR plays a regular rotation of locally produced and recorded music. Students have been on air working on delivering live read public service announcements and playing pre produced PSAs.

KPGR broadcasts our sporting events over the air as a service to our listeners. This quarter we did live streams of sports through our youtube outlet PGSN. KPGR DJ's have produced live stream videos for the public for High School sports and Disc Jockeys have announced the live stream location on air.
