

Quarterly Issues Programs List

KPGR 88.1 FM Pleasant Grove

April 1, 2021

KPGR serves our listeners by broadcasting Public Service Announcements daily. These announcements are produced by a variety of providers. Students are also involved in the production of public service announcements.

KPGR broadcasts our sporting events over the air as a service to our listeners. This quarter the focus of our broadcasts were to bring High School sports to the community who were not able to attend the events due to restrictions.

KPGR is working with local musicians to promote the local music scene. We have had multiple artists live on the show via Microsoft Teams and two in person with Covid Safety Precautions in place. We broadcast live concerts without an in person audience.

KPGR plays a regular rotation of locally produced and recorded music. This quarter there were multiple bands who sat down and talked with students about the music industry and the process of getting music heard by a large audience.

KPGR DJ's have produced live stream videos for the public. Disc Jockeys have announced the live stream location on air as a public service announcement.
