The top goal is still getting those who are unvaccinated to get vaccinated. In the state and country are seeing much higher hospitalization in those who are not vaccinated. The vaccine gives your body a fighting chance with the vaccine. One thing she hears is the vaccine was developed too quickly. Technology has been worked on for 10 or 20 years with the genetic material it was able to extract genetic material and make it into a vaccine. This vaccine has been top priority.

SUBJECT: Fountain Primary Shoe Drive

DISCUSSION: Fountain Primary School is conducting a shoe drive fundraiser on Sunday November 14 to raise funds for our students/school. Fountain Primary School will earn funds based on the total weight of the pairs of gently worn, used and new shoes collected, as Funds2Orgs will issue a check for the collected shoes. Those dollars will benefit our school. Anyone can help by donating gently worn, used and new shoes at Fox's Pizza Den in Keyser WV.

All donated shoes will then be redistributed throughout the Funds2Orgs network of micro-enterprise (small business) partners. Funds2Orgs works with micro-entrepreneurs in helping them create, maintain and grow small businesses in developing countries where economic opportunity and jobs are limited. Proceeds from the sales of the shoes collected in shoe drive fundraisers are used to feed, clothe and house their families. One budding entrepreneur in Haiti even earned enough to send to her son to law school.

"We are excited about our shoe drive, We know that most people have extra shoes in their closets they would like to donate to us. By doing so, we raise money for Fountain Primary School, and we have the chance to help families in developing nations who need economic opportunities. It's a win-win for everyone."

By donating gently worn, used and new shoes to the Fountain Primary School, the shoes will be given a second chance and make a difference in people's lives around the world.

DISCUSSION: A ribbon cutting ceremony held for the grand opening of the UPMC Children's Specialty Care Center in Cumberland. We are so excited to bring world class pediatric care closer to home for our community. It is located at Johnson Heights on Kent Avenue, very close to the former Memorial Hospital site. So actually it's going to be outpatient specialty care. We will have a rotation of physicians that will be available. Different services will include cardiology, endocrinology and diabetes, gastroenterology, neurology, and orthopedics which is another important service for us in our community. For pediatric orthopedics, fractures, sprains, etc. Our website will have a link to the landing page which will have all the potent information. UPMC Children's is really a world class renowned in children's medicine. They are number nine in the country on US news and world report. A lot of their specialties are in the top ten in the country. We're just really excited to have them here. For patients that need some outpatient surgery procedures that will be available at the local outpatient surgery center just down the street; the Surg. Center on Williams Rd. for any patients who might need a colonoscopy
