

During the Fall Semester of 2019, W.A.R.Y. exhibited a variety of on air personalities and live mix DJs who broadcasted on our airwaves from eight o'clock in the morning until ten o'clock at night.

To fulfill our community license, our personalities played prerecorded Public Service announcements every hour, ensuring that our community was aware and informed about happenings and programs that pertain to them. In the event that we did not have a DJ on air, our automated Audio Vault system ran a six-hour playlist containing a variety of music, sweepers, and Public Service Announcements while still sounding our legal identification at every half hour mark.

As a community radio station, we also pride ourselves on serving our community and ensuring that we maintain our standards in equal employment. W.A.R.Y. has proudly established a network of community members, as well as Westchester Community College alumni, to return for shows and events we facilitate, further exhibiting the humanness of radio to all of W.A.R.Y. family and friends. As well as including diverse community members, W.A.R.Y. participated with volunteering at Blythedale Children's Hospital.

### **Fall 2019 Schedule**

For all 12pm to 2pm slots, the first hour (12pm to 1pm) is an All Request Power Hour.

This means that between talk segments any song, regardless of genre, that is requested via our hotline will be played on air. Immediately following the All Request Power Hour is our Dance Party in which a live DJ takes over and mixes for the remaining hour.

#### **Monday**
