The KQNY Radio News program premiered on August 21, 2023 and is produced each week in collaboration with *The Plumas Sun*. Each new show airs in the Monday morning timeslot and receives six replays per week. It is also posted on our website for on-demand access.

In each new program, The Jane and John Doe Show anonymously interviews local people who are in addiction recovery, discussing their experiences and offering support to local community members who are struggling with substance abuse issues.

Each of our community affairs programs produces a new show approximately every two weeks, so The Jane and John Doe Show and The Feather River College Golden Eagle Update receive at least three rebroadcasts, and Community Matters receives at least five rebroadcasts. The balance of programming on these shows consists of replays of relevant programs from earlier quarters for a total of five programs per week at the times shown above.
