Re: **WIPM-TV [Must-Carry Election]**

The Puerto Rico Public Broadcasting Corporation, licensee of **WIPM-TV**, Mayagüez, Puerto Rico ([FCC Facility ID No. 53863](#)) (the “Station”), hereby elects must-carry with respect to all cable television systems, satellite carriers or other MVPDs as to which Station is entitled to mandatory carriage in the Puerto Rico Designated Market Area for the 2024-2026 carriage cycle. This election is made to the extent not inconsistent with any existing agreement. To the extent any existing agreement expressly prevents the Station from immediate exercise of its must-carry rights, the Station reserves its right to enforce its must-carry rights upon the expiration of any such contractual impediments for the remaining term of this cycle.

Carriage of the Station should be on its current channel position pursuant to section 76.57 of the FCC’s rules. Carriage of the Station’s signal in its entirety is to be in accordance with the applicable provisions of Section 76.62 of the FCC’s rules and such successor rules and policies implemented in the future.

Questions regarding this matter should be referred to Marietty Lasanta ([MLasanta@wipr.pr](mailto:MLasanta@wipr.pr); (787) 766-0505 Ext. 3302).
