

**2007 First Quarter FCC Report
OF
PUBLIC AFFAIRS / PUBLIC SERVICE**

**Presented by
KTXL FOX40**

**In response to Community Issues
and Concerns
January 1, 2007- March 31, 2007**

KTXL FOX40's obligation is to ascertain the important issues and needs of the communities within our broadcast coverage area and to provide quarterly reports on the station's response and coverage of these issues.

The following list was determined after careful evaluation of information attained through KTXL FOX40's ascertainment process including viewer mail, participation in ascertainment groups, phone calls, communication with community leaders and key personnel affiliated with local organizations as well as site visits to community organizations. Significant challenges were presented in the following areas:

- Community Service
- Crime Prevention and Criminal Justice
- Diversity and Tolerance
- Economy and Growth (including housing, agriculture and environment)
- Education/ Arts and Culture
- Government
- Health and Safety (including alcohol and drug prevention, disabilities)
- Youth and Family Issues

From January 1 through March 31, 2007 KTXL FOX40 addressed these community issues and needs through the following on-air program vehicles, as well as supplemental off-air outreach and initiatives detailed in this report.

- FOX40 Morning News weekday broadcasts
- FOX40 NEWS at 10 nightly broadcasts
- "Our Roots" monthly FOX40 News at 10 segment profiling diversity in our local area.
- "A Place Called Home" monthly profile on children awaiting to be adopted
- Crime Alert, in partnership with law enforcement, weekly profiles of wanted fugitives in our local area.
- "FOX40 In Focus" a weekly 30-minute public affairs program providing coverage of local interest issues and community profiles.
- 19 Black History Month vignettes from February 2nd – 28th during FOX40 news at 10, as well as FOX40 Morning News.
- Severe Weather Alerts
- Public Service Announcements

FOX40 Morning News airs weekdays from 6:00 AM to 8:00 AM and features local and national news, weather forecasts, current traffic and commuter updates.

FOX40 News at 10 airs Monday through Sunday featuring local and national news, sports and weather.

Library Internet. Sacramento's public libraries are taking steps to prevent kids from seeing others who are viewing pornography on library computers. They are installing at least one special desk at each library that makes it difficult to see the screen unless you are the user. Sacramento libraries have had a policy of allowing adult users unfiltered access to the Internet.

Adderall Approach. Some pediatricians are using a controversial approach to teen weight loss by prescribing the amphetamine Adderall to help patients shed pounds. Adderall is designed to treat ADHD one side effect is weight loss, but the drug is not FDA approved for that use. The government is warning that some patients with pre-existing heart problems have died on ADHD drugs as well as developing psychiatric problems.
