Dear Mr. Morales:

Thank you for the letter advising us of the imminent launch of your cable television service. The University of Central Florida Board of Trustees, licensee of WUCF-TV, Orlando, Florida (the "Station"), requests carriage of the Station on your new cable television system and on any cable television systems your company launches after the date hereof in the Station's market. This request is conditioned on our understanding that your new cable system qualifies as a "cable television system" under the applicable rules of the Federal Communications Commission, 47 C.F.R. § 76.5(a) and may be withdrawn in the event that your new cable system does not so qualify. If you have any questions regarding this request, please direct them to me at 407-823-5343, or by email to [wucfoperations@wucf.org](mailto:wucfoperations@wucf.org) and to the contact listed in the Station's online public files.

Sincerely,

Jennifer Cook  
Executive Director, WUCF TV  
The University of Central Florida Board of  
Trustees
