NCIS: "The Terrorists, The Spies, The Hackers" - the fourth in a six-part series taking viewers inside cases handled by the Naval Criminal Investigative Service (NCIS), which has celebrated its 50th anniversary and is responsible for investigating felony crimes, preventing terrorism and protecting secrets for the Marine Corps and the Navy. This episode focuses on NCIS agents and their work involving terrorists, hackers, and spies. (1) NCIS agents talk about the hunt for a spy, later revealed to be Mostafa Awwad, a civilian employee of the U.S. Navy who downloaded the schematics for a new Navy nuclear aircraft carrier with the intention of turning them over to Egypt so they could sink the vessel when it sailed into the Suez Canal. To catch the spy, agents set up a sting including classic elements from spy novels, including a dead drop. (2) A look into the hacking of the Navy's Smart Web Move database, containing the records of 220,000 servicemen and women. A group named "Team Digi7al" taunted the Navy by posting the records online. In the end, Nick Knight, a 27-year-old enlisted man on the USS Truman was caught in a sting, along with a friend, Daniel Kruger. They have been ordered to pay \$500,000 restitution back to the Navy. (3) The October 12, 2000 bombing of the USS Cole is examined. The first successful attack on a U.S. Navy vessel in modern history launched a new world of terrorism. The investigation went from a local event to a global one as they confirmed that al Qaeda suicide bombers working for Osama bin Laden rammed the ship with a boat full of explosives as it refueled in Yemen. The incident forever changed the way the agency approached terrorist attacks and was a watershed moment for both NCIS and the U.S. Navy. Interviewed: Georgios Sekeroglou (NCIS Special Agent); James Dougherty (Special Agent, FBI Counterintelligence Division); Michael DeBolt (cybercrime expert); Jay Doyle (NCIS Special Agent); Robert McFadden (NCIS Special Agent, retired); Michael Marks (NCIS Special Agent, retired); Cathy Clements (NCIS Special Agent); David P. 48 Hours (Sat. 9pm-10pm)

04/29/17 **48 HOURS: "The Family" (9:00-10:00p) and "The Family...A Cult Revealed" (10:00-11:00p)** – a two-part report on "The Family," a cult that began in Australia and later moved to New York. Includes allegations of stolen children, drugs, and abuse and a portrait of its leader, Anne Hamilton-Byrne, who claimed to be the second coming of Christ. This is the story of a woman's attempt to build a perfect race through a collection of 28 children, who each had their hair bleached, were home-schooled on an isolated property, and were injected with LSD as part on an initiation ritual. The children of the cult, now adults, tell their harrowing stories of the treatment they received from loyal cult members, referred to as "Aunties". It is also the story of Detective Lex De Man who spent years trying to stop Anne Hamilton-Byrne, finally succeeding with the help of the FBI in the United States. Includes: (1) **"The Family"** – Yoga teacher Anne Hamilton-Byrne formed The Family in 1963. It was an apocalyptic cult with about 500 followers and more than 28 children. Some members willingly gave their children to her, others came from unwed mothers who were tricked into signing over their newborns to be raised by the cult, helped by members of The Family who were doctors and nurses at a nearby hospital. Many had no idea who their real parents were. In 1977, after years of rumors and speculation, police stormed a rural property and rescued seven children. The "Aunties" only faced charges of welfare fraud, while Anne Hamilton-Byrne and her husband Bill Byrne fled the country and for years, their whereabouts were unknown to the authorities in Australia. (2) **"The Family...A Cult Revealed"** - finding Anne Hamilton-Byrne became the obsession of Melbourne detective Lex de Man. He received a break in the case when Anne called one of the cult children from the United States. In New York, he enlisted the help of FBI, who would track her down to a farmhouse in the Catskills, and de Man personally escorted the couple back to Australia. Prosecutors ended up charging Hamilton-Byrne with conspiracy to make a false statement. Neither she nor her husband would spend one day in prison; they would each pay a fine of \$5000. Authorities decided not to pursue any other charges. A couple of a dozen true believers stayed loyal. Hamilton-Byrne disappeared from the public until 2009, when she resurfaced on 60 MINUTES Australia where she denied any abuse. Anne Hamilton-Byrne is 95-years-old and is living in a nursing home in Melbourne suffering from dementia. **On-screen text graphic:** True believer Michael Stevenson-Helmer visits Anne every day. There is no designated successor to take over The Family from Anne. Interviewed: (all appear in hours 1&2 unless noted): Lex De Man (former detective, Victoria Police Department, Melbourne, Australia); Adam Lancaster, Dave Whitaker, Sarah Moore, Anouree Treena-Byrne, Ben Shenton, Rebecca (granddaughter of Anne-Hamilton-Bryne) (children of "The Family");
