Office of the Secretary

Attn: Sharon D. Lee, Deputy Division Chief, Telecommunications Consumers Division,  
Enforcement Bureau

**Re: EB-11-TC-125**

Dear Ms. Dortch:

Fox Television Stations, Inc. ("FTS"), licensee of WTTG, Washington, DC ("WTTG" or "Station"), is in receipt of the above-captioned Letter of Inquiry ("LOI") dated November 16, 2011, as well as the December 2, 2011 follow-up email from your office clarifying the scope of material requested and extending the deadline for compliance ("LOI Clarification").

Along with the other stations that received LOIs, we appreciate receiving the clarifications to the initial request. WTTG is extremely proud of its efforts to serve its viewers, especially the exceptional coverage of these life-threatening weather events.

However, all of the station licensees receiving the LOI remain quite concerned as to the reasons the Commission has targeted this information in the absence of any complaints. To have the government – in an enforcement action – question that coverage without underlying cause is disconcerting.

The several parties affected by the LOI have carefully reflected on the information requests and, although there remain some ambiguities, our mutual interpretation of sections of 1, 2, and 4 of the LOI is as follows (section 3 is specific to WTTG):

1. Eliminated for both Hurricane Irene and Tornado information.
2. Eliminated for both Hurricane Irene and Tornado information.
3. WTTG records air-checks on a server. The server copies, as provided on the enclosed DVDs, will play back only via Windows Media Player and will not play on a regular DVD player. In addition, when the server copies are recorded on

DVD, it records segments in two over-lapping "Streams" of approximately 18 minutes. The DVD plays the first segment of Stream 1 and then the second segment of the Stream 1 and so on. Once Stream 1 is finished, Stream 2 begins its first overlapping segment. Thus, the DVD of each 24 hour period is not continuous. It plays approximately 18 minutes of the first segment of Stream 1, skips approximately 12 minutes, and then plays the next 18 minutes of Stream 1 and so on. Once Stream 1 is complete, Stream 2 will begin and play its first segment starting 15 minutes prior to the first segment of Stream 1 and play the 18 minute non-contiguous segments.

Each segment is viewable individually by opening the DVD folder on the computer and sorting by file name. Segments can be sorted in chronological/time order and segments can be watched individually by double clicking on a segment. In this way, you can watch each segment in order or only individual segments. The video is time stamped with the actual broadcast time in 24-hour clock format.

Finally, the DVD labels are automatically produced and printed by the server software and show the start date and time of Stream 1 and the end date and time of Stream 2. Each DVD contains slightly more than 24 hours of coverage. For example, the first DVD labeled 8/24/11 11:58:00 AM-8/25/11 11:13:00 AM actually covers 8/24/11 11:43:00 AM to 8/25/11 11:46:00 AM.

Since the requested material covers an extraordinary amount of programming, we do not read the LOI or the LOI Clarification as requiring electronic copies or two complete sets of all DVDs. One DVD set is included.

4. To the extent that closed captioning is not reflected on the DVDs but is available in transcript archives, that transcript material is also provided. Where possible, the transcripts include date and time information that codes to the DVDs.

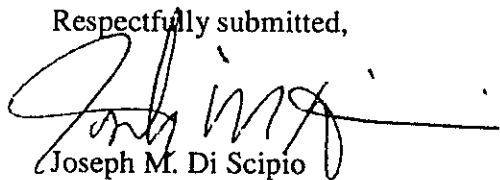

In addition to the general response provided above in 1, 2, and 4, Questions 5, 6, and 7 are answered below.

5. WTTG has received no complaints from January 1, 2011 through September 30, 2011 alleging that its dissemination of any emergency information was not accessible to visually or aurally impaired persons or both.
6. WTTG has received no complaints since August 25, 2011 (for Hurricane Irene) or August 1, 2011 (for tornadoes) alleging that WTTG's dissemination of emergency information was not accessible to visually or aurally impaired persons.
7. WTTG's license renewal remains pending. A print out from the FCC's Consolidated Database System reflecting the pending status is enclosed.

Please contact the undersigned should you require any additional information.

Respectfully submitted,

Re: EB-11-TC-125

The Enforcement Bureau (Bureau) is investigating potential violations of section 79.2(b) of the Commission's rules.<sup>1</sup> This letter of inquiry (LOI, letter, or inquiry) seeks information from Fox Television Stations Inc., licensee of WTTG-TV/DT Channel 5 (WTTG or the Company), to enable the Commission to determine whether the Company's coverage of Hurricane Irene on August 25-28 and tornados on October 14, 2011 provided critical emergency information to consumers with hearing or vision disabilities.

The Instructions for responding to this letter and the Definitions for certain terms used in this letter are contained in this document. We direct the Company to provide the information and documents specified below within ten (10) calendar days from the date of this letter.

Unless otherwise indicated, the period of time covered by these inquiries is August 25-28, 2011 for Hurricane Irene coverage and October 13 to the present for tornado coverage.

**Documents and Information to be Provided:**

A. Hurricane Irene

1. State the precise date(s) and time(s) during which the Company's Hurricane Irene coverage included emergency information. For each time listed, denote whether the coverage was a part of a regularly scheduled newscast, a newscast that interrupted regularly scheduled programming, or was accompanied by an aural tone.
2. State whether the Company disseminated all emergency information related to Hurricane Irene coverage through aural and visual presentation. If not, describe the circumstances that led the Company not to disseminate the emergency information aurally or visually, or both.
3. Provide a DVD(s) that contains all programming related to the Company's Hurricane Irene coverage, including all audio and visual presentations. The DVD(s) should clearly identify the date(s) and hour(s) associated with when the coverage ran and some timing mechanism on the DVD that will enable a reference point for where specific coverage can be retrieved.
4. If the Company's Hurricane Irene coverage included visual presentation of emergency information that is not included on the DVDs submitted in response to question 3, provide a transcript that clearly identifies emergency information that the Company presented visually during its broadcast that is not included on the DVD(s), including but not limited to any emergency captioning information, crawls, scrolls, or other text or graphical forms of communication. The transcripts should include the corresponding time on the DVD's timing mechanism so that we may determine where the emergency information contained in the transcript was presented in the Hurricane Irene coverage.
5. State the number of complaints the Company has received from January 1, 2011 through September 30, 2011, alleging that the Company's dissemination of any emergency information was not accessible to visually or aurally impaired persons, or both.
6. Provide copies of complaints the Company has received since August 25, 2011, alleging that the Company's dissemination of emergency information during its Hurricane Irene coverage was not accessible to visually or aurally impaired persons. Provide copies of all complaints received and all related documents, including any written responses and any steps that the Company took to respond to the complainant.

B. Tornado Coverage

1. State the precise date(s) and time(s) during which the Company's tornado coverage included emergency information. For each time listed, denote whether the coverage was a part of a regularly scheduled newscast, a newscast that interrupted regularly scheduled programming, or was accompanied by an aural tone.
2. State whether the Company disseminated all emergency information related to tornado coverage through aural and visual presentation. If not, describe the circumstances that led the Company not to disseminate the emergency information aurally or visually, or both.

3. Provide a DVD(s) that contains all programming related to the Company's tornado coverage, including all audio and visual presentations. The DVD(s) should clearly identify the date(s) and hour(s) associated with when the coverage ran and some timing mechanism on the DVD that will enable a reference point for where specific coverage can be retrieved.
4. If the Company's tornado coverage included visual presentation of emergency information that is not included on the DVDs submitted in response to question 3, provide a transcript that clearly identifies emergency information that the Company presented visually during its broadcast that is not included on the DVD(s), including but not limited to any emergency captioning information, crawls, scrolls, or other text or graphical forms of communication. The transcripts should include the corresponding time on the DVD's timing mechanism so that we may determine where the emergency information contained in the transcript was presented in the tornado coverage.
5. State the number of complaints the Company has received from January 1, 2011 through September 30, 2011, alleging that the Company's dissemination of any emergency information was not accessible to visually or aurally impaired persons, or both.

Provide copies of all complaints received and all related documents, including any written responses and any steps that the Company took to respond to the complainant.

C. General Request

1. State when the Company's current broadcast license was renewed and the expiration date of the Company's current license term. Provide supporting documentation.

**Instructions**

*Request for Confidential Treatment.* If the Company requests that any information or documents responsive to this letter be treated in a confidential manner, it shall submit, along with all responsive information and documents, a statement in accordance with section 0.459 of the Commission's rules. 47 C.F.R. § 0.459. If the Company requests confidentiality, it shall file one (1) redacted version of its response (including all documents) in addition to the two (2) hard copies and three (3) electronic copies specified in this letter of inquiry identified under the heading "Filing Requirements."

The Company is advised to strictly comply with the requirements of section 0.459 when requesting confidential treatment, including the standards of specificity mandated by section 0.459(b). Specifically, in its written statement requesting confidential treatment, the Company **must** provide reasons for withholding the materials (or portions thereof) from inspection and **must** provide the facts upon which those records are based. In particular, requests for confidential treatment **must** include all of the information specified in section 0.459(b).

Blanket requests for confidentiality of a large set of documents and requests for confidentiality that do not comply with section 0.459 are unacceptable. If only a portion of a document is confidential, then **only** that portion shall be so designated. **Pursuant to section 0.459(c), the Bureau will not consider requests that do not comply with the requirements of section 0.459.**

*Claims of Privilege.* If the Company withholds any information or documents under claim of privilege, it shall redact the information or documents it contends are privileged and provide the redacted documents as well as submit, together with any claim of privilege, a schedule of the items withheld that states, individually as to each such item: the numbered inquiry to which each item responds and the type, title, specific subject matter and date of the item; the names, addresses, positions, and organizations of all authors and recipients of the item; and the specific ground(s) for claiming that the item is privileged.

*Method of Producing Documents.* Each requested document, as defined herein, shall be submitted in its entirety, even if only a portion of that document is responsive to an inquiry made herein. This means that the document shall not be edited, cut, or expunged, and shall include all appendices, tables, or other attachments, and all other documents referred to in the document or attachments. All written materials necessary to understand any document responsive to these inquiries must also be submitted.

*Identification of Documents.* For each document or statement submitted in response to the inquiries stated in the cover letter, indicate, by number, to which inquiry it is responsive and identify the person(s) from whose files the document was retrieved. If any document is not dated, state the date on which it was prepared. If any document does not identify its author(s) or recipient(s), state, if known, the name(s) of the author(s) or recipient(s). The Company must identify with reasonable specificity all documents provided in response to these inquiries.

*Documents No Longer Available.* If a document responsive to any inquiry made herein existed but is no longer available, or if the Company is unable for any reason to produce a document responsive to any inquiry, identify each such document by author, recipient, date, title, and specific subject matter, and explain fully why the document is no longer available or why the Company is otherwise unable to produce it.

*Retention of Original Documents.* With respect only to documents responsive to the specific inquiries made herein and any other documents relevant to those inquiries, the Company is directed to retain the originals of those documents for twelve (12) months from the date of this letter unless: (a) the Company is directed or informed by the Enforcement Bureau in writing to retain such documents for some shorter or longer period of time, or (b) the Enforcement Bureau or the Commission releases an item on the subject of this investigation, including, but not limited to, a Notice of Apparent Liability for Forfeiture or an order disposing of the issues in the investigation, in which case, the Company must retain all such documents until the matter has been finally concluded by payment of any monetary penalty, satisfaction of all conditions, expiration of all possible appeals, conclusion of any collection action brought by the United States Department of Justice, or execution and implementation of a final settlement with the Commission or the Enforcement Bureau.

*Continuing Nature of Inquiries.* **The specific inquiries made herein are continuing in nature. The Company is required to produce in the future any and all documents and information that are responsive to the inquiries made herein but not initially produced at the time, date and place specified herein.** In this regard, the Company must supplement its responses: (a) if the Company learns that, in some material respect, the documents and information initially disclosed were incomplete or incorrect, or (b) if additional responsive documents or information are acquired by or become known to the Company after the initial production. The requirement to update the record will continue for twelve (12) months from the date of this letter unless: (a) the Company is directed or informed by the Enforcement Bureau in writing that the Company's obligation to update the record will continue for some shorter or longer period of time, or (b) the Enforcement Bureau or the Commission releases an item on the subject of this investigation, including, but not limited to, a Notice of Apparent Liability for Forfeiture or an order disposing of the issues in the investigation, in which case the obligation to update the record will continue until the release of such item.
