WRDR ISSUES AND PROGRAM LIST
QUARTER ENDING – December 31, 2023

Each quarter of the year we place in our public inspection file a list of what we (WRDR Freehold, NJ) have seen as the problems and/or needs of our service area (New Jersey) in the preceding three months. Following you will find a list of the programs we aired that addressed those specific concerns.

The following is our list of issues and concerns for the Monmouth and Ocean counties area quarter ending **December 31, 2023**. Following this list are specific WRDR programs that aired in response to these issues. This report is arranged by identifying the category on the issues list, the programs that aired which gave significant treatment to that issue, along with its topic, discussion, date and time aired. Concluding each category will be the documentation of every public service announcement that aired in response/support to the issue of that particular category.

1. Trials - The Bible is clear that life will include many trials. The Bridge airs programming on this topic.
2. Parenting - In this day and age, traditional families are rare. Today there is a battle raging about what is right for the family. A case can be made for the need of traditional family values, such as having two parents, maintaining discipline, teaching respect for adults, and moms staying home with their kids. These are some things that will be addressed this quarter on The Bridge.
3. Money - Our culture is focused on money, which often is their idol. This issue is addressed by programming on The Bridge.
4. Immorality - Our increasingly immoral society impacts the individual, the family, the community, and beyond. This issue is addressed by programming on The Bridge.
5. Education & Faith - The Christian faith is being undermined in the education systems at all levels and types of institutions. This issue is addressed by programming on The Bridge.
6. Worry - The issue of worrying is addressed in programming on The Bridge.

The following is a list and description of the programming we aired this quarter to address category

#1 Trials

Bridge Bible Talk

December 18

3:00 pm

M-F

A caller asks about trials like medical issues and, as with Job in the Bible, how friends ask what he did wrong to incur these trials. Our fallen, sinful world causes many trials, not necessarily as a result of something we personally did wrong.

The Urban Alternative

December 19

11:30 pm

M-F

Dr. Tony Evans says cancer has one goal: to shut you down. The white blood cells should take care of it in a healthy body that heals itself. Same as in the church when there's a cancer spreading. In a healthy church, the members can build up the body and take care of the problem before it gets to the pastor. When these trials hit, whether in the human body or in the church body, rely on God and His word to get through the trials.

On the Level

December 25

9:30 pm

M-F

Today Dr. Dobson has as his guest a Catholic Priest who has worked for many years for preservation of life, and against abortion. They discussed the often strong pushback he received, even from his own leadership, and which affected his career appointments. Despite opposition, he continued to work for the rights of the unborn.

The following is a list and description of the programming we aired this quarter to address category

#5 Education & Faith

Pacific Justice Institute **October 2** **12:30 pm** **Sat**
Host Brad Dacus and guest discuss education and faith. The guest says that high school kids are, to a great extent, hopeless. Although the law allows them to have Bible studies and rallies, opposition is strong. Kids are bullied and, in one instance, a satanic group was formed in direct response to a Christian group. Kids need Jesus now more than ever.

Family Talk with Dr. James Dobson **December 7** **12:30 pm** **M-F**
Dr. Dobson's (recorded) guest was General William Gerald "Jerry" Boykin. General Boykin discussed the forced social engineering (re)education the armed forces are currently receiving. A large part of the soldier's time and our taxpayer money is spent on Critical Race Theory, to the neglect of more important training related to the defense and protection of our country.

The Urban Alternative **December 26** **11:30 pm** **M-F**
Dr. Tony Evans uses a sports analogy when he says that the home team plays with support of their fans at the home field. Christians and our values used to be respected, but we are no longer the home team. Christians are rejected, dismissed, and attacked worldwide and in our own country. Teachers, institutions, and governments no longer respect Christian values. They go to great lengths to penalize those who hold these values.

The following is a list and description of the programming we aired this quarter to address category

#6 Worry

Revival Radio **November 29** **6:30 pm** **M-F**
Per Pastor John Miller, the Bible warns us against worrying. It says cast your cares upon the Lord because He cares for you. He will sustain you. He will never leave you nor forsake you. Why worry what you will eat or what you will wear. Be joyful, gentle, watchful, careful, and prayerful. Pray about everything, and let your requests be made known to God.

The Word For Today **December 5** **10:00 pm** **M-F**
Pastor Chuck Smith discusses worry. He quotes the Bible where it says, Let not your heart be troubled. (John 14:1)

Sharing Jesus Effectively w/Muslims **December 24** **2:00 pm** **Sun**
Samy Tanagho says we mistrust everyone else, we worry they are going to do us wrong. Our sinful nature gives us these thoughts and worries. Our selfish heart wants to exalt ourselves. We need a savior, Jesus Christ.
