10/6/2012 Issue: 2012 Election      The Next 4 Years pt 2

Americans have no idea what awaits them if the President is re-elected. This nation will be so transformed it won't be recognizable. Brenda Elliott, author of *Fool Me Twice- Obama's Shocking Plans for the Next 4 Years Exposed*, researched thousands of policy papers and legislative proposals by the same Marxists that crafted Obama's first term, to discover the blueprint for his second term; to disarm and transform our military, to combat "climate change", silence talk radio, initiate government works programs and mandating businesses give employees 3 months paid leave in the *Family Leave Act*.

10/13/2012 Issue: Politics & Family      A Courageous Christian Leader pt 1

Bishop Jackson, a former Marine, US Senate candidate and Harvard Law graduate, says Obama's executive order, *The African-American Education Initiative*, to stop disciplinary action against black students, is using race to manipulate black voters. Jackson says the Democrat Party's devotion to abortion and same-sex marriage is like spitting in the face of Biblical Christians. This election is America's last chance to determine if our nation goes Socialist or gives freedom another chance. Bishop Jackson, a descendant of slaves, says blacks need to embrace the unlimited opportunities this nation offers.

10/20/2012 Issue: A Socialist Gov't      A Courageous Christian Leader pt 2

Most Americans don't recognize Marxism and how Marxists transform a nation from free to communist. Where do American socialists come from? We are training them in our universities. We have a President who has waged war on capitalism, the Constitution and Christianity. Bishop Jackson is calling Christians to unite and take back the government we inherited so we will have something to give to the next generation. Cuts of Biden (chains quote), Obama ("You didn't build it."), Romney and Bible teacher Chuck Mislter, who says Islam is our enemy, and we have a Muslim in the White House.

10/27/2012 Issue: Politics in School      Socialist Schools pt 1

Marxism is a proven failure, so why is it being promoted in our universities? Professors indoctrinate impressionable students into a Marxist mind set, and they become the leaders in media, government and education. Wayne Root, President Obama's classmate at Columbia, says, "**Communist** professors taught students to *curse capitalism*, demonize "greedy" business owners and redistribute their wealth. There is a silent *revolution* taking place and most Americans **don't recognize it**. As Root says, "**It's the perfect Marxists scheme**, all devised by my college classmate Obama using our professors plan."

11/3/2012 - Politics      Socialist Schools pt 2

Wayne Root, Obama's classmate at Columbia says, "Under Obamacare 85% of doctors will quit and many hospitals will go bankrupt. Millions of new recipients will create *rationed care*. Obama is working a

brilliant plan to turn this nation into a **Socialist/Marxist state** with a permanent **majority** that **desperately need government for survival**. Chaplain **Austin Miles** wrote an article, "[Dems Welcome Muslims, Prohibit Christian Hospitality](#)," and says, "A majority of Democrats booed God and the Boy Scouts at their convention. Obama's 900+ executive orders demonstrate dictatorial power."

11/10/2012 – Encouragement

Sacrifices of Our Veterans

How can we raise heroes to defend our freedoms, if young people don't know the price others paid to win them in the past? This inspirational program features a captivating account given by Korean veteran **Ed Reeves**. Ed fought for his life in minus 30 to 40 degree temperatures, so cold that the bullet holes in his body froze shut and kept him from bleeding to death. Even after almost all the others were killed, **Ed Reeves** clung to his faith and small Gideon Bible, and fought on despite his life-threatening wounds and no ammunition.

11/17/2012 – American History

The Pilgrim's Journey

Students are taught that Thanksgiving was when the Pilgrims gave thanks to the Indians and God isn't mentioned. Teacher **Connie Ricks** reads from a diary of a 12 year-old girl who came here on the Mayflower and her incredible hardships. **Peter Marshall**, author of [The Light and The Glory](#), tells how God saved the Pilgrims from shipwreck, starvation and disease. The Pilgrims weren't gloomy killjoys but people who were colorful and filled with joy. **John Pafford**, author of [How Firm a Foundation](#), tells how the Pilgrims founded this country as a Christian commonwealth and valued freedom "under God."

11/24/2012 – Encouragement & Well Being

The God of Hope

With unemployment soaring to new levels, many people have lost hope. If you say your circumstances are hopeless, you're slamming the door in the face of God. **Terry Law**, author of [The Hope Habit - Finding God's Goodness When Life is Hard](#), says "Biblical hope has the power of God to **train you** to live with greater faith and hope. Your *mind* is Satan's target to develop *habits of negative thinking* that leads to hopelessness. But just a tiny spark of hope breaks that cycle and releases endorphins, which promote healing and hope. Fear and discouragement are from the enemy, but faith and hope come from God."

12/1/2012 – Faith and Education

Love Not the World

Why should it surprise us when students are given a socialist education that they become socialists? But socialism only brings poverty. Cuban refugee turned successful business owner, **Aurelio Barreto**, is the founder of [C28 ChristianStores](#), where over 16,000 people have received the Lord, and author of [Not of This World](#). Although he started with nothing, he became a multimillionaire but was not fulfilled until he had a *personal relationship* with Christ. He lost millions of dollars but learned to trust Christ through trials and triumphs. Aurelio says, "If I lost everything but still had Christ, I would have it all."

12/8/2012 – Freedom of Religion in Schools

Merry Christmas part 1

WHO STOLE CHRISTMAS? It's not even called Christmas anymore but Winter Break. But what's at stake is not just the elimination of Christmas but the freedom to *proclaim the gospel in public*. Attorney **Joe Infranco**, with the [Alliance Defense Fund](#), is countering the ACLU to keep Christ in Christmas and Christmas in public. Attorney & syndicated columnist, **David Limbaugh**, (brother of Rush Limbaugh), and author of [Persecution](#), says from the courtroom to the schoolroom to the newsroom, *Christians are being persecuted*. *Intolerance in the name of tolerance* is eliminating all Christian expression.

12/15/2012 – Child Development

Merry Christmas part 2

Christmas would not be Christmas without Christmas music. It's ironic that public schools censor out
