WKAA

1711 Ellis Drive

Valdosta, GA 31601

June 19, 2018

Congratulations! We are pleased to inform you that **WKAA** has passed the Alternative Broadcaster Inspection Program (ABIP). The team at GAB wanted to be the first to congratulate you on your inspection. Your valid ABIP Compliance Certificate is enclosed.

Every Georgia broadcast facility holding a valid ABIP Certificate of Compliance **MUST DISPLAY** it in plain view at the main station either on the wall in the entrance area, or on the wall behind the main reception desk. A copy must also be placed in the station's FCC Authorization Binder at the main studio.

If a credential FCC Inspector should come to the studio and attempt to conduct an FCC inspection, the station must verbally inform the inspector that it is in possession of a valid ABIP Certificate of Compliance.

A duplicate copy has been provided the FCC, and inspection data will remain on file at the GAB office indicating your immunity from random inspection until expiration of your certificate.

In an effort to keep you as well informed as possible we are enclosing a copy of the Public Safety Issues.

If you have any questions about your inspection or the terms thereof, please feel free to call us at GAB.

Sincerely yours,

Bob Houghton

President, Georgia Association of Broadcasters
