

Quarterly Issues & Programs Report

WKML-FM/HD-1

Lumberton-Fayetteville, NC

3rd Quarter

July - August - September

Prepared By - Erika Beasley

WKML-FM/HD-1

Issue/Program Summary

2017 - 3rd Quarter

July - August - September

Radio Station WKML-FM & HD-1 (95.7-FM) Fayetteville, NC identified these issues of concern in the community to be addressed from July through September, 2017.

**Health
Finance
Substance Abuse
Parenting
Education
Nutrition
Career
Environments
Government
Crime**

These items were identified during on-going surveys and interviews conducted by the staff with community leaders.

**Issues were addressed via - Daily Public Service Announcements
Daily Newscasts
Weekly Long-form Public Affairs Programs
Live Broadcasts from Community Events**

Talkback with Danny Highsmith

Guest: Dr. Wayne Riggins, Cape Fear Eye Associates (Ophthalmologist)

Topic: Eye health

Total time: 30:01

Air Date: Sunday, July 2, 2017, at 7:30am and Sunday, July 30, 2017 @ 7:30am

Discussion included:

- ...Why did you choose Ophthalmology?
- ...What is an Ophthalmologist? Optometrist?
- ...Common eye diseases that can be treated?
- ...What is a cataract?
- ...What is Macular Degeneration?
- ...What is Glaucoma?
- ...Discuss the changes in technology that have occurred in the past 25-35 years.
- ...Do we need to do anything to protect our eyes in the summer?
- ...Would you comment on HB 36 that might provide Optometrists to do surgery?
- ...Gov. Roy Cooper recently appointed you to the North Carolina Commission for Public Health. What does that commission do and how often does it meet?

Issues discussed:

1. Eye health
2. Governmental legislation

Talkback with Danny Highsmith

Guests: Dr. Scott Cameron, Avery Cameron & Tara Hinton...Friendship House-Fayetteville

Topic: Friendship House-Fayetteville

Total time: 30:08

Airdate: Sunday June 4, 2017 & Sunday July 9, 2017@ 7:30am

Discussion included:

- ...What is Friendship House?
- ...Why did each of you become associated with Friendship House?
- ...How did Friendship House come to Fayetteville?
- ...Your partners in this endeavor?
- ...Who is eligible to be a resident?
- ...Is this a learning experience for the Friends who are residents?
- ...How are you funding for this project?
- ...Discuss the medical partnerships with Friendship House.

Issues discussed:

1. Assistance for disabled persons
2. Education
3. Health care

Talkback with Danny Highsmith

Guests: Natasha Scott, CCS Executive Director of Student Services; Theresa Camps, Student Services' Administrative Intern.

Topic: Get Back In School Launch Party and school dropouts

Air Date: Sunday, July 16, 2017 @ 7:30am

Discussion included:

- ...Natasha, just what does the CCS Student Services area entail?
- ...Tell us about the Get Back To School Launch Party.
- ...How long have you been putting on this party?
- ...Have they been successful?
- ...Who can attend this party and how do they go about getting an invitation?
- ...Where will the event take place?
- ...Alger B. Wilkins High School is a very special school...what makes it special?
- ...Theresa, you speak one on one with both dropouts and their parents. What kind of reception do you get when you reach out to both?
- ...What are the dropout numbers for Cumberland County Schools?
- ...It is never too late to go back to school. I understand that FTCC works with you both on the Launch Party as well as welcoming students over the age of 21 to continue their high school education?
- ...What are the benefits of a student attaining a high school diploma?
- ...Reasons why students drop out of school?

Issues discussed:

1. Education
2. Economics

Talkback with Danny Highsmith

Guests: Christina Beard, Dr. Lisa Oxendine & Dr. Greer Fisher...Methodist University Physician's Assistant program

Topic: MU Physician's Assistant program and Physician's Assistants role in medicine

Total time: 28:58

Airtime: Sunday, June 11, 2017 and Sunday, July 23, 2017 @ 7:30am

Discussion included:

- ...What is a Physician's Assistant?
- ...History of PA program at Methodist University?
- ...Background for each of you.
- ...Qualifications needed to enter the PA program at MU?
- ...How long is the program?
- ...Number of students in program?
- ...How does PA training differ from Med School training?
- ...MU PA program community partners?
- ...Tell us about the grant from HURSA.
- ...Do PA students have internship?
- ...Number of applicants for opening at PA program?

Issues discussed:

1. Education
2. Health Care

Talkback with Danny Highsmith

Guests: Assistant Fayetteville Fire Chief Kevin Morgan; Fayetteville Police Lt. Todd Joyce & Sgt. Shawn Strepay

Topic: Pedestrian Safety

Total time: 28:45

Air Date: Sunday, August 6, 2017 @ 7:30am

Discussion included:

- ...What are your respective roles at the Fayetteville PD and Fayetteville Fire Department?
- ...What are some safety tips you can give for pedestrians?
 - ...Do pedestrians need to obey traffic signals and signs?
 - ...What about distractions? (listening to music on headphones? Texting while walking? Other distractions?)
- ...What side of the road should a pedestrian walk?
- ...Safety tips for bicyclists?
- ...What side of the road should bicyclists travel?
 - ...Do bicyclists need to obey traffic lights, signs, etc.?
- ...How important is it for bicyclists to wear a helmet?
- ...Safety tips for motorists?
- ...School bus safety tips for motorists?

Issues discussed:

1. Pedestrian safety
2. Bicycle safety
3. Operating motor vehicle safely

Talkback with Danny Highsmith

Guest: Louis Panzer, Executive Director, North Carolina 811

Topic: Call before you dig!

Total time: 27:00

Air Date: Sunday, August 13, 2017 @ 7:30am

Discussion included:

- ...What is North Carolina 811?
- ...How long has it been in operation?
- ...This is a nationwide service?
- ...When should you call 811?
- ...Once you call 811, what happens?
- ...How many employees does NC 811 have?
- ...How many calls do you receive?
- ...Do utility companies have designated people to come out and check where you plan to dig?
- ...How do you know which utility to contact?
- ...Can digging without calling 811 be a safety issue for the person doing the digging?
- ...Utility companies no doubt are your most frequent callers when they plan to dig?
- ...What happened on the outer banks when power lines were cut to Hatteras Island and Ocracoke?

Issues discussed:

1. Utilities
2. Safety

Talkback with Danny Highsmith

Guest: Dr. James Anderson, Chancellor, Fayetteville State University

Topic: Fayetteville State University

Total time: 28:35

Air Date: Sunday, August 20, 2017 AND Sunday, September 17, 2017 @ 7:30am

Discussion included:

- ...How and why did you become an educator?
- ...History of FSU?
- ...There are always innovative things going on at FSU. What are some things we should know about?
- ...Number of full time students?
- ...Online courses are popular at FSU?
- ...Costs to attend FSU?
- ...Financial aid available to students?
- ...Advantages of being a part of the UNC System?

Issues discussed:

1. Education
2. History

Talkback with Danny Highsmith

Guests: Hubert Bullard, Manager, Cumberland County Fair; Daniel Marsh, Marketing Manager, Crown Complex

Topic: Cumberland County Fair 2017

Total time: 28:53

Air Date: Sunday, August 27, 2017 @ 7:30am

Discussion included:

- ...Hubert, how did you become involved in the Cumberland County Fair?
- ...Daniel, what is your role with the CC Fair?
- ...When is the Cumberland County Fair? Hours of operation? Admission? How long will the fair run?
- ...Special shows at the CC Fair?
- ...Support of the agriculture community. Are they on board with the CC Fair?
- ...How much of the Crown Complex will be used for the CC Fair?
- ...Special days are planned for the fair?
- ...Carnival rides; who inspects these rides after they are assembled?
- ...4-H involved in the CC Fair?
- ...Do you have a website where more details can be learned?
- ...Do you have an attendance goal?

Issues discussed:

1. Agriculture
2. Senior Citizens
3. Entertainment

Talkback with Danny Highsmith

Guest: Dr. Hank Parfitt, Lafayette Birthday Celebration

Total time: 29:53

Air Date: Sunday, September 3, 2017 @ 7:30am

Topic: Lafayette Birthday Celebration

Discussion included:

- ...When and why a Lafayette Birthday celebration?
- ...What are some of the events scheduled for the birthday celebration?
- ...Tell us about General Lafayette. How and why did he come to America?
- ...General Lafayette was a very young man when he came to assist us with the Revolutionary War. Where did he receive his military training?
- ...Talk about General Lafayette's work with General George Washington?
- ...What is the Lafayette Society?
- ...General Lafayette visited Fayetteville after the Revolutionary War?
 - ...What information do you have about the visit?
- ...Why the sister-city relationship we have with St. Avold, France?
- ...Re-cap the activities of the Lafayette Birthday weekend?

Issues discussed:

1. History
2. French-US relations during Revolution
3. Education

Talkback with Danny Highsmith

Guest: John Meroski, President & CEO, Fayetteville Area Convention and Visitors Bureau

Topic: Convention and Visitors Bureau

Total time: 28:19

Air Date: Sunday, September 10, 2017 @ 7:30am

Discussion included:

- ...What is the mission of FACVB?
- ...When was FACVB started and is this a government entity?
- ...How does your office go about attracting conventions and visitors?
- ...Where do you get your funding to operate?
- ...FACVB represents more than Fayetteville. Explain?
- ...Do you play a part in planning events here in the area?
- ...Upcoming events?
 - ...Heroes Homecoming?
 - ...Missing Man Table Initiative
 - ...Heroes Homecoming Motorcycle Rally
- ...I've heard that you have published a Spring Lake Visitors Guide?

Issues discussed:

1. Travel & tourism
2. Military
3. Local festivals

Talkback with Danny Highsmith

Guest: Tammy Lawrence, CEO, Habitat for Humanity-Fayetteville

Total time: 27:10

Air Date: Sunday, September 24, 2017 @7:30am

Topic: Habitat for Humanity

Discussion included:

- ...Tell us the Habitat for Humanity story?
- ...How long has Habitat operated in Fayetteville?
- ...How many Habitat Homes have been built thus far?
- ...How does a person (family) become eligible to become a Habitat homeowner?
- ...What is the process they undergo?
- ...Where does the money come from to purchase materials for these homes?
- ...What is the average cost of a Habitat home here in Fayetteville?
- ...Who finances these homes?
- ...What interest rate do you charge the Habitat homeowner?
- ...How much progress has been made with the "B" Street project?
- ...Talk with us about your expansion into Sampson County? Robeson County?

Issues discussed:

1. Volunteerism
2. Help for those needing assistance
3. Education

Weekly Public Affairs Program

Call Letters: WKML/WKMLHD1

QUARTERLY ISSUES REPORT, JULY-SEPTEMBER, 2017

July 2, 2017 @ 6am

Tony Robbins, motivational speaker, author of "*Money, Master the Game: 7 Simple Steps to Financial Freedom*"

Mr. Robbins picked the brains of more than 50 of the world's most successful investors and money managers, and found dramatically different philosophies. He discussed lessons that anyone can use to improve their personal finances. He also talked about his efforts to feed the hungry and his personal reasons for being concerned about poverty and hunger in America.

Issues covered:
Personal Finance
Consumer Matters

Length: 8:23

Andrew Sperling, Director of Federal Advocacy, National Alliance on Mental Illness

Mr. Sperling discussed the cost of mental health treatment, and the options available to make treatment more affordable. He explained how the Affordable Care Act has affected mental health and substance abuse services. He outlined the most common forms of assistance provided to employees by larger employers. He also talked about the most common forms of mental illness.

Issues covered:
Mental Health
Substance Abuse
Consumer Matters

Length: 8:42

Richard Lichenstein MD, Director of Pediatric Emergency Medicine Research at the University of Maryland School of Medicine

Wearing earphones while walking, biking or driving can be much riskier than most people think. Dr. Lichenstein recently conducted a study that found that headphone-related deaths have tripled in the past several years. He explained who is most likely to become a victim and the reasons that this behavior is so dangerous.

Issues covered:
Traffic Safety
Personal Health

Length: 4:55

July 9, 2017 @ 6am

Clifford Bassett, M.D., FAAAAI, FAAAAI, Founder and Medical Director of Allergy and Asthma Care of New York, author of "*The New Allergy Solution: Supercharge Resistance, Slash Medication, Stop Suffering*"

Allergies are on the rise. Dr. Bassett explained why the problem and its underlying causes are quite complex. He believes in many cases, allergic reactions can be prevented, with proper medical advice that examines the interplay of diet, mindset, and environment.

Issues covered:
Personal Health

Length: 7:28

Cornelius N. Grove, Ed.D., education expert, author of "*The Drive to Learn: What the East Asian Experience Tells Us about Raising Students Who Excel*"

American students are currently ranked #25 in education globally, significantly behind countries such as Singapore, China and Japan. He believes that American children are less receptive to classroom learning, compared to East Asian children. He said a different approach to parenting is a major factor.

Issues covered:
Education
Parenting

Length: 9:51

Laurence J. Kotlikoff, PhD, William Fairfield Warren Distinguished Professor, Professor of Economics at Boston University, President of Economic Security Planning, Inc, author/co-author of 16 books on retirement planning, economics and personal finance

Dr. Kotlikoff has developed the first retirement planning software built by economists. He explained how the "Economist Approach" differs from traditional retirement advice. He said the new approach can help consumers determine the highest level of spending their household can sustain over time, in order to live within their means for the remainder of their lives.

Issues covered:
Retirement Planning
Senior Citizens

Length: 4:56

July 16, 2017 @ 6am

Rachael Stickland, Co-Founder and Co-Chair of the Parent Coalition for Student Privacy

Schools and third-party vendors collect and share an astonishing amount of personal data on nearly every student in America. Ms. Stickland explained why parents should be concerned and what they can do about it. She believes laws protecting student privacy need to be strengthened.

Issues covered:
Parenting
Privacy Concerns
Education

Length: 8:56

Vijay R. Varma, PhD, researcher and post-doctoral fellow at the National Institute on Aging, part of the National Institutes of Health

Dr. Varma recently co-authored a study that found an alarming decrease in physical activity in youngsters at every age. 19 year olds now get as much exercise and activity as 60 year olds. Dr. Varma explained why this is a major problem. He offered suggestions of ways to encourage both younger and older Americans to become more physically active.

Issues covered:
Physical Fitness
Personal Health
Aging

Length: 8:02

Jim Hedlund, consultant for the Governors Highway Safety Association, former researcher for 22 years at the National Highway Traffic Safety Administration

Mr. Hedlund conducted a study for the Governors Highway Safety Administration that found that for the first time, more drivers who were tested after fatal crashes had drugs in their system than had alcohol. He discussed the role that the increasing legalization of marijuana may play in this trend. He also explained why laws targeting drivers under the influence of alcohol cannot easily be amended to include drug users.

Issues covered:
Impaired Driving
Substance Abuse
Government Legislation

Length: 5:09

July 23, 2017 @ 6am

Bill Thornton, PhD, Professor of Psychology, University of Southern Maine

Dr. Thornton led a study that found that the mere presence of a smart phone, even if it is turned off, can make it difficult to perform complex tasks. He explained the likely reasons that a phone can be so distracting. He offered suggestions for parents who are concerned about phone usage affecting their child's schoolwork.

Issues covered:
Mental Health
Consumer Matters

Length: 7:27

Sharon Fowler, MPH, Adjunct Assistant Professor, University of Texas Health Science Center at San Antonio

Ms. Fowler was the co-author of a study that found that diet soda consumption leads to expanding waistlines. She found that older adults who drank two or more diet sodas a day had waist size increases that were six times greater than those of people who didn't drink diet soda. She discussed the possible physiological reasons and offered suggestions for those trying to control calories.

Issues covered:
Personal Health
Senior Citizens
Consumer Matters

Length: 9:43

Regina Leeds, professional organizer, author of "*The 8-Minute Organizer*"

Nearly everyone can use some help in getting organized. Ms. Leeds talked about the reasons that keeping order in our lives and possessions is so difficult. She offered small, step-by-step suggestions on how determine goals to get organized, and how to create positive routines for the long-term.

Issues covered:
Consumer Matters
Mental Health

Length: 5:06

July 30, 2017 @ 6am

Kevin Carey, PhD, education researcher and writer, Director of the Education Policy Program at the New America Foundation, co-author of "*The End of College: Creating the Future of Learning and the University of Everywhere*"

The cost of college has exploded in recent years, and whole generations are sinking deeper into college debt. Mr. Carey discussed recent innovations in digital learning and why he believes that the current methods of higher education are woefully outdated. He said, more than ever, a college degree is required to secure even a middle class income for those entering the workforce, but he believes universities much be willing to adapt to online learning and other new technologies.

Issues covered:
Education
Government Policies

Length: 8:30

George King, MD, Research Director and Chief Science Officer, Joslin Diabetes Center, Harvard Medical School, author of "*The Diabetes Reset: Avoid It. Control It. Even Reverse It. A Doctor's Scientific Program*"

Dr. King discussed the effect of diabetes on the nation's health. He said it's possible to prevent and even reverse type 2 diabetes, through appropriate lifestyle changes. He outlined the importance of diet, exercise and sleep in the prevention of diabetes.

Issues covered:
Diabetes
Personal Health

Length: 8:38

Christopher Ferguson, PhD, psychology professor in the Department of Behavioral Sciences at Texas A&M International University

Dr. Ferguson led a study into the effects of fast food advertising on children. His research found that while advertising target at children is highly effective, parental influence can lessen the impact of commercials and help young kids make healthier food decisions. He offered advice for parents.

Issues covered:
Children's Health
Nutrition

Length: 4:53

August 6, 2017 @ 6am

Benjamin H. Barton, Helen and Charles Lockett Distinguished Professor of Law at the University of Tennessee, author of *"Rebooting Justice: More Technology, Fewer Lawyers, and the Future of Law"*

Professor Barton discussed what he sees are longstanding problems in our judicial system. He said that laws are too complex and legal advice is far more expensive than necessary. He outlined a series of reforms which he believes would make the courts much fairer and more accessible for poor and middle-class Americans.

Issues covered:
Legal Reform
Poverty

Length: 8:31

Steve Casner, PhD, research psychologist, NASA scientist, author of *"Careful: A User's Guide to Our Injury-Prone Minds"*

Dr. Casner has devoted his career to studying the psychology of safety. He said after a hundred years of steady decline, the rate at which people are being injured or killed in everyday accidents, such as car crashes, pedestrian fatalities, home-improvement projects gone wrong, medical mistakes and home fires, is increasing. He explained why few of us are as careful as we think we are, and what we can do about it.

Issues covered:
Accident Prevention
Personal Health

Length: 8:36

Robin Behrstock, entrepreneur, author of *"Adventures Of Women Entrepreneurs: Stories That Inspire"*

Dr. Behrstock shared some inspiring examples of women who overcame both personal and professional setbacks to turn their dreams of starting their own business into reality. She offered advice for aspiring entrepreneurs who are reluctant to take that first step.

Issues covered:
Women's Issues
Career

Length: 4:50

August 13, 2017 @ 6am

Lea Waters, Ph.D., President-Elect of the International Positive Psychology Association, Gerry Higgins Chair in Positive Psychology at the University of Melbourne, Australia, author of *"The Strength Switch: How the New Science of Strength-Based Parenting Can Help Your Child and Your Teen to Flourish"*

Dr. Waters discussed strength-based parenting, which focuses on sincerely praising children's strengths rather than always trying to correct their weaknesses. She said her approach helps children recognize skills, talents and positive aspects of their personalities, and shows them how to make the most of those positive resources. She said the technique differs significantly from the "participation trophy" approach that was common in the past couple of generations of parenting.

Issues covered:
Parenting

Length: 10:01

Octavia H. Zahrt, doctoral candidate in health psychology at the Stanford University Graduate School of Business

Physical inactivity is estimated to account for 1 in 10 deaths worldwide, and 79% of U.S. adults do not meet recommended exercise guidelines. Ms. Zahrt co-authored a study that found that people who think they are less active than others in a similar age bracket die younger than those who believe they are more active – even if their actual activity levels are similar. She talked about the possible reasons behind this finding, and how a person's mindset affects their overall health.

Issues covered:
Physical Fitness
Mental Health

Length: 6:56

Rachel Tolbert Kimbro, PhD, Professor of Sociology at Rice University

Prof. Kimbro co-authored a study that found that, in the wake of the Great Recession, more children than ever are living in low-income neighborhoods. She said white children were the group with the biggest increase. She explained why low-income living conditions are a negative influence on academic performance. She offered suggestions of how educators and legislators should attempt to deal with the issue.

Issues covered:
Poverty
Youth at Risk
Education

Length: 4:43

August 20, 2017 @ 6am

Scott Sampson, PhD, dinosaur paleontologist, science communicator, Vice President of Research and Collections at the Denver Museum of Nature & Science, host of the PBS Kids' television series, *Dinosaur Train*, author of *How to Raise a Wild Child: The Art and Science of Falling in Love with Nature*

Today's American children spend 4 to 7 minutes a day playing outdoors. Dr. Sampson explained why this disconnect between kids and nature is a problem that should concern parents. He offered tips for parents to help kids fall in love with nature, by enlisting technology as an ally and encouraging outdoor activities like the Boy Scouts and Girls Scouts.

Issues covered:
Parenting
Environment

Length: 10:15

David Ernst, PhD, Chief Information Officer at the University of Minnesota's College of Education and Human Development, creator of the Open Textbook Library

The cost of college textbooks has skyrocketed in recent years, but a new trend of free or low-cost "open source" textbooks is gaining momentum. Dr. Ernst said college students could save an average of \$128 a course if traditional textbooks were replaced with the new electronic versions. He explained why this new generation of textbooks is often of equal academic value compared to traditional printed textbooks.

Issues covered:
Education
Consumer Matters

Length: 6:57

Linda Gordon Howard, attorney, author of *The Sexual Harassment Handbook*

Ms. Howard talked about progress in the battle against sexual harassment. She discussed how sexually inappropriate behavior in the workplace has evolved since attention was first focused on it. She believes many situations involving sexual harassment can be prevented or resolved if victims recognize what's happening and know what to do.

Issues covered:
Sexual Harassment
Workplace Matters
Women's Issues

Length: 5:13

August 27, 2017 @ 6am

Tim Stockwell, Ph.D., Director of the Center for Addictions Research at the University of Victoria, British Columbia

Many people believe that having a glass of wine with dinner -- or moderately drinking any kind of alcohol -- will protect them from heart disease. However, Dr. Stockwell has conducted a series of studies that he believes cast doubt on that thinking. He outlined several issues that many researchers fail to factor into their studies.

Issues covered:
Personal Health
Substance Abuse

Length: 8:04

Justin Knoll, sociology doctoral student at the University of Arizona

With incivility in American public and political discourse increasingly in the spotlight, Mr. Knoll conducted a study that found that people's tolerance to incivility impacts the degree to which they participate in politics, especially online. He noted that people who most engage in online political discussions are five times more likely to vote.

Issues covered:
Civic Participation
Voting

Length: 9:07

Ken Blanchard, management expert and co-author of more than 60 books, including "*The One Minute Manager*" and "*One Minute Mentoring: How to Find and Work With a Mentor--And Why You'll Benefit from Being One*"

Mr. Blanchard explained why it is more critical than ever to seek out a mentor for career advancement. He said older workers can also benefit from seeking out a younger mentor for help with technology. He also talked about the positive aspects of mentoring to both parties. He also offered advice on how to locate a mentor.

Issues covered:
Career
Senior Citizens

Length: 5:04

September 3, 2017 @ 6am

Bruce Schneier, data security expert, author of "*Data and Goliath: The Hidden Battles to Collect Your Data and Control Your World*"

Americans' personal identity, interests and behavior are being monitored more than ever before. How concerned should we be about the loss of privacy? Mr. Schneier explained what can be done to reform government surveillance programs and shake up surveillance-based business models. He also outlined simple steps that consumers can take to protect their personal privacy.

Issues covered:

Length: 8:42

Privacy
Government Policies
Consumer Matters

Matthew Drayton, motivational speaker, author of "*Succeeding While Black: A Blueprint for Success*"

Many African-American young men find themselves in prison, in gangs, and on the streets without opportunities to succeed. He talked about the importance of mentoring, education and leadership for kids who otherwise face grim futures in the inner cities of America.

Issues covered:

Length: 8:32

Minority Concerns
Youth at Risk
Poverty

Huntington Potter, PhD, Professor, Department of Neurology and Linda Crnic Institute for Down Syndrome, University of Colorado School of Medicine

Dr. Potter explained why Alzheimer's disease is such an expensive disease for the nation's healthcare system. He discussed who may be most likely to develop the disease, whether things like crossword puzzles can really keep the brain healthy, and where current research is headed.

Issues covered:

Length: 6:14

Personal Health
Senior Citizens

September 10, 2017 @ 6am

Jean Twenge, Ph.D., Professor of Psychology at San Diego State University, author of "*iGen: Why Today's Super-Connected Kids Are Growing Up Less Rebellious, More Tolerant, Less Happy—and Completely Unprepared for Adulthood—and What That Means for the Rest of Us*"

Dr. Twenge discussed the mental health and development of iGen, the first generation to spend their entire adolescence in the age of the smartphone. With social media and texting replacing other activities, she said Americans born between 1995 and 2012 spend less time with their friends in person and are experiencing unprecedented levels of anxiety, depression, loneliness, and suicide. She said iGen is growing up more slowly than previous generations, as reflected in delayed experiences with driving, dating, finding a job, drinking, and sex. She offered advice for parents.

Issues covered:

Length: 9:58

Youth at Risk
Mental Health
Parenting

Pam Shadel Fischer, traffic safety expert, Special Projects Consultant for the Governors Highway Safety Administration

Ms. Fischer led a study that found that bicyclist deaths have risen more than 12%, the largest percentage increase of all roadway user groups. She said the average age of those killed is 45, and most are male. She talked about the factors that cause bicycle/car collisions, and what bikers and drivers can do to reduce them.

Issues covered:
Traffic Safety

Length: 7:16

Kenneth S. Rogoff, PhD, Thomas D Cabot Professor of Public Policy in the Economics Department of Harvard University, author of "*The Curse of Cash: How Large-Denomination Bills Aid Crime and Tax Evasion and Constrain Monetary Policy*"

Even as people in advanced economies are using less paper money, there is more cash in circulation—\$4,200 for every American, mostly in \$100 bills. Dr. Rogoff believes the United States should discontinue the use of \$50 and \$100 bills, because they are primarily used as vehicles for tax evasion, the drug trade, terrorism, human trafficking, and other criminal enterprises. He outlined his plan for it phasing out, and said he believes it could cut criminal activity by 5-10%.

Issues covered:
Crime
Government Policies
Consumer Matters

Length: 5:03

September 17, 2017 @ 6am

Beth Givens, Founder and Executive Director of the Privacy Rights Clearinghouse, a nonprofit consumer education and advocacy organization

In perhaps the most egregious security breach to date, credit files of up to 143 million Americans were recently hacked from the credit reporting agency Equifax. Ms. Given explained the seriousness of the incident, how consumers can learn if their data was included and what steps to take to try to defend against identity theft and other forms of fraud.

Issues covered:
Identity Theft
Consumer Matters
Government Regulation

Length: 7:51

Steve Kardian, former FBI defense tactics instructor, author of "*The New Superpower for Women: Trust Your Intuition, Predict Dangerous Situations, and Defend Yourself from the Unthinkable*"

Each year, a disturbing number of women are victims of a crime or assault. Mr. Kardian explained the steps women should take to become a "hard target" in the eyes of criminals. He explained the importance of a woman following her intuition and being proactive in identifying potential trouble.

Issues covered:
Crime Prevention
Women's Issues
Self Defense

Length: 9:26

Wendy M. Troxel, PhD, Senior Behavioral and Social Scientist at the RAND Corporation, Adjunct Professor of Psychiatry and Psychology at the University of Pittsburgh

Dr. Troxel led a state-by-state analysis of the economic implications of a shift in school start times in the US. She found that a nationwide move to 8.30 a.m. could contribute \$83 billion to the U.S.

economy within a decade. She said the economic gains would be realized through higher academic and professional performance of students, and reduced car crash rates among adolescents.

Issues covered:

**Education
Economy
Youth at Risk**

Length: 5:00

September 24, 2017 @ 6am

Jack Kosakowski, President and CEO, Junior Achievement USA

Mr. Kosakowski discussed a Junior Achievement USA survey that found that 77 percent of parents are concerned about their children's ability to have a successful job or career as adults, in light of global competition and automation. He talked about the rapidly changing career environment, and how Junior Achievement is adapting to today's tech environment to help teenagers.

Issues covered:

**Youth Concerns
Careers
Parenting**

Length: 8:04

Dale Bredesen, MD, NIH Postdoctoral Fellow at the University of California, San Francisco, author of "The End of Alzheimer's: The First Program to Prevent and Reverse Cognitive Decline"

Dr. Bredesen said his research has determined that Alzheimer's disease is not a single condition, but three similar ones--each with a different cause. He said new research is giving hope that the disease can be prevented and, under certain circumstances, even reversed. He said every American should get a cognitive and genetic test at age 45, to determine their likelihood of developing Alzheimer's.

Issues covered:

**Alzheimer's Disease
Aging**

Length: 9:15

Craig Gunderson, PhD, Soybean Industry Endowed Professor in Agricultural Strategy, Professor in the College of Agricultural, Consumer and Environmental Sciences Department of Agricultural and Consumer Economics at the University of Illinois

Dr. Gunderson led a study that found that 5.4 million people age 60 or older in the U.S., or 8.1 percent, did not have enough food for an active, healthy lifestyle. He explained how food insecurity adversely affects a senior citizen's health, and why many low income seniors fail to take advantage of government programs available to them.

Issues covered:

**Hunger
Poverty
Senior Citizens
Government Programs**
