DURING THE PAST QUARTER, THE ISSUES SHOWN BELOW HAVE BEEN SIGNIFICANT TO OUR COMMUNITY. WE RAN THE PROGRAMS INDICATED TO ADDRESS THEM.

3rd Quarter, 2023

Issue: Safe driving during harvest

We ran the following program to address it: News

Date: 7/13/23 **Time of Day:** 8:00 am and 12:00pm **Duration:** 5 minutes

Brief description of program (format, participants, contents, etc.): The Kansas Highway Patrol would like to remind drivers to use extra caution and patience when wheat harvest season soon beginning, you'll see heavy farm implement and truck traffic moving in and out of Kansas wheat fields and on to Kansas roadways. It's important to remember that traveling around implements like farm trucks, combines, tractors requires extra caution. By taking your time and giving farm and heavy equipment plenty of room on the roadways, you can help ensure that yourself, your loved ones, and our Kansas farmers all make it home safely,

Issue: Scam

We ran the following program to address it: news

Date: 7/27/23 **Time of Day:** 8:00am and 12:00pm

Brief description of program (format, participants, contents, etc.):

Scammers are lurking on LinkedIn and other job sites, posing as "recruiters" for well-known companies. But instead of looking to hire you, they're really looking to take your money and personal information. To spot these scams, know that honest employers will never ask you to pay upfront fees for a job or for equipment. And they won't ask you to pay them using cash, Zelle or PayPal. Anyone who does is a scammer. Never give out personal information

Issue: Sleep deprivation can change your brain and make it appear older

We ran the following program to address it: Story

Date: 9/25/23

Time of Day: 2:40 pm

Duration: 10 minutes

Brief description of program (format, participants, contents, etc.): According to a new study published in the Journal of Neuroscience sleep deprivation is aging your brain. Sleep is an essential time for our body to heal and recover from the day. If you don't get adequate sleep, your brain won't have enough time to carry out vital functions, which impairs cognitive function. A Power nap a day will keep brain aging at bay.
