 JANUARY 10
 APRIL 10
 JULY 10
 OCTOBER 10

3. State whether program was PSA, PUBLIC AFFAIRS, NEWS FEATURE, etc.

4. Report ACTUAL ISSUE TREATED, NOT Category of issue

DATE OF PROGRAM	TIME AND DURATION	TYPE OF PROGRAM	ISSUE ADDRESSED BY PROGRAM	NARRATIVE DESCRIBING HOW ISSUE WAS TREATED
April 1, 2007	10:00PM 18 Seconds	Eyewitness News 4 at 10	Rail runner fares	Starting tomorrow you will have to dig a little deeper into your pocket to ride the Rail Runner. One-way tickets will range from one to three dollars depending on how far you're going. They used to be two dollars no matter where you went. There will still be discount tickets if you buy a round-trip ticket.
April 1, 2007	10:00PM 24 Seconds	Eyewitness News 4 at 10	Campaign money for NM Governor to run for President	NM Governor Bill Richardson has raised about 6 million dollars for his presidential campaign. That's just a fraction of what Democratic front runners have.
April 1, 2007	10:00PM 27 Seconds	Eyewitness News 4 at 10	Skin cancer	A new study shows men three times more likely to develop certain types of cancer than women. Ohio State Researchers tested U-V-B rays on mice and found that male rodents developed tumors earlier. Those tumors were also larger and more aggressive than those found in female rodents. Scientists believe women have higher levels of antioxidants in their skin, so they're able to fight off tumors better.
April 2, 2007	5:00AM 19 Seconds	Eyewitness News 4 Today	Los Alamos x-ray machine	At Los Alamos National Lab work is coming along on the world's most powerful x-ray machine. The team is rebuilding parts that had failed. The machine will check the reliability of nuclear weapons. If everything goes as planned, the machine should be up and running before its full-fledge test next year.
April 2, 2007	5:00AM 25 Seconds	Eyewitness News 4 Today	Bernalillo County water restrictions	Water restrictions are in effect from now through the end of October. You can water your lawn before 11 a.m. and after 7 p.m. Anyone caught violating the water restrictions could face fines up to one-thousand dollars. By the way, at this point, there is no odd even watering restrictions.

April 2, 2007	5:00AM 26 Seconds	Eyewitness News 4 Today	Airline quality	Turbulence in the airline industry as this year's airline quality rating report comes out. It shows more bumped passengers, more lost bags, and fewer on-time flights this year than last. It's the third year in a row that those problems have gotten worse.
April 2, 2007	5:00AM 27 Seconds	Eyewitness News 4 Today	Bird flu drill	The World Health Organization is practicing how it will respond to a bird flu pandemic. The exercise is designed to be the first in a series of tests in the Asia Pacific region.
April 2, 2007	12:00PM 50 Seconds	Eyewitness News 4 at Midday	Medical pot	NM Governor Bill Richardson signed a bill authorizing the use of medical marijuana, adding New Mexico to about a dozen other states that allow the drug. The bill will require a doctor's permission to use marijuana. Illnesses that would be covered include HIV and AIDS, cancer, glaucoma, and multiple sclerosis.
April 2, 2007	12:00PM 36 Seconds	Eyewitness News 4 at Midday	Hospital grades	Hospital errors have increased slightly across the country according to an annual survey by health grades...an independent healthcare ratings company. The report sums up an analysis of more than 40-million Medicare hospitalization records between 2003 to 2005. Researchers say that overall, errors rose three percent during those years.
April 2, 2007	12:00PM 35 Seconds	Eyewitness News 4 at Midday	Translation	Non-English speaking parents are not getting proper translation services when they take their children to the doctor. Researchers at Johns Hopkins University surveyed more than 18-hundred pediatricians on how they communicate with parents who don't speak English. 70-percent relied on a bilingual family member to relay information, 40-percent used professional interpreters. Researchers say there is a danger of miscommunication between the doctor and parents which could lead to health problems.

April 2, 2007	12:00PM 24 Seconds	Eyewitness News 4 at Midday	Smoking gene	Scientists with the National Institute of Health have identified genes that could increase a person's ability to quit smoking and stay smoke-free. This brings the medical community a step closer to tailoring medications for each person based on their individual genetic makeup.
April 2, 2007	12:00PM 1 Minute, 55 seconds	Eyewitness News 4 at Midday	Taxpayer scam	Now that it's tax-time, don't be fooled by some scam emails that look like they're from the IRS. Tips to avoid getting into trouble, banks and other money-related institutions don't use email in this manner. Look for bad grammar or punctuation, don't click a link, type in the website yourself.
April 2, 2007	4:00PM 30 Seconds	Eyewitness News 4 Live at 4	Spaceport tax	The vote critical to the future of New Mexico's spaceport is one day away. Tomorrow Dona Ana County residents will decide whether or not to raise the gross receipt tax rate by one quarter of a percent to help pay for the planned spaceport. Because of a significant financial commitment on the part of the state, Otero and Sierra Counties are also being asked to help with some of the cost.
April 2, 2007	4:00PM 38 Seconds	Eyewitness News 4 Live at 4	Albuquerque street safer	A new traffic signal is up and running on Mountain Road at 18 th Street in Old Town, right in front of the Natural History Museum and the Explora Museum; popular spots for kids and tourists. Museum managers say it's a miracle no one's been struck by cars speeding around the curve on Mountain Road. The traffic light should help slow them down.
April 2, 2007	5:00PM 1 Minute, 28 seconds	Eyewitness News 4 at 5	Bernalillo County jail funding	County officials asked city councilors for nine million dollars to help pay for operations at the financially troubled county jail. The City of Albuquerque washed its hands of the jail last year after decades of quarreling with county government over who gets to call the shots. State law is clear, the counties have the authority and the responsibility of paying the bills. That's why the mayor shot down the nine million dollar bailout approved by the city council.

April 2, 2007	5:00PM 19 Seconds	Eyewitness News 4 at 5	NM domestic violence bill signing	NM Governor Bill Richardson signed three bills into law that protect victims of domestic abuse. One bill would allow victims to create a substitute address if there is a good reason to believe the victim's safety is at risk. Another law will increase the probationary time for abusers to a maximum of two years.
April 2, 2007	5:00PM 2 Minutes, 3 seconds	Eyewitness News 4 at 5	Airline quality	For the third year in a row, airline performance is getting worse. More delays, bumped flights and lost baggage. And that doesn't even include the most recent airline troubles when weather derailed millions of travel plans. Airline analysts say passengers can expect more problems as the airline industry adapts to changes in baggage security and an increase in air travel and passenger demands.
April 2, 2007	5:00PM 24 Seconds	Eyewitness News 4 at 5	Weight gain during pregnancy	New research suggests doctors may need to revise what is considered acceptable weight gain during pregnancy. A new study finds that even mothers who gained what has been considered a normal amount of weight during pregnancy were more likely to have children who became overweight toddlers.
April 2, 2007	6:00PM 1 Minute, 29 seconds	Eyewitness News 4 at 6	NM video voyeurism bill	NM Governor Bill Richardson signed a bill today that makes it illegal for anyone to videotape you in places like bathrooms and locker rooms. The proposal wasn't even on the agenda at the beginning of the session. The new anti-voyeurism law goes into effect July first.
April 2, 2007	10:00PM 28 Seconds	Eyewitness News 4 at 10	Passport production	The time it takes to get a U.S. passport just got shorter. The State Department has ramped up passport production using a combination of staffing, overtime and working weekends. Since January, the State Department has been overwhelmed with requests.

April 3, 2007	12:00PM 26 Seconds	Eyewitness News 4 at Midday	Sleep health risks	A sleep study from the University of California, San Diego, re-affirms what many experts have thought for years that sleep disruptions at night increase the risk of developing a blood clot. The new study included adults who did not have a history of sleep disorder.
April 3, 2007	12:00PM 28 Seconds	Eyewitness News 4 at Midday	Restless nights	A sleep study from Johns Hopkins University studies people who were forcibly woken up at in the middle of the night were more likely to experience spontaneous pain than those who slept peacefully. Researchers say this problem can affect health care workers on call, or parents caring for infants.
April 3, 2007	12:00PM 27 Seconds	Eyewitness News 4 at Midday	Social security	If you worked two or more jobs last year, you may have had too much social security tax withheld from your pay. You may not realize it, but there's a limit on how much of your wages are subject to the social security tax. So if you worked for two or more employers and had too much withheld, be sure to claim the excess as a credit.
April 3, 2007	12:00PM 27 Seconds	Eyewitness News 4 at Midday	College aid	Students no longer have to wait until their senior year to find out if they can get financial aid for college. Families can now go to federal-student-aid-dot-ed-dot-gov and use the Department of Education's FAFSA-4-CASTER. It's a free tool that estimates what your family can expect to contribute toward college costs. It can also indicate whether a student is likely to qualify for a Pell Grant of up to 43 hundred dollars.
April 3, 2007	4:00PM 34 Seconds	Eyewitness News 4 Live at 4	HPV vaccine	NM Governor Bill Richardson announced he is going to veto a bill that would have required sixth grade girls to be vaccinated against the sexually transmitted disease HPV, which has been linked to cervical cancer. If the governor had signed the bill, New Mexico would have been only the second state in the country to require the vaccination.

April 3, 2007	4:00PM 1 Minute, 30 seconds	Eyewitness News 4 Live at 4	Hormone confusion	It looks like hormone therapy is gaining wider acceptance. The newest study helps clarify when healthy women should take the menopause treatment, without risking heart problems.
April 3, 2007	4:00PM 28 Seconds	Eyewitness News 4 Live at 4	Strokes and drugs	New research shows using meth and cocaine can lead to potentially deadly strokes, especially among young adults. Researchers say about 14 percent of Ischemic strokes are caused by heavy drug use, especially meth.
April 3, 2007	4:00PM 26 Seconds	Eyewitness News 4 Live at 4	Online reading	A study by the Poynter Institute, found people who read articles online have a better attention span. The study also found two-thirds of online readers actually read the entire web article they chose.
April 3, 2007	5:00PM 2 Minutes, 31 seconds	Eyewitness News 4 at 5	Tax deadline	With the tax deadline rapidly approaching, those of you who still haven't filed your returns may be in for some luck, and some savings. There's the student loan interest deduction, the educator's expense deduction, a one-time telephone tax refund. And just a reminder, the tax deadline this year is extended to April 17 th . That's because the 15 th falls on a Sunday and the following Monday is a holiday in Washington, D.C.
April 3, 2007	6:00PM 46 Seconds	Eyewitness News 4 at 6	UNM youth program in jeopardy	A well-known summer sports program on the UNM campus could be coming to an end. UNM says the National Youth Sports Program might get canned this year. Officials say last year Federal funding for the program was slashed by more than half. This year, Federal funding is offering nothing.

April 3, 2007	6:00PM 21 Seconds	Eyewitness News 4 at 6	UNM Health care	UNM is getting a lot of respect for its School of Medicine. U.S. News and World Report ranks the program number two in the nation for its rural medicine program. This is the 12 th consecutive year the program has taken the number two spot. The school has also been in the top ten for its family medicine program for the past 17 years.
April 3, 2007	10:00PM 39 Seconds	Eyewitness News 4 at 10	Red Light Camera fines in Albuquerque	NM governor agreed to not sign a bill that would have required the city to give the state a cut of the money from red light camera tickets. That was with the understanding the city would lower fines. It's now up to the city council to decide what the lower fines will be set at.
April 3, 2007	10:00PM 41 Seconds	Eyewitness News 4 at 10	Tax fraud accusations -- Jackson Hewitt	The IRS is cracking down on more than 100 Jackson Hewitt offices nationwide for going too far to get customers big refunds. They say it cost the Federal government 70 million dollars. The IRS isn't just going after the owner of the Jackson Hewitt franchises. They'll soon be going after the taxpayers who got bigger refunds than they deserved.
April 4, 2007	12:00PM 26 Seconds	Eyewitness News 4 at Midday	Cell phone ban on planes	The Federal Communications Commission spent the last couple of years re-examining the rules. They require cell phones to be turned off before planes leave the ground. The FCC was looking at whether using cell phones in the air would interfere with cell phone networks on the ground. FAA rules also do not allow the use of cell phones on planes.
April 4, 2007	12:00PM 1 Minute, 46 seconds	Eyewitness News 4 at Midday	Virtual hospital	Technology is taking great strides for people who can't walk. Some hospitals are now offering a program that allows patients to interact with friends and family over the internet.
