About two-thirds of India's 1.3 billion people live on small subsistence farms, struggling to eke out a living. Many farmers have felt left behind as crops have failed or diminished due to disease, degraded soil and drought. Not thousands are returning to traditional seeds that went out fashion decades ago -- an approach that's gaining attention. Special correspondent Fred de Sam Lazaro reports.

Facebook's news feed algorithm learns in great detail what we like, and then strives to give us more of the same -- and it's that technology that can be taken advantage of to spread junk news like a virus. Science correspondent Miles O'Brien begins a four-part series on Facebook's battle against misinformation that began after the 2016 presidential election.

On April 4, 1968, the Rev. Martin Luther King Jr. -- in Memphis, Tennessee, to support striking sanitation workers - was shot to death on a hotel balcony. What followed was a national reckoning and the greatest wave of social unrest since the Civil War. Fifty years later, Americans are honoring King's sacrifice, in hopes of connecting his message to today's struggles. Judy Woodruff reports.
