Put on your little black cocktail dresses and grab your Louis Vuitton bags. "Sex in the City" is now in the casino.

city1 copy.jpg Morongo Casino, Resort & Spa has what it describes as the only slot machine in Southern California based on the popular HBO series and movie franchise.

Representatives say it will have the penny game exclusively for two weeks and that players have been lining up to play it since it debuted today.

It's a multi-level progressive from the company IGT with such fabulous components such as a sound chair for an "immersive game experience" and sound bytes from characters such as Carrie Bradshaw. Five character-specific bonus games feature the voice of Chris Noth, "Mr. Big" in the show, giving you props.

Morongo Debuts "Sex and the City™" Slot Machine Property is First Casino in Southern California To Offer Game Cabazon, California (February 10, 2010) - Put on your Manolos and your Cosmos as Morongo Casino, Resort & Spa premieres "The Sex and the City™" Multi-Level Progressive by IGT. The popular new slot machine based on the "forever-stylish" television show made its Southern California debut at Morongo today.

"We are always looking for new and exciting ways treat our players to the latest slot offerings," said Dual Cooper, General Manager of Morongo Casino, Resort & Spa. "We have the unique distinction of being the first casino in California to offer this popular slot machine."

"Sex and the City™" is the first MegaJackpots® product to offer MultiPLAY - a game brand exclusive to IGT. It's also the first game to feature IGT's new sound chair with award-winning, high-performance sound that creates a rich, immersive game experience. With MultiPLAY, players get four times the base game action. Players determine how many games they want to play at once by the amount they wager.

Another alluring feature includes the five character-specific, progressive-level pick bonus games that allow players to choose one to three boxes that reveal credits or the progressive award. Also, there are four themed bonus games that provide fun player interaction and fabulous awards. Players will have Mr. Big (Chris Noth) talk them through the bonus play steps and congratulate them on their wins in addition to having iconic quotes from the show play such as Carrie Bradshaw's mantra "hello lover."

The game is officially licensed by HBO Licensing & Retail and until recently was only available for play in Las Vegas and Reno, Nevada. Other newly arrived additions to the gaming floor include Indiana Jones, Elvis, Jaws, Wizard of Oz and Marilyn Monroe.

**this is the club on Sepulveda Blvd., just south of Santa Monica Blvd.**

This is on thursday at 3 pm, so shooter needs to arrive at 2:30. Also jackie j and ron are friends from the thksgiving cooking, should I ask her to come workout with ron and I too- could be a GREAT tease!

**Subject:** sports club/LA interview with Ron Artest

Hi Christina and Heidi,

Everything is all set for next Thursday's interview with Ron Artest at the Sports Club/LA at 3:00pm. Just so there's no confusion, this is the club on Sepulveda Blvd., just south of Santa Monica Blvd.

I most likely will not be able to get away from the office to be there, but I have full confidence that you'll be able to put together an Emmy Award-winning piece even without me...

Steve Wilson from Baker, Winokur, Ryder PR (agency that represents Sports Club/LA) will be there to coordinate things from the club's end. He will meet you both and Ron sometime shortly before 3:00.

As I discussed with both of you, the general idea is to get footage of Ron working out; an interview with Ron discussing how much he loves the club, meeting and interacting with other members (and the public in LA in general), and how much he loves L.A. and the Lakers; and interviews with a couple other members of the club, talking about how much they enjoy having Ron at the club, how cool it is working out with him, how happy they are he's in L.A. and with the Lakers, etc. Let me know if you have any questions. Thanks!
