

## QUARTERLY ISSUE/PROGRAM TOPIC REPORT

JANUARY TO MARCH 2019 (QUARTER 1)

FOR RADIO STATIONS LICENSED TO STATE OF WISCONSIN –  
EDUCATIONAL COMMUNICATIONS BOARD

**News and Classical Network: WERN (FM), WHWA (FM), WHND (FM), WHRM (FM),  
WWSA (FM), WPNE (FM), WSSU (FM), and WSSW (FM)**

**Ideas Network: WLBL (AM/FM), WHAA (FM), WHAD (FM), WHBM (FM), WHDI  
(FM), WHHI (FM), WHLA (FM), WHSF (FM), and WHWC (FM)**

During the period, this station, as part of the network that makes up Wisconsin Public Radio, has served the public interest by producing and broadcasting diverse content which addresses national, statewide and regional issues. The following is a list of some of the produced or acquired programming or news stories aired in response to areas of concern to listeners served by Wisconsin Public Radio.

### ISSUES OF COMMUNITY CONCERN:

- AGRICULTURE
- ECONOMY
- EDUCATION
- ENVIRONMENT
- HEALTHCARE
- POLITICS

<b>Ideas Network</b> Quarterly Issues and Programs List January to March 2019		
<b>AGRICULTURE</b>	<b>PROGRAM</b>	<b>DATE</b>
With the national spotlight on immigration, the stakes are high in the dairy industry. A sociologist explains how dairy farmers and migrant workers came to rely on each other and she lays out the risks they take to sustain the arrangement. Then we talk to a	The Morning Show	1/10/19 @ 6 am

journalist about how this relationship has changed under Donald Trump's presidency. (Duration: 43 min, 33 sec)		
"The Lands We Share" is a live exhibit traveling around Wisconsin. It features real farms and gardens, oral histories and farm-to-table dinners. The program director, a participating farmer and a student tell us what it's all about. (Duration: 43 min, 30 sec)	The Morning Show	1/11/19 @ 6 am
Recent news analysis has asked - and tried to answer the question of - whether we can we save rural America. But our guest says that's the wrong question. He joins us to explore how rural America is saving itself and why rethinking what economic success looks like is key for the future of rural success. (Duration: 13 min, 35 sec)	Central Time	1/14/19 @ 4:15 pm
The 2018 Farm Bill legalized hemp across the U.S., so what does that mean for farmers? (Duration: 11 min, 11 sec)	Central Time	1/18/19 @ 4:15 pm
Milk consumption is down and big (and small) dairy has raised concerns. School lunches have long been influenced by the big companies in food and agriculture production and its happened again. A look at the history of milk marketing and how it's affecting the school lunches of today. (Duration: 11 min, 37 sec)	Central Time	1/25/19 @ 4:15 pm
Growing up on a family farm gives you a different perspective on life according to our guest. We hear how the farm can teach the value of simple things, cultivate useful skills and form lifelong values. (Duration: 32 min, 25 sec)	The Larry Meiller Show	2/5/19 @ 11:45 am
Wisconsin experienced some of the lowest temperatures and coldest wind chills in a generation. Learn how Wisconsin's crops fared and what we can do to prepare agriculture for the next polar vortex. (Duration: 10 min, 16 sec)	The Morning Show	2/8/19 @ 7:45 am

The tough market for Wisconsin's dairy farmers brings a lot of stress and potential mental health challenges. Now, a new project aims to raise awareness about suicide prevention in the farming community. (Duration: 11 min, 37 sec)	Central Time	2/8/19 @ 4:15 pm
Hemp farming hasn't been legal in the state of Wisconsin for more than half a century, but several farms in the state began production in 2018 as part of the state's pilot program. Where is hemp headed next? (Duration: 13 min, 59 sec)	Central Time	3/5/19 @ 3 pm
In all corners of the state, women are taking leading roles on farms and building careers in agriculture. Learn about a series of events happening across the state this spring aimed at supporting women working in agriculture. (Duration: 11 min, 58 sec)	The Morning Show	3/8/19 @ 7 am
<b>ECONOMY</b>	<b>PROGRAM</b>	<b>DATE</b>
Following a better-than-expected December jobs report, President Trump's top economic adviser says "there's no recession in sight." We take a look at the national employment picture and other indicators and evaluate the American economy. (Duration: 10 min, 40 sec)	Central Time	1/4/19 @ 3 pm
Many people in their 50's and up want or need a job. But millions of them remain unemployed, even in the midst of an economic recovery. Learn why it's a tough job market for older workers. (Duration: 21 min, 43 sec)	Central Time	1/14/19 @ 3:30 pm
Wisconsin-based retailer Shopko, which has more than 300 stores throughout the country, is in trouble. The company has already announced the closure of dozens of stores and rumors of bankruptcy are swirling. (Duration: 21 min)	The Morning Show	1/16/19 @ 7 am
By some measures, the U.S. economy is humming along, with low unemployment and a growing GDP. Still, the American worker is in crisis. That's according to our guest, who tells us how stagnant wages and a shorter life expectancy are the	The Morning Show	1/17/19 @ 8 am

result of a system that's prioritized consumers over workers. (Duration: 43 min, 32 sec)		
Tariffs and trade policy continues to evolve in the U.S. and the deadline for a 90-day truce halting further escalation of tariffs between the U.S. and China approaches. We turn to an attorney to understand the backstory and current state of tariffs and consider strategies for Wisconsin businesses. (Duration: 33 min, 16 sec)	The Morning Show	2/8/19 @ 7 am
Many familiar with the Foxconn deal struck between the manufacturer and the State of Wisconsin doubt the company will deliver on the promised jobs. (Duration: 21 min, 41 sec)	Central Time	2/8/19 @ 4:30 pm
A recent study from a Wisconsin think tank suggests that the state could increase energy-related jobs and keep money within the state's borders if it moved away from fossil fuel usage. We turn to the researchers behind the report to consider this and to understand the possible effects on the environment and public health. (Duration: 21 min, 9 sec)	Central Time	2/12/19 @ 4:30 pm
Toys R Us, Bon-Ton, Sears and David's Bridal are just a few of the retailers that have filed for bankruptcy or bankruptcy protection in 2018. With Wisconsin-based Shopko now joining that list, 2019 looks to see more of the same. What's going on in the retail industry and can it be saved? (Duration: 43 min, 32 sec)	The Morning Show	2/20/19 @ 6 am
With housing costs rising in Madison, a new population is struggling to find an affordable place to live: refugees. (Duration: 11 min, 35 sec)	Central Time	3/8/19 @ 4:30 pm
		3/19/19 @ 7 am
<b>EDUCATION</b>	<b>PROGRAM</b>	<b>DATE</b>

<p>If your local high school still offers a home economics class, it's likely an abbreviated offering or maybe wrapped in to another class's agenda. One professor sees basic skills and understanding like having one great go-to meal or understanding how interest builds up on a credit lacking in her college students. (Duration: 21 min, 20 sec)</p>	<p>Central Time</p>	<p>1/2/19 @ 4:30 pm</p>
<p>As the weather grows colder kids, teens and parents alike are stuck in doors. Reading as a family is a great winter activity, but isn't always as easy as it sounds. Hear book recommendations for all ages as well as advice to get kids excited about reading. (Duration: 21 min, 40 sec)</p>	<p>The Morning Show</p>	<p>1/4/19 @ 7:30 am</p>
<p>Unlike those across the country, Wisconsin's schools don't get much guidance from the state on how to help dyslexic students. Hear about the condition and how expected legislation could help schools better assist students that live with it. (Duration: 22 min, 22 sec)</p>	<p>The Morning Show</p>	<p>1/14/19 @ 7:30 am</p>
<p>A bipartisan commission of state lawmakers recommends a variety of changes that would boost education funding. One of the leaders of the Blue Ribbon Commission joins us to talk about its proposals and the chances they have to succeed in Wisconsin's divided government. (Duration: 10 min, 48 sec)</p>	<p>Central Time</p>	<p>1/18/19 @ 3 pm</p>
<p>From 2013 to 2016, American colleges dropped or closed more than 650 foreign language programs. Our guest says it's happening at a time when America needs foreign languages the most. A look at why colleges and universities across the nation are dropping these programs and the outlook going forward. (Duration: 20 min, 57 sec)</p>	<p>The Morning Show</p>	<p>2/7/19 @ 6 am</p>
<p>UW-Madison experienced flooding and burst pipes in 28 university buildings after the polar vortex. Learn about the \$1.9 billion request for repairs and</p>	<p>The Morning Show</p>	<p>2/12/19 @ 6:30 am</p>

renovations, other budget priorities and the news coming out of the state's public universities. (Duration: 22 min, 31 sec)		
According to recent reports, schools in the state are experiencing teacher shortages. One Wisconsin educator says the problem is not that we do not have enough teachers, it's that teacher turnover rates are high because new teachers are leaving the field quickly. (Duration: 21 min, 15 sec)	Central Time	2/13/19 @ 4:30 pm
The finals of the Wisconsin Civics Games will take place in late February. A representative of the event's sponsor, the Wisconsin Newspaper Association Foundation, shares what they hope to accomplish through the competition. (Duration: 11 min, 54 sec)	Central Time	2/14/19 @ 3:30 pm
The Governor proposed increasing education spending in Wisconsin. Beyond funding, people across the state are trying to find solutions to the achievement gap, how to address charter school and more. We talk with two advocates of varying perspectives about how to fund, maintain and improve education. (Duration: 22 min, 30 sec)	The Morning Show	3/4/19 @ 7:30 am
For many students, a four-year university feels like the only path to financial success. But many education advocates have pointed to community colleges, two-year schools and trade programs as being great options too. (Duration: 21 min, 52 sec)	Central Time	3/19/19 @ 3 pm
<b>ENVIRONMENT</b>	<b>PROGRAM</b>	<b>DATE</b>
New year, new wardrobe? Just make sure it doesn't culminate in a trash bin full of clothing. Learn how the clothing we buy, wear and throw out impacts the environment and what we can do to put a dent in the problem in this new year. (Duration: 22 min, 31 sec)	The Morning Show	1/3/19 @ 7:30 am

<p>A recently released study funded by three counties in southwest Wisconsin found high rates of contaminated well water in the region. (Duration: 9 min. 4 sec)</p>	<p>Central Time</p>	<p>1/3/19 @ 3 pm</p>
<p>Climate change has major consequences for public health. According to one report, air pollution causes approximately 7 million premature deaths per year. Learn about the connection between climate change and human health. (Duration: 23 min, 15 sec)</p>	<p>The Morning Show</p>	<p>1/8/19 @ 6:30 am</p>
<p>A recent study finds that the small tributaries feeding into Lake Superior are far more numerous than previously thought and could have a big impact on the lake's composition. Learn about the effect of post-storm sediment plumes and using drone vehicles to learn more about the Great Lakes. (Duration: 10 min, 29 sec)</p>	<p>Central Time</p>	<p>1/8/19 @ 3:30 pm</p>
<p>A proposed 300-megawatt solar farm in southwestern Wisconsin is generating controversy among local residents. Hear arguments for and against the project. (Duration: 11 min, 10 sec)</p>	<p>Central Time</p>	<p>1/9/19 @ 3 pm</p>
<p>While the dust seems to have settled on the business deal with Foxconn for now, recent mixed messages have highlight other concerns facing the agreement, namely environmental issues surrounding the plant. Hear about pending environmental lawsuits against the state over Foxconn. (Duration: 8 min, 51 sec)</p>	<p>Central Time</p>	<p>2/1/19 @ 3:30 pm</p>
<p>About a third of the entire U.S. is comprised of federal public lands. But much of that land, according to our guest, isn't adequately protected, leaving plant and animal life vulnerable — even if it's designated as a wilderness area. (Duration: 20 min, 59 sec)</p>	<p>The Morning Show</p>	<p>2/7/19 @ 7 am</p>
<p>As the world continues to deal with an increasing amount of water quality and quantity issues, there's a growing demand for workers with a water science background. Hear about one Wisconsin</p>	<p>The Morning Show</p>	<p>3/7/19 @ 6 am</p>

university's new effort to try and meet that demand. (Duration: 16 min, 51 sec)		
Wisconsin's history is filled with trilobites, mastodons and other creatures long extinct. We explore the state's natural and geologic past and learn about a traveling exhibit hitting the road in central Wisconsin this year. (Duration: 27 min, 45 sec)	The Morning Show	3/8/19 @ 6 am
With rapidly melting snow and flood waters affecting various parts of the state, there's an increased chance that private wells and drinking water could become contaminated. An expert from the Department of Natural Resources explains what well users should watch out for and how to test for possible contaminants. (Duration: 9 min, 28 sec)	The Morning Show	3/19/19 @ 7 am
<b>HEALTHCARE</b>	<b>PROGRAM</b>	<b>DATE</b>
A state plan that'll be implemented starting this year aims to help those affected by Alzheimer's disease and related dementias. Learn how these diseases affect Wisconsinites and dig into the specifics of the plan, which aims to address health care, crisis-response for people with dementia, facility-based care and care in the community. (Duration: 22 min, 32 sec)	The Morning Show	1/7/19 @ 7:30 am
Insulin prices are soaring in the U.S. and for some diabetics, the increases are putting the life-saving drug out of reach. Learn about the financial struggles facing diabetics in America and why some are even rationing the drug, putting their lives at risk in the process. (Duration: 21 min)	The Morning Show	1/11/19 @ 7 am
There are no cures for Alzheimer's disease or dementia, leaving families looking for ways to manage the symptoms. In recent years, so-called "memory cafés" have emerged and spread across the U.S., offering social	The Morning Show	1/22/19 @ 6 am

experiences and support for affected individuals and their families. (Duration: 21 min)		
State Republicans are pushing a bill that would require health insurance companies to cover people with pre-existing conditions. If the Affordable Care Act were to be struck down, what would happen under the Wisconsin GOP plan? (Duration: 9 min, 15 sec)	Central Time	1/23/19 @ 3 pm
Recent research estimates that more than 26 million American adults have an allergy to one or more foods. We turn to an allergist to understand how food allergies work, the range of severity and what to know when it comes to talking with your doctor. (Duration: 22 min, 31 sec)	The Morning Show	2/4/19 @ 6:30 am
Opioid-related addiction and overdose deaths have been a central part of the public health conversation for the last few years. But for people with chronic pain, a lack of access to these drugs can have a significant impact on their daily lives. (Duration: 11 min, 57 sec)	Central Time	2/8/19 @ 3:45 pm
An outbreak of measles in Washington state is raising renewed questions about vaccination exemptions. (Duration: 34 min, 4 sec)	The Morning Show	2/11/19 @ 6:15 am
Some people are born with joints that are very flexible. Hypermobility - sometimes known as being double-jointed - can cause medical problems. Learn what hypermobility is and what can be done to treat it. (Duration: 1 hr, 13 min, 46 sec)	The Larry Meiller Show	2/18/19 @ 11 am
Most adults have 206 bones, each serving a very specific purpose. From your head to your toes, we take a closer human anatomy and explore the rich history and culture of bones. (Duration: 34 min, 27 sec)	The Larry Meiller Show	3/4/19 @ 11:45 am

H.I.V. has been reportedly cured in a man researchers are calling the "London patient." He is the second person known to have been cured of the infection. A researcher talks about case, what it means for people living with H.I.V. and where treatment currently stands. (Duration: 21 min, 2 sec)	The Morning Show	3/14/19 @ 6 am
<b>POLITICS</b>	<b>PROGRAM</b>	<b>DATE</b>
Nancy Pelosi reclaimed the position of Speaker of the House of Representatives, where she will oversee a record number of women representatives. We talk to an expert on gender in politics about the historic moment for women and the experience of women candidates in 2019. (Duration: 21 min, 26 sec)	Central Time	1/4/19 @ 4:30 pm
As Tony Evers takes over as Wisconsin's governor, we discuss what he said during his inauguration speech at the state capitol and look at Evers' cabinet picks, recent comments about whether he'd respect new limits on his power and more. (Duration: 22 min)	Central Time	1/7/19 @ 3 pm
There are some big changes coming to the presidential nomination process ahead of 2020. A political scientist shares why some states are getting rid of their caucus systems and how it could affect the next presidential race. (Duration: 21 min, 6 sec)	Central Time	1/7/19 @ 4:30 pm
A group of plaintiffs filed a lawsuit with the goal of overturning laws passed during a recent lame-duck session in the Wisconsin Legislature. (Duration: 9 min, 13 sec)	Central Time	1/10/19 @ 3:45 pm
A new bill would make several changes to how Americans vote, including designating Election Day a federal holiday. But the Senate Majority Leader argued that the legislation amounts to nothing more than a "power grab" from the Democrats. What are the politics surrounding the move and what might happen if Election Day becomes a	Central Time	2/5/19 @ 4:30 pm

mandated day-off for voters? (Duration: 17 min, 4 sec)		
As the 2020 election moves closer, some Senate Democrats running for president are debating if it's time to do away with the filibuster. We talk with a political scientist about the history of this political procedure, its role in policy and dysfunction in the U.S. Senate, and what reform could look like. (Duration: 12 min, 13 sec)	Central Time	2/7/19 @ 3:30 pm
Politics can be a noble and rewarding career...even if our elected officials don't always give us reasons to believe so. Even if you're not looking to run for office, there are plenty of political jobs that need doing, but it's often a competitive field that can be difficult to break into. Our guests share their insights on how to build and sustain a meaningful career in politics, whether it's at the statehouse or Capitol Hill and how to make a positive impact while doing so. (Duration: 33 min, 40 sec)	The Morning Show	2/13/19 @ 7:15 am
President Trump declared a national emergency to help pay for a wall promised on the southern border of the U.S. We talk about the move with a political scientist and consider political reaction from both sides of the aisle. (Duration: 34 min, 6 sec)	The Morning Show	2/18/19 @ 6:15 am
A summit between President Trump and North Korean leader Kim Jong-un ended abruptly without a deal on North Korean nuclear disarmament. (Duration: 11 min, 29 sec)	Central Time	3/1/19 @ 3:30 pm
New Mexico is well on its way to becoming the 13th state to award its electoral votes to whoever wins the national popular vote. We discuss the significance of the "National Popular Vote Interstate Compact" and whether it could be ready to go by the 2020 or 2024	Central Time	3/7/19 @ 4:30 pm

presidential elections. (Duration: 14 min, 18 sec)		
--	--	--

<b>NPR/Classical Music Network</b> Quarterly Issues and Programs List January to March 2019		
<b>AGRICULTURE</b>	<b>PROGRAM</b>	<b>DATE</b>
Livestock owners and feed suppliers in Wisconsin are reporting a shortage of quality hay this winter. (Duration: 45 sec)	Morning Edition	1/14/19 @ 5 am
The state Supreme Court is being asked to decide whether the Department of Natural Resources has the authority to limit the expansion of a dairy farm in Kewaunee County. The scope of the court's decision could have far greater implications for the state. (Duration: 45 sec)	BBC Newshour	1/17/19 @ 3 pm
Wisconsin fruit producers say last week's frigid temperatures will likely impact their 2019 crop. (Duration: 42 sec)	Morning Edition	2/3/19 @ 6 am
Dairy economists say increased trucking costs for Wisconsin farmers is the latest sign of an oversupply of milk. (Duration: 48 sec)	Morning Edition	2/18/19 @ 5 am
A 31-member dairy task force met to float ideas on protecting and promoting the work farmers and processors do. The meeting comes as the industry struggles with low prices. (Duration: 46 sec)	Morning Edition	3/18/19 @ 6 am
<b>ECONOMY</b>	<b>PROGRAM</b>	<b>DATE</b>
Ashwaubenon-based Shopko is closing stores in Wisconsin and several other states. The retailer owes a pharmaceutical supplier \$67 million and could file for bankruptcy. (Duration: 41 sec)	All Things Considered	1/15/19 @ 5 pm
The economic growth Wisconsin experienced in 2018 is likely to slow down this year. But a recession is not expected in 2019 or 2020. (Duration: 45 sec)	Morning Edition	1/21/19 @ 6 am

State lawmakers voted to advance a Republican-backed plan to cut income taxes in Wisconsin. (Duration: 45 sec)	All Things Considered	2/7/19 @ 4 pm
Northern Wisconsin leaders lobbied the state Department of Revenue to restore a tax reciprocity agreement with Minnesota that ended almost a decade ago. State officials are hopeful they can reach a deal to save Wisconsin residents money. (Duration: 46 sec)	BBC Newshour	2/13/19 @ 3 pm
Foxconn announced its manufacturing plant in Racine County will be operational by the end of 2020. (Duration: 36 sec)	All Things Considered	3/18/19 @ 4 pm
<b>EDUCATION</b>	<b>PROGRAM</b>	<b>DATE</b>
A bipartisan commission of lawmakers has recommended increasing funding for all state public schools and providing more resources for students with special needs. (Duration: 45 sec)	Morning Edition	1/8/19 @ 6 am
Foxconn Technology Corp. doesn't have to tell the state until April how many people they have hired for their massive manufacturing plant in Southeastern Wisconsin. But students at local technical colleges have already signed up for the degree programs Foxconn has asked for. (Duration: 3 min, 24 sec)	All Things Considered	1/14/19 @ 4 pm
Wisconsin needs more teachers in K-12 classrooms. A UW System task force is looking at ways to do that, focusing on student loan debt and the perception of the profession. (Duration: 42 sec)	Morning Edition	2/4/19 @ 7 am
A new report shows there's a growing gap between what the state is spending on special education and what local school districts need. (Duration: 47 sec)	Morning Edition	2/12/19 @ 6 am
The University of Wisconsin System says it's launching an effort to improve retention and graduation rates, especially for students of color. (Duration: 46 sec)	BBC Newshour	3/8/19 @ 3 pm
<b>ENVIRONMENT</b>	<b>PROGRAM</b>	<b>DATE</b>
Four environmental groups have won a lawsuit to overturn a settlement between the state Department of Natural Resources and a dairy organization. The lawsuit challenged over new guidance for how concentrated animal feeding operations are allowed to manage runoff. (Duration: 46 sec)	Morning Edition	1/16/19 @ 6 am
New federal data shows Wisconsin used about seven percent more coal in 2017 than the previous year.	All Things Considered	1/14/19 @ 4 pm

(Duration: 45 sec)		
An environmental law center suing the state Department of Natural Resources over the decision to divert water to Foxconn Technology Group for its manufacturing plant says the company's change of plans should put the water diversion on hold. (Duration: 47 sec)	Morning Edition	2/1/19 @ 6 am
Officials studying contaminated groundwater in southwestern Wisconsin say new funding allocated by the governor will help them better understand the problem. (Duration: 48 sec)	Morning Edition	2/14/19 @ 7 am
Hundreds of students in Madison are among those who have taken part in events today to call for more government action to address climate change. (Duration: 37 sec)	BBC Newshour	3/15/19 @ 3 pm
<b>HEALTHCARE</b>	<b>PROGRAM</b>	<b>DATE</b>
Wisconsin lawmakers are expected to take up a bill that would guarantee health insurance coverage for people with pre-existing conditions in Wisconsin. The bill could be getting some last-minute changes. (Duration: 43 sec)	BBC Newshour	1/21/19 @ 3 pm
A national study shows up to a quarter of antibiotics are unnecessary. Wisconsin prescribing rates are lower than the national average but there's concern overuse of antibiotics will make them less potent. (Duration: 44 sec)	Morning Edition	1/21/19 @ 5 am
Republican state lawmakers sent a message to Wisconsin Democrats that they're drawing a line against changing any abortion laws in the state. (Duration: 43 sec)	Morning Edition	2/6/19 @ 5 am
Members of Congress aren't the only elected officials feeling pressure to do something about high drug prices. State legislators are too. (Duration: 46 sec)	All Things Considered	2/26/19 @ 4 pm
The head of the state Department of Health Services says expanding Medicaid is vital to boosting reimbursement rates for hospitals and improving wages for healthcare workers. (Duration: 43 sec)	Morning Edition	3/14/19 @ 6 am
<b>POLITICS</b>	<b>PROGRAM</b>	<b>DATE</b>

Governor-elect Evers has named five more cabinet secretaries. The list includes two Democratic lawmakers, two of Evers' colleagues at the Department of Public Instruction and a former official in the Obama administration. (Duration: 46 sec)	All Things Considered	1/3/19 @ 4 pm
One of the Legislature's nonpartisan attorneys says Gov. Evers does not have the authority to pull Wisconsin out of a lawsuit to overturn the Affordable Care Act. (Duration: 43 sec)	BBC Newshour	1/23/19 @ 3 pm
U.S. Senator Ron Johnson has joined a bipartisan group of senators in calling on the Trump administration to pull back on increased tariffs. The move comes as a new report finds the trade strategy is impacting the economy in the U.S. and Wisconsin. (Duration: 46 sec)	Morning Edition	2/6/19 @ 6 am
Democratic Gov. Tony Evers has withdrawn Wisconsin's National Guard Troops from along the U.S.-Mexico border. (Duration: 47 sec)	Morning Edition	2/25/19 @ 5 am
A Dane County judge could rule soon in one of the lawsuits that seeks to overturn the laws Republicans passed in December's lame duck session of the Legislature. (Duration: 49 sec)	Morning Edition	3/19/19 @ 5 am
