Dear Ms. Goldin,

Radio License Holding CBC, LLC ("RLH-CBC") is the licensee of Station KMGA(FM), Albuquerque, New Mexico (Fac. ID No. 11231), which appeared on the list associated with the August 6, 2021, FCC Public Notice that identified stations randomly selected for an EEO audit. KMGA(FM) is part of an Albuquerque, New Mexico station employment unit ("SEU") with commonly-owned stations KKOB(AM), KNML(AM), KKOB-FM, KRST(FM), KDRF(FM), and KBZU(FM), all located in Albuquerque, New Mexico as well as KTBL(AM) located in Los Ranchos, New Mexico.

By way of this email, Cumulus respectfully requests an extension of time to respond to the FCC's August 6, 2021 EEO Audit Letter ("Letter"). Assembling an EEO audit response during the pandemic continues to be

challenging. Cumulus has not yet required its employees to return to the office, which has had a significant impact on this SEU's ability to compile the documents necessary to complete its response to the Letter. We are told that Cumulus expects to allow employees to return to their offices on or about October 11, 2021, provided they are vaccinated. Further, the member of its outside communications counsel responsible for overseeing eight EEO audits continues to deal with a serious family emergency and cannot devote the requisite amount of time and attention to all of them between now and September 20, 2021. In order to assemble the documentation requested in the Letter and present a well-organized and thorough response, Cumulus respectfully requests an extension of time until October, 30, 2021 to complete its reply.

Thank you very much for your consideration. We look forward to your response.

My best,

Dawn
