

Revisions to Children's Television Program Reports

WALA-TV hereby reports that on the quarterly children's television programming reports for Q1 2016, Q2 2016 and Q3 2016 the station erroneously checked the "No" box on the question of whether a program was rescheduled on a date and time that qualified as a "second home" under the FCC's rules for certain preemptions for the following programs:

Elizabeth Stanton's Great Big World
Awesome Adventures
Missing
Whaddyado
Into the Wild
Wild About Animals
On the Spot
Zoo Clues
Animal Adventures

WALA-TV also has a policy to run crawls for preemptions. Accordingly, the station believes that it did make promotional efforts to notify the public of the programs' rescheduled dates and times.
