IV. RECRUITMENT INITIATIVES

Texas A&M Academic Affairs Business Services & Payroll (AABS HRPR)

Offers Human Resource Development (HRD) students employment through an internship. Candidates are sought from the Texas A&M College of Education advisors as they reach out to the student(s) still needing or looking for an internship.

Texas A&M Human Resources & Organizational Effectiveness (HROE) – Recruitment

Participates in local job fairs for Veterans organized by the Veterans Service Office at Texas A&M University in conjunction with the Texas Workforce Solutions.

Due to the COVID-19 pandemic, in-person events were cancelled or not held in lieu of online or virtual events.

Student Employment

The Student Employment Office holds a job fair for students every Fall at the Memorial Student Center on the Texas A&M campus. An active on-line job board is maintained in conjunction with an active social media campaign primarily focused upon Facebook & Twitter.

As a department of Texas A&M University, Educational Broadcast Services (EDBS)/KAMU did not attend any recruitment activities. Instead, EDBS/KAMU relies on Texas A&M University's Human Resources Department and the Department of Academic Affairs Business Services (AABS) to participate on our behalf. This enables those entities to provide proper instruction and guidance in all personnel matters.

Recruitment Activities

KAMU qualifies as a small market station as our city of license population per the census is 117,911 which is just below half of the “smaller market” designation.

We have met 3 of the approved activities:

Establishment of an internship program designed to assist members of the community to acquire skills needed for broadcast employment.

We hire many young people and train them in production, operations, development and engineering. KAMU-FM just hired such a person in Hector Nino. We have had several go over to the CBS station in town, the latest being Alex Delasandro, Chelsey Wade is now with KRLD in Missouri. Philip Muller is now the Director of Technology at Telemundo Houston. This is just a very small section KAMU has mentored that now have broadcasting careers.

Participation in job banks, Internet programs, and other programs designed to promote outreach generally (i.e., that are not primarily directed to providing notification of specific job vacancies).

When we post a job with the University it goes to the University’s job bank, <https://jobs.tamu.edu/index.html> which is partnered with The Texas Workforce Commission, HigherEdJobs.com, Glassdoor and Indeed.

Surely the participation in these major job banks along with the forums on those sites about KAMU would qualify us for this activity.

Provision of training to management level personnel as to methods of ensuring equal employment opportunity and preventing discrimination.

All employees must biennially complete a course in “Creating a Discrimination-Free Workplace”. Additional offering includes “Fostering Respect in a Diverse Workplace”.
