Power to the People

Flight Date: Ends 9/17/21

Football's rules are well defined. Eleven players on both sides of the ball. No holding. No blocking in the back. No pass interference. On the field, everyone has to play by the rulebook. Shouldn't it be that way off the field too?

Following a law enacted at the start of 2021, hospitals have a new set of rules they need to play by: to provide clear and upfront pricing to patients. And unlike a wide receiver dragging their feet to stay in bounds, hospitals are dragging their feet to stay out of bounds, not complying with new federal rules for price transparency. The days of patients receiving surprise bills they could never anticipate need to be sacked.

To fix this, please go to [Power To The Patients dot org](https://www.power-to-the-patients.org) and submit a comment, which will be sent directly to the current administration and policy makers in D.C. The effort is on to put pressure on hospitals to finally reveal their prices upfront so everyone can shop and save.

It's your health. It's your money to save. It's your right to know hospital prices. Have your voice be heard. Sponsored by Power to the Patients.
