

KRYJ Quarterly Issues List

September 30th, 2022 – December 31st, 2022 - Quarter 4

KRYJ is a new radio station and filed its license to cover on September 30th. We attempted to upload this by the due date but the system was down.

October 9th (5pm): Closure of Craig power plant. We aired audio from a documentary that talked about how one of Colorado's largest coal power plants in Craig will be shut down by 2030. The documentary talks about how that could affect the economy and the importance of the Yampa River to Craig.

October 11th – October 31st (Every hour, daily): Craig Fire Rescue. We aired a 30 second PSA for the Fire Department. The PSA mentioned the Fire Department was looking for recruits.

November 1st – November 8th (Daily Mon-Fri): Voting. Our local afternoon announcer talked about the importance of voting.

December 9th (7am), December 10th (4pm), December 11th (12pm). December 12th (12pm): Hwy improvements. We aired an interview we did talking with the Colorado Department of Transportation about future plans for hwy 40 between Craig and Steamboat and other improvements around the area

December 8th (once between 3pm and 7pm): We talked about the chamber mixer

December 30th (5:45pm): We talked about the shortage of eggs in the community and the new law going into effect for Colorado Jan 1st (HB20-1343). This requires Hens to have at least one square foot of space by 2023 and cage-free by 2025.
