V. LONG-TERM RECRUITMENT MEASURES

The FCC's EEO Rules require broadcasters to undertake additional outreach measures to all qualified job candidates. Within a two-year period, large market employment units with more than ten full-time employees need to complete four long-term recruitment initiatives. These measures include job fairs, internship programs, and other community events designed to inform the public as to employment opportunities in broadcasting. All are designed to encourage outreach to persons who may not be aware of the opportunities available in broadcasting or have not yet acquired the experience to compete for current vacancies.

The ABC Radio Group – New York City has engaged in the following long-term outreach initiatives during the period March 10, 2003 to February 1, 2004:

A. INTERNSHIP PROGRAMS

1. COLLEGE LEVEL OPPORTUNITIES

The ABC Radio Station Group – New York has a long-standing and extensive internship program open to college students. The stations strive to hire interns from diverse backgrounds and from a wide variety of educational institutions located within the community of license and around the United States. Although many interns attend schools outside our community of license, most call the Tri-State area "home." Internship opportunities are posted in the "jobs" section of each station's website. The information is also regularly disseminated to colleges and universities as well as posted on websites dedicated to gathering internship information. Students also initiate contact with the stations on their own. Students spend one semester in the program and receive college credit.

2. HIGH SCHOOL LEVEL OPPORTUNITIES

WPLJ participates in the Executive Internships Program administered by the New York City Board of Education. Open to the city's high school seniors, they are provided with full-time career experience in the "real world." During the program, high school seniors explore career goals by interning 4 days per week (Monday through Thursday) at their work site. Interns attend meetings, work on projects and are assigned tasks based on interests and abilities. Fridays are dedicated to internship activities and seminars coordinated by the EIP staff. Additionally, each Executive Intern is required to produce written assignments on various professional topics plus create a school project – an activity that presents their career experiences to their peers at their high school.

From time to time, the program administrators approach the radio group to accept students interested in exploring a career in radio. The students are based in the station's Promotions Department and supervised by the Sales Promotion Manager. Assigned duties include interacting with listeners on the phone, in the station, and at on-site promotional activities. Students attend staff meetings, handle all aspects of winner prize fulfillment, and on occasion, assist other station departments with special projects.

B. MENTORING

1. For the past three years, Mitch Dolan (President / GM of WPLJ) has been involved in ABC Inc.'s Executive Mentoring Program.
2. Jackie Alderman, an 11-year veteran of the WPLJ Sales Department, is actively involved with ABC, Inc.'s mentoring project. She started working with her student in the fall of 2003 at the beginning of her mentee's sophomore year. They meet for two hours every two weeks. They will continue to meet until the student

graduates from high school in 2006. Jackie attended an ABC sponsored training program to learn the skills needed to become a successful mentor. ABC's primary mentoring partnership is in conjunction with the New York Department of Education. Administered through the office of Corporate Partnerships, company volunteers are paired for one-on-one mentoring with a sophomore, junior or senior from LaGuardia High School of the Arts and Performing Arts here in Manhattan. Mentoring programs such as this provide young people with role models and reliable, sustained relationships with adults outside their families. Mentoring can be key in promoting successful outcomes for youth including improving school performance, prevent illicit drug use, underage drinking and violence. Additionally, this program provides the young people with information about jobs and careers.

C. CAREER DAYS

Linda Wnek, the radio group's Diversity Recruitment Coordinator is available to speak at Career Days from the Elementary School Level through College. From time to time, station management and on-air personalities also take part in educational initiatives. These events are usually held in the spring.

During the period of this report, the following activities occurred:

- 1. May 12, 2003 / Career Day at P.S. 247, Brooklyn, NY** – WPLJ on-air personality Jamie Lee attended an assembly of the school's graduating 5th Grade class (150 students). She spoke to them for over an hour about the importance of bringing a positive attitude to all you do. She also spoke to them about her job and told them about the types of jobs available at a radio station.
- 2. May 14, 2003 / Career Day at Rachel L. Carson Intermediate School, Flushing, NY** – Linda Wnek, along with representatives from another New York radio station took part in two "mini-workshops" designed to help educate 8th grade students about the types of careers open to them. About 50 students attended each workshop. In addition to speaking about the well-known jobs like DJ, Music Director and Engineer, the students were told about the numerous "back office" careers that were open to them. For the last 15 minutes of each workshop, there was a Q&A session. The event concluded with a series of addresses to the entire 8th grade class in the school auditorium.
- 3. April 24, 2003 / IRTS College Career Reception** – the annual Radio Reception for the student attendees of the International Radio & Television Society (IRTS) Workshop. Joseph Weinholtz, Station Manager of Radio Disney and Linda Wnek, Diversity Recruitment Coordinator attended on behalf of WABC, WPLJ, WEPN and WQEW. The two and a half hour event allowed station personnel to meet and discuss with students entry-level and internship opportunities and broadcast careers in an informal atmosphere.
- 4. July – August 2003 / SUCCESS High School Program** – WPLJ hosted two students attending Sacred Heart University's SUCCESS Program for underprivileged youth living in the Fairfield / Stamford Area of Connecticut. The program provides high school students with a "college like" atmosphere. They live on campus, attend lectures and field trips. The goal is to give these underprivileged high school students extra help so they have the tools they need to attend college. Evenings are taken up exploring careers. In late July, Mitch Dolan (President / GM), Tom Cuddy (VP Programming) and Scott Shannon (Program Director / On-Air Personality) of WPLJ attended an evening session geared to exposing the students to the various career paths in the broadcast industry. Additionally, they arranged for musician / recording artist Jeffrey Gaines to attend and address the students. At the conclusion of their presentations, they were available for questions and answers. Additionally, two students spent August 5, 2003 at the ABC Radio Group offices in NYC. The students spent the day "shadowing" managers and staff at all four radio stations to learn in depth about the various careers open to them. Additionally, a lunch was scheduled at the ESPN Zone Restaurant with two of WPLJ's summer college interns, the high school students and the group's Diversity Recruitment Coordinator. The topic at lunch was transitioning from high school to college and the preparation one needs to make. The college interns offered their insights and experiences and stressed the need to plan early for any career, not just one in the broadcast industry.
- 5. January 22, 2004 / Wantaugh Elementary Career Day at WPLJ** - WPLJ worked in conjunction with our sister station WABC-TV, and Zenith Media, a major advertising agency to put this event together. WPLJ hosted over 40 students and their teachers from the school's Horizon Program (4th Grade Honor Students) at WPLJ for a half-day visit. The event started in the conference with a short video presentation geared to the students' age group about the various facets of the advertising industry. Program Director / On-Air Personality Scott Shannon, WPLJ On-Air Personality Todd Pettengill, General Sales Manager Steve Borneman and Account Executive Fred Greenspan all addressed the students, in addition to personnel from WABC-TV and Zenith Media. They told the

students about their jobs and answered student questions. The goal was to teach the students about how advertising works and to educate them about the variety of careers available within it. Jennifer Casertano of Radio Disney gave the students a tour of the Radio Disney studios and talked about her job (Promotions Manager). She also answered questions. A pizza lunch was hosted by the WPLJ Sales Department. The students' visit concluded with a tour of WPLJ and a final round of questions and answers.

D. JOB FAIRS

Invitations to Job Fairs are regularly extended to the group's Diversity Recruitment Coordinator. The Diversity Recruitment Coordinator and / or other station personnel who have responsibility for hiring decisions attend all fairs. At the events, resumes are collected and short interviews conducted. If positions are open at the time of the fair, resumes of qualified candidates are referred to the proper hiring manager for action. Otherwise, resumes are kept on file and reviewed if an opening does occur within 3 months of the event. Attendees are also informed of the various careers in broadcasting and are provided with information on how to discover future openings with the group. Handouts are brought to each event listing the internet for each station's job information and the email and regular mail addresses to submit resumes.

During the period March 10, 2003 to February 1, 2004, the ABC Radio Station Group – New York sponsored or attended the following job fairs:

1. **April 10, 2003 / Nassau Community College** – attended by Jennifer Casertano, Promotions Manager, of WQEW. Met with approximately 50 students to discuss and distribute information about the radio group's internship programs. Answered questions on broadcasting careers. Provided information to graduating seniors / alumni on contacting the ABC Radio Station Group – New York about full-time job opportunities.
2. **April 25, 2003 / IRTS Career Fair** – NYMRAD (New York Market Radio) hosts a booth at the annual event. The Executive Director of NYMRAD and personnel from member stations staff it. The Diversity Recruitment Coordinator represented the ABC RADIO STATION GROUP from 9AM TO 10:30AM. At the event, students stop by for career advice, how to approach their job search and to drop off resumes for entry-level positions and internships. At the conclusion of the day, NYMRAD forwards copies of all resumes received to all member stations.
3. **May 20, 2003 / Covenant House Spring Job Fair** – staffed by Linda Wnek, Diversity Recruitment Coordinator. Interacted with current members and alumni of the Covenant House Regional Training Center. Answered numerous questions from young people eager to work in the broadcast industry. Interviewed a number of applicants who would be qualified for entry-level administrative positions. About 35 resumes were brought back to stations and kept on file for future openings.
4. **October 7, 2003 / NY State Broadcasters Association Broadcasters Career Fair – this event was sponsored by the ABC Radio Station Group.** The four stations took an active role in organizing and planning this event. An organizational meeting was held on June 18, 2003 and attended by Linda Wnek, Diversity Recruitment Coordinator along with representatives of numerous other radio and television stations in the community. At the meeting, the group decided to plan the career fair for early October 2003 and hold it from late afternoon to early evening to give people an opportunity to attend after work / school. Committees were assigned. The group representative was assigned to the Implementation Committee and would help find a location for the event. At her suggestion, stations were encouraged to place information about the event on their station websites in addition to running promotional announcements for two weeks prior to the event. Additionally, WPLJ's Promotions Department shared its press contact list to assist the NYSBA in sending out a press release. Between September 23 and October 7, each station agreed to air 60 spots to promote the job fair (four station total: 240 spots). All stations received numerous phone calls seeking specific information about the career fair. The event was held at Javits Center in Manhattan and was staffed by Linda Wnek and Joe O'Loughlin, Local Sales Manager / WABC. At the time of the event, the stations were seeking to hire account executives (WABC and WQEW), a national sales manager (WABC), a receptionist (WPLJ), and a full-time producer (WEPN). Response to the event was overwhelming. Station personnel met with several hundred interested persons and collected resumes. The fair resulted in 15 resumes being forwarded to the hiring manager for the receptionist position, 10 for internships, 2 for f/t producer and 14 for account executives (distributed to both station's hiring managers) for further action and review. Over 3,500 individuals attended the event overall. Two weeks after the event, the NYSBA provided each group that attended with resumes of attendees who just dropped resumes off at the NYSBA table. These resumes were also reviewed on receipt.
