 The Supported Training and Employment Programs also known as STEP offers year-round development and employment opportunities for youth ages 16-22 with physical, developmental or behavioral disabilities. The late Dr. Herm Fischbein, then a member of staff at CSC, led the creation of the original summer only version of the program known as STEPS in 2006. Since then, the CSC has funded a number of agencies to help deliver STEP services, and over the years we have added additional components, such as a yearly Transition to Adult Life Summit and, in partnership with Service Source, Youth Work Incentive Counseling, also known as Y WIC. Guests: Cathea Comiskey, Amilcar Urro, Elijah Friesen and Clara Alevy.
