 Supporting Agency Build Capacity BECON 00:42:35  
 Since the beginning of our operations, the CSC has provided support to those niche, smaller organizations that work closest with the communities they serve and are often best positioned to deliver quality services to them. With stronger infrastructure, board development, fiscal stability and staff management, many organizations in Broward County could more effectively deliver on their missions and successfully apply for funds that can propel them to the next level. Connecting agencies growing their capacity with entities that provide effective training and support, the CSC supports expanding services and ultimately improving the lives of the children and families of Broward. Since then, the CSC has funded a number of agencies to help deliver STEP services, and over the years we have added additional components, such as a yearly Transition to Adult Life Summit and, in partnership with Service Source, Youth Work Incentive Counseling, also known as Y WIC.
