Do you agree that finding housing for homeless veterans should be top priority for congress? Me too. Hi, I'm Chris Hyser candidate for Maryland 6 congressional district. Last year while I was fighting to secure five million of funding to house our homeless veterans in Frederick, former congressman David Trone was authorizing the same five million for bike pads in the districts. Talk about broken priorities. If you believe our veterans should be prioritized over bike pads, then join my campaign by visiting [Chris Hyser for congress dot com](http://ChrisHyserforcongress.com). This message was paid for and authorized by Chris Hyser for congress.
