

Community Issues Report – WPNW

April 2015 – June 2015

Issue: Human Trafficking

Station Response:

- In May, we had Jared Brock on the station, he is the co-founder of Hope for the Sold, which is a charity that fights human trafficking one word at a time. He is also the author of A Year of Living Prayerfully. This was a promotion and education of our listeners to the realness of Human Trafficking.

Issue: Raising Money & Awareness towards cancer and cancer research

Station Response:

- In June, Kyle Cutler came on the show and we helped promote their Relay for Life talking about the different things they do within the community and the way that people can get involved and join them on their mission.
