

Community Issues Report – WPNW

April 2022 – June 2022

Issue: Hospitalized Children

Station Response:

We joined the community at Project Night Lights at Helen DeVos Childrens Hospital to bring JOY to kiddos that are currently hospitalized. We also teamed up with a local elementary school to collect games and toys for those children in the hospital.

Issue: War In Ukraine

Station Response:

We partnered with a local church that was collecting supplies and then packing up food for those that were affected by the war. We were able to pack over 100,00 meals!

Issue: Foster Care

Station Response:

Donated and encouraged our listeners to donate bikes to Michigan Fosters as they looked to provide bikes to kids in foster care that wouldn't have them otherwise.
