PROGRAM DESCRIPTIONS
PROGRAMMING THAT ADDRESSES
COMMUNITY ISSUES

The Boston Sunday Review – The Boston Sunday Review is a two-hour public affairs program that airs every Sunday 6AM-8AM. This program covers issues that are of concern to people in the Boston area. The host of the The Boston Sunday Review, Mat Schaffer, schedules guests to discuss these issues on this program, thus making the show issue responsive.

Public Service Announcements – WBZ-FM has 85 scheduled spots per week dedicated to recorded Public Service Announcements. A great majority of these PSA's cover issue-related topics.

ISSUES OF CONCERN SECOND QUARTER, 2014

1. ENVIRONMENT
Why buying locally produced ingredients is good for the environment, the catastrophic effects of detonating a nuclear device, a look at a new UN report on climate change, the environmental benefits of Boston Hubway, how the past winter will impact this season's gardening, how genetically modified organisms are multiplying throughout the international food chain, how to protect the environment while driving this summer
2. POLITICS
The recent history of legalized gambling in Massachusetts, an update on efforts for an international ban on nuclear weapons, a UN report that discusses the causes and effects of climate change, a look at the busing crisis that lead to the desegregation of Boston public schools, a look at the upcoming Massachusetts Democratic and Republican State conventions, a report on the recent Global Summit to end sexual violence in combat
3. HEALTH
New research on Autism, sleep disorders, detecting heart disease, why buying locally produced ingredients is good for your health, the health benefits of Boston Hubway, the newest treatments to fight breast cancer, an update on the latest treatments for Alzheimer's, the physical benefits of working out, strategies to cope with alcohol and drug abuse, new drugs to combat depression, anxiety and stress, how to improve the quality of food in Boston Public School's lunch programs, new statistics on obesity in America
4. MEDIA
The Boston Marathon – one year later – after the bombings, the issues that will decide the November midterm elections both locally and nationally, the epidemic of rape on college campuses, how movies, television and the Internet have led to a culture of celebrity unlike anything the world has seen, how authors are caught in the crossfire between Amazon and other eBook manufacturers, the challenges of short story writing
5. EDUCATION
New teaching methods for autistic kids, a look at conservation programs at the Franklin Park Zoo, how to research your family tree, a look at what happens to kids who are aging out of the state child care system, education outreach efforts by Massachusetts Muslims since 9-11, how a year of national service between high school and college benefits the country, how reading and writing of poetry can engage students of any age

6. ECONOMY
Efforts to protect homeless people and move them into permanent housing, why buying locally produced ingredients is good for the economy, how a new green based economy can prevent a possible catastrophe with our climate, the economic benefits of the city's shared bicycle program, the innovative program to train mentally and physically disabled people to thrive in the job force, the burgeoning beer industry in Boston and New England
7. PUBLIC SAFETY
A look at Boston's homeless population and efforts to protect them, the laws dealing with bullying and reporting child abuse, the security efforts in place surrounding the upcoming Boston Marathon after the bombings last year, why are Universities not doing enough to combat the epidemic of rape on college campuses,
8. GOVERNMENT
The impact of Massachusetts autism insurance legislation, legalized gambling in Massachusetts, an update on efforts for an international ban on nuclear weapons, an update on the local and national efforts in the fight to find a cure for Alzheimer's, how the state is mandated to protect children at risk, a look at the history of gay rights in Massachusetts, an update on the civil wars in Syria and Ukraine, whether government can legislate healthier eating habits for young children
9. PSYCHOLOGY
New research on autism and its causes, how sleep disorders are diagnosed and treated, the effects of bullying, the psychology of scent, the latest treatments for people suffering with Alzheimer's, psychological benefits of working out, the psychological impact of hoarding, the latest strategies to cope with alcohol and drug abuse, new therapies to combat depression, anxiety and stress
10. TECHNOLOGY
The technology behind why this year's marathon will be the most monitored and safeguarded ever, new technologies to detect and heal heart diseases, how a global initiative can prevent a possible catastrophe with our climate, the newest technologies to fight breast cancer, how the Internet has led to a culture of celebrity unlike anything the world has seen

National Guard: “A Storm To Remember”

Male 1: I remember the moment

Female: I remember the Moment

Male 2: I'll never forget that moment

Female: As long as I live.

Male 2: As long as I live.

Male 1: Several of us were working to save a family.

Male 2: The house collapsed on top of the cellar door. And trapped them.

Female: We had to use Humvees and heavy machinery to move massive trees and debris.

Male 1: We got them out

Male 2: We helped a lot of people out.

Male 1: It felt good to know, I could really make a difference.

Female: Because I'm a Citizen Soldier For the National Guard.

VO 1: Be there the moment your community needs you. Learn more, at National Guard dot com.

VO 2: Sponsored by the Massachusetts National Guard. Aired by the Massachusetts Broadcasters Association and this station.

National Guard: “My First Call”

Female 1: I’ll Never forget the...

Male: I’ll never forget that moment

Female 1: As long as I live.

Male: As long as I live.

Female 1: My first call ever as a member of the National Guard.

Male: When we got to the armory they briefed us on wildfires. They were getting dangerously close to homes.

Female 2: Helicopters were going up to drop water on the fires.

Female 1: Guys in the unit were preparing for firefighting. With local fire crews.

Female 2: At the moment, I got my first taste of just how important the guard is to my community.

VO 1: See how the guard can be an important part of your life. At National guard dot com.

VO 2: Sponsored by the Massachusetts National Guard. Aired by the Massachusetts Broadcasters Association and this station.
