

As you can see, the programming carried on KCRO is of a nature that is intended to help and inform people.

KCRO airs weather forecasts from meteorologist Matt Duncan and carries newscasts from SRN news. Dave Clark brings us local news on his program called "Heartland Viewpoint". The Emergency Alert System can break in to regular programming with important information from the National Weather Service including Amber Alerts. On Saturdays, we carry a program called "Southern Gospel Saturday" which brings a genre of music to the community which is not heard locally on the radio dial elsewhere.

Thank you for taking the time to read this Quarterly Report.
