Guest Laura DeSutter of non-profit [alternativproject.org](http://alternativproject.org) Discussing Alternativ's Business Essentials Programs which provides the education and skills training to inspire and equip individuals to start their own businesses. They learn concepts that they can apply to all aspects of their lives, outside of the labor market, such as goal setting, budgeting, and basic customer service, often soaking in material (in English or in Bilingual Programs) for the first time. They leave training ready to use what they've learned to take control of their lives and financial futures. Alternativ then provides the resources and consultation to ensure local leaders continue mentoring equipping their communities to succeed in starting or developing a new business.
