Guest Judy Southern

Topic – Teen Pregnancy

Guilford County has celebrated a gradual decline in the number of teen pregnancies since 1989. In 2007, Guilford County (tm)s teen pregnancy rate for ages 10-19 years of age was 31.7 per 1,000 females, down from 66.6 per 1,000 in 1989. A total of 1,036 teens between the ages of 10-19 became pregnant in 2007.

Topic - Filling up local food bank:

2nd Harvest Food Bank - Local Food Bank fundraising. Since the economic downturn, Second Harvest Food Bank of Northwest NC has seen the number of people coming to our partner agencies grow from 135,000 people to nearly 300,000 people. One-third of those we are helping are children. Many who are now seeking food assistance never imagined they'd have to turn for help to feed their families.
