Dear Sir/Madam:

Station WKBT (TV) in La Crosse, WI holds a Federal Communications Commission (“FCC”) license to operate digital television facilities on TV Channel 8. We have obtained FCC approval to modify these facilities to operate at higher power on its TV channel. We have identified your health care facility as one that will be potentially affected by these new operations, which will use the following technical parameters:

Frequency:	180Mhz-186Hz (RF Channel 8)
Antenna Location:	44' 05' 28.00" N 91' 20' 17" W (NAD 83)
Antenna Height	464.9 meters
(Radiated Center):	722.5 meters above mean sea level
ERP:	38.7 kW
Targeted On-Air Date:	No later than October 21st, 2023

For a period of up to 20 days after commencing operations, should we become aware of any instances of your medical devices malfunctioning or of such devices being likely to malfunction due to WKBT-TV’s operations, we will cooperate with you so that you are afforded a reasonable opportunity to resolve such interference problems. Should you have any concerns or should you require any additional information please direct inquiries to my attention at the telephone number listed above.

As this letter is only being sent to your main address, please inform all your potentially impacted locations including all known affiliates of this upcoming occurrence.

Sincerely,

/s/

**Cornell Health Services**  
**320 N 7th St**  
**Cornell, WI 54732**

Dear Sir/Madam:

Station WKBT (TV) in La Crosse, WI holds a Federal Communications Commission (“FCC”) license to operate digital television facilities on TV Channel 8. We have obtained FCC approval to modify these facilities to operate at higher power on its TV channel. We have identified your health care facility as one that will be potentially affected by these new operations, which will use the following technical parameters:

Frequency:	180Mhz-186Hz (RF Channel 8)
Antenna Location:	44' 05' 28.00" N 91' 20' 17" W (NAD 83)
Antenna Height	464.9 meters
(Radiated Center):	722.5 meters above mean sea level
ERP:	38.7 kW
Targeted On-Air Date:	No later than October 21st, 2023

For a period of up to 20 days after commencing operations, should we become aware of any instances of your medical devices malfunctioning or of such devices being likely to malfunction due to WKBT-TV’s operations, we will cooperate with you so that you are afforded a reasonable opportunity to resolve such interference problems. Should you have any concerns or should you require any additional information please direct inquiries to my attention at the telephone number listed above.

Station WKBT (TV) in La Crosse, WI holds a Federal Communications Commission (“FCC”) license to operate digital television facilities on TV Channel 8. We have obtained FCC approval to modify these facilities to operate at higher power on its TV channel. We have identified your health care facility as one that will be potentially affected by these new operations, which will use the following technical parameters:

Frequency:	180Mhz-186Hz (RF Channel 8)
Antenna Location:	44' 05' 28.00" N 91' 20' 17" W (NAD 83)
Antenna Height	464.9 meters
(Radiated Center):	722.5 meters above mean sea level
ERP:	38.7 kW
Targeted On-Air Date:	No later than October 21st, 2023

For a period of up to 20 days after commencing operations, should we become aware of any instances of your medical devices malfunctioning or of such devices being likely to malfunction due to WKBT-TV’s operations, we will cooperate with you so that you are afforded a reasonable opportunity to resolve such interference problems. Should you have any concerns or should you require any additional information please direct inquiries to my attention at the telephone number listed above.

As this letter is only being sent to your main address, please inform all your potentially impacted locations including all known affiliates of this upcoming occurrence.

Sincerely,

/s/

**LE Phillips Treatment Center**  
**2661 County Hwy I**  
**Chippewa Falls, WI 54729**

Dear Sir/Madam:

Station WKBT (TV) in La Crosse, WI holds a Federal Communications Commission (“FCC”) license to operate digital television facilities on TV Channel 8. We have obtained FCC approval to modify these facilities to operate at higher power on its TV channel. We have identified your health care facility as one that will be potentially affected by these new operations, which will use the following technical parameters:

Frequency:	180Mhz-186Hz (RF Channel 8)
Antenna Location:	44' 05' 28.00" N 91' 20' 17" W (NAD 83)
Antenna Height	464.9 meters
(Radiated Center):	722.5 meters above mean sea level
ERP:	38.7 kW
Targeted On-Air Date:	No later than October 21st, 2023

For a period of up to 20 days after commencing operations, should we become aware of any instances of your medical devices malfunctioning or of such devices being likely to malfunction due to WKBT-TV’s operations, we will cooperate with you so that you are afforded a reasonable opportunity to resolve such interference problems. Should you have any concerns or should you require any additional information please direct inquiries to my attention at the telephone number listed above.

As this letter is only being sent to your main address, please inform all your potentially impacted locations including all known affiliates of this upcoming occurrence.

Sincerely,

/s/

**Olmsted Medical Center**  
**403 W 4th St**  
**St Charles, MN 55972**

Dear Sir/Madam:

Station WKBT (TV) in La Crosse, WI holds a Federal Communications Commission (“FCC”) license to operate digital television facilities on TV Channel 8. We have obtained FCC approval to modify these facilities to operate at higher power on its TV channel. We have identified your health care facility as one that will be potentially affected by these new operations, which will use the following technical parameters:

Frequency:	180Mhz-186Hz (RF Channel 8)
Antenna Location:	44' 05' 28.00" N 91' 20' 17" W (NAD 83)
Antenna Height	464.9 meters
(Radiated Center):	722.5 meters above mean sea level
ERP:	38.7 kW
Targeted On-Air Date:	No later than October 21st, 2023

For a period of up to 20 days after commencing operations, should we become aware of any instances of your medical devices malfunctioning or of such devices being likely to malfunction due to WKBT-TV’s operations, we will cooperate with you so that you are afforded a reasonable opportunity to resolve such interference problems. Should you have any concerns or should you require any additional information please direct inquiries to my attention at the telephone number listed above.

As this letter is only being sent to your main address, please inform all your potentially impacted locations including all known affiliates of this upcoming occurrence.

Sincerely,

We have identified your health care facility as one that will be potentially affected by these new operations, which will use the following technical parameters:

Frequency:	180Mhz-186Hz (RF Channel 8)
Antenna Location:	44' 05' 28.00" N 91' 20' 17" W (NAD 83)
Antenna Height	464.9 meters
(Radiated Center):	722.5 meters above mean sea level
ERP:	38.7 kW
Targeted On-Air Date:	No later than October 21st, 2023

For a period of up to 20 days after commencing operations, should we become aware of any instances of your medical devices malfunctioning or of such devices being likely to malfunction due to WKBT-TV’s operations, we will cooperate with you so that you are afforded a reasonable opportunity to resolve such interference problems. Should you have any concerns or should you require any additional information please direct inquiries to my attention at the telephone number listed above.

As this letter is only being sent to your main address, please inform all your potentially impacted locations including all known affiliates of this upcoming occurrence.

Sincerely,

/s/

**Western WI Urology**  
**3217 Stein Blvd**  
**Eau Claire, WI 54701**

Dear Sir/Madam:

Station WKBT (TV) in La Crosse, WI holds a Federal Communications Commission (“FCC”) license to operate digital television facilities on TV Channel 8. We have obtained FCC approval to modify these facilities to operate at higher power on its TV channel. We have identified your health care facility as one that will be potentially affected by these new operations, which will use the following technical parameters:

Frequency:	180Mhz-186Hz (RF Channel 8)
Antenna Location:	44' 05' 28.00" N 91' 20' 17" W (NAD 83)
Antenna Height	464.9 meters
(Radiated Center):	722.5 meters above mean sea level
ERP:	38.7 kW
Targeted On-Air Date:	No later than October 21st, 2023

For a period of up to 20 days after commencing operations, should we become aware of any instances of your medical devices malfunctioning or of such devices being likely to malfunction due to WKBT-TV’s operations, we will cooperate with you so that you are afforded a reasonable opportunity to resolve such interference problems. Should you have any concerns or should you require any additional information please direct inquiries to my attention at the telephone number listed above.

As this letter is only being sent to your main address, please inform all your potentially impacted locations including all known affiliates of this upcoming occurrence.

Sincerely,

/s/
